KNOWS MI-O-NA WILL CURE.

S. Krumrine Has Such Faith in This Great Dyspepsia Remedy That He Guarantees It.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not cure. Yet this is the way S. Krumrine, the popular druggist, is selling Mi o na, the standard dyspepsia remedy.

Never before has he had so large a number of customers tell him that a medicine has cured as with Mi o na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health, solely due to the use of this remedy.

There is no longer any need of any one suffering or making their friends suffer on account of dyspepsia, for Mi o na can be relied upon to cure. The percentage of cures is so nearly one hundred per cent. that there is little risk to S. Krumrine in guaranteeing to return the money if the medicine does not cure, and he stands ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears and all forms of liver trouble are cured by Mi o na, price \$5. A few days treatment shows considerable gain in health and a cure speedily follows.

These days are the best in the whole year for the enjoyment of good health. And Mi o na will put you in such perfect condition that you can enjoy every minute of them.

A DODGER.

The Phillipsburg Ledger, lauding statesman Womelsdorf of that town as a fit subject to be put on the republican ticket for assembly, says of Phil. :

"His record for courage and integrity when at Harrisburg before is a matter of history and will make him easily the strongest man who can be named."

Yes, his "courage" was wonderful; when he was a member he dodged some very important votes, yet was present as others balloted slow. Wonderful statesman, that Phillipsburg Phil.

—Mr. and Mrs. Robt. F. Hunter returned on Tuesday from Philadelphia where their little daughter underwent an operation for a growth on the glands at the neck. She is rapidly improving.

—Rev. and Mrs. Christine, of Guysville, Ohio, called at the Democrat office yesterday morning having just arrived from Ohio to visit their daughter, Mrs. J. D. Moore, at Centre Hall, where the Reverend was pastor of the Presbyterian charge several years. They are in excellent health and pleased with their Ohio home.

AN EYE OPENER TO DOCTORS.

Any doctor that can't cure all female diseases without an examination should have his diploma taken from him and himself dropped out of sight. I have a remedy of my own manufacture, that will cure all female diseases and I don't care how long standing. I can prove that it has cured women fifteen years ago and are cured yet; and the charges are small. The medicine can only be gotten of me at Howard. I will cure one hundred women free, that is poor women, the rich are able to pay. My place of business is at Howard where you will find me at any time. No examination required, by any means.

I have traveled fifteen years and I haven't found one woman that was cured of female diseases by any patent medicine or doctors medicine only what my medicine cured. Doctors say: "that typhoid fever can't be broken, but has to run its time." I have a remedy of my own make that will break up typhoid or any fever in thirty minutes. My medicine positively contains no mineral poison. No doctors need apply, neither will any medicine be sent out.
