NOT A PATENT MEDICINE.

Hymel, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hymel with patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hymel gives its formula to all reputable physicians.

Is it not foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease of the respiratory organs is to breathe Hymel.

This treatment has been so successful, curing 99 per cent. of all who have used it that Hymel is now sold by S. Krumrine under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hymel. If it does not possess unusual powers to cure, it could not be sold upon this plan.

Our base ball club went to Martha on Saturday and flattened out the Martha team to the time of 19 to 3 in favor of the U. B. C. At the close of the game one of the Marthas tried to hide behind a bean pole while our boys came home singing the battle cry of freedom.

Misses Lizzie Brugger, Margaret Bottorf, Flora Brugger and Paul Rumberger chaperoned by Wm. Resides, left for Benner's Run on Tuesday where they will go into camp beside the beautiful spring, and expect to remain several weeks. To protect themselves from wild animals or any roving bands of Indians, the girls provided themselves with an extra large hat pin. Master Paul took a pop gun and pistol while soldier Billy took with him a pair of Gatling guns which he planted on the parapets just outside the camp. To prevent their butters from becoming rancid and their meats from becoming tainted they simply rolled the same in a copy of the Centre Democrat. They anticipate an enjoyable time, and expect to bring home as trophies the scalps of wild animals rattlesnake skins, etc.

The Fillmore Hoosier, that came to Julian last week for a cigar had never been away from that delightful city before and he was so taken with that box car at Julian that he hadn't eyes for anything else, as it was the first one he had ever seen and the stores too were such a novelty to him, but I believe they have one two cent cigar store in Fillmore.

The "Unionville" were very jubilant over their victory over the Martha boys last Saturday afternoon. They looked quite different from that of last summer when they went home looking like sick kittens, and acted like babies, but of course we looked over it as we knew they couldn't help it.

Good time for every one to pick cherries now. They seem to be plenty in this section.

Roland McKenzie is visiting his mother at this writing.

The Fillmore scribe who passed through our town and could not see it for a box car must have started from a place not so dry as ours, or he would not have failed to note which side of the train the box car stood on.

Lizzie, wife of A. P. Stevens, died at her home in Ramey, June 22, of cancer, aged 58 years and 4 months. The deceased was a patient sufferer of that dread affliction for two years, bearing it with christian fortitude. Near the time of her death ended her 42nd year membership in U. B. church in which she was a consistent worker; her maiden name was Melcher, a daughter of John and Christina Melcher, late residents of this place. She leaves to mourn her death, a husband, three brothers and three sisters. Interment was made Saturday, June 25, in the Mt. Pleasant cemetery. Rev. Free, Pastor of the U. An incident occurred at the festival on Saturday night the 18th. It was amusing to those who witnessed the action of two young ladies of Bellefonte. A married man began gazing at the ladies and making sport of them, but also; poor fellow gave up the fun making, not of his own accord. One of the ladies grabbed the buggy whip with the determination of subduing the intruder and did it in good style, using the whip for all that it was worth. Married men should be careful in public places—should be seen and not heard. We will not give the name, as the man did not expect his fun would terminate in the channel it did. You must know the irate female has the nerve to defend herself.

Mrs. Rhoda Brenkman and son, of Millin county, arrived home to visit her parents, Tobias Green, and wife.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional treatment, Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NATURE'S OWN REMEDY.

Mi-o-na No Ordinary Remedy, Guarantee Best With Every Box.

The unusual way in which S. Krumrine one of Bellefonte's most reliable druggists, sells Mi-o-na, emphasizes the fact that this remedy possesses unusual merits. The guarantee that he gives with every package is plain and positive—"If Mi-o-na does not cure you of dyspepsia, I will return your money."

Mi-o-na contains remedies that soothe and heal the inflamed lining of the stomach. It helps digestion and thus relieves the digestive system of work and strain. It gives pure, rich blood and strengthens the nerves, so that the whole system is built up and vitalized while the dyspepsia is being cured.

Mt. Eagle.

The people in this neighborhood are all able to be on their feet. We had some sick until Johnston's sarsaparilla was introduced here; since the people are using it they say it makes them feel good and gives them a good appetite. Now if the complaint don't make the times too hard so they can get enough to eat.

The Penna railroad company have put their trackmen on four days per week and eight hours a day, just so they can hold them and keep soul and body together.

The corn is coming on nicely. We don't think there will be any wheat out on the Fourth of July as it looks very green yet, the hay is about two weeks later than last year. The oats look as though they would make a good crop in this valley.

Novel of the Year.

The most competent judges have pronounced "In the Bishop's Carriage" the most original novel of the year.

It is a tale about flesh and blood people; a story for men and women.

"Uncle Joe" Cannon, Speaker of the National House of Representatives, is most enthusiastic in his praise of Miss Miriam Michelson's book.

The story is something absolutely new in the literary line—a theatrical romance that abounds in thrilling situations interwoven with genuine humor and human markably good that the Sunday North American of Philadelphia has secured exclusive right to publish it in this territory, and will print the first instalment next Sunday, June 26th, with illustrations worthy of the story.

Many a man who eats pie with a knife cuts coupons with shears.

Few men who say "Honesty is the best policy" believe it.

We like best to call

SCOTT'S EMULSION

a food because it stands so emphatically for perfect nutrition. And yet in the matter of restoring appetite, of giving new strength to the tissues, especially to the nerves, its action is that of a medicine.
