

BELLEFONTE AND VICINITY

The Local Happenings Condensed in Short Paragraphs

EVENTS WORTHY OF MENTION

What Has Transpired at the County Seat—Movements of Our People—Personal and Social Events—Local Items Always Desired.

James Shook preached at Jackson-ville, Sunday. Mrs. Wm. Sayers, of Howard, gave our sanctum a call. Miss Louisa Armor left on Friday to visit relatives in Ohio. Chas. McCafferty, of Philadelphia, is visiting friends in town. Wm. Long and wife, of Howard, gave our sanctum a pleasant call. Charles Rine is confined to his home on Thomas street with pleurisy. Mrs. Hannah Ayers is spending the summer at the home of Dr. Laurie. Mrs. George Grim is on a month's visit to friends in Rochester and Pitts-burg. Mr. and Mrs. James Noonan and children are visiting friends in Tioga county. James McKee and Harrison Whip-pio, of Wilkingsburg, are visiting Belle-fonte friends. Miss Stella Snyder left for Snow Shoe where she will spend the summer for the benefit of her health. Miss Lillian Hindman, of Sistersville, West Virginia, is visiting Mr. and Mrs. L. B. Hindman on Curtin street. Mr. and Mrs. William Keller and little son, of Lancaster, Pa., are guests at the home of Harry Keller, Esq. The Roosevelt Club of the West ward are preparing to hold a monster festival on Saturday evening, July 30. William P. Smith and family, of this place, have located in Jersey shore where they have opened a fine photograph gallery. Mrs. W. L. Daggett and their chil-dren, Boynton, Randolph and Frederick went to Tioga county to remain for the summer. Haymaking and harvesting are in full operation this week. Some wheat was cut last week in different parts of the county. Miss Marie Walsh, who has been taking music lessons from Miss Mar-garet Leave, Philipsburg, arrived home at Bellefonte.

Mrs. William Thomas and little daughter, and Miss Nellie Call, of Jersey City, N. J., are guests at the home of Mr. and Mrs. Isaac Thomas. Miss Annie Fox is taking in the sights at the World's Fair and from there will continue her journey to Newton, Ks., and other points of the west. E. T. Letzinger, a printer who at differ-ent times worked in Bellefonte offices, died in the Williamsport hospital last Friday. He fell from a trestle and in-jured his back, one night and died from the injuries. Before leaving for Dryden, Cal., E. A. Hampton, of Snow Shoe, paid us a call to say good by. He expects to en-gage in the lumber business in that state where there are some fine forests. Mr. Hampton leaves many friends in Centre county who are sorry to hear of his departure. R. B. Freeman, W. H. Scullin, H. B. Calderwood, W. L. Hicks, Esq., G. J. Gibbs and Samuel Graham and their families, Mrs. J. S. Brooks, Misses Helen Brooks and Madge Sholly, of Tyrone; C. E. Rowland and family, of Phillipsburg; Mrs. W. M. Lincoln, of Trinidad, Col., and Miss Edna Shultz, of Salt Lake City, Utah, comprised the party which left Tyrone last Thursday for Hecla Park, Centre county, where they will spend this week. There is some rivalry among of-ficials as to where the will of the late E. J. Pruner shall be filed. In Blair county they insist that it is the proper place. In Centre county there is a disposition among heirs to have the will put on record here; at the last session of Tyrone's boro council a resolution was adopted opposing the recording of the will in Centre county as Mr. Pruner was a citi-zen of that town. Thus far nothing de-finite has been done. The other day a retired farmer came to our office and narrated how a certain Bellefonte man came to him recently and explained how he was in pressing need for a few days, and asked to ex-change checks, as he would have funds in three days. The farmer generously favored him, and to this day there has been no money in bank to meet the check and no hopes either of getting it. The farmer also finds that there are scores of similar dupes like himself, worked by this scoundrel, who is a pro-fessing christian (?) and prominent church-worker. Our advice was solicited and we urged him to kick "skillets of blue mud" out of the dirty stinker the first time he crossed his path. This notorious rascal and beat has been im-posing on the good people of Bellefonte entirely too long, and we doubt if a jury would convict anyone for giving him this form of treatment.

TROUT FISHING SEASON CLOSES WITH THE END OF THIS MONTH.

The Bellefonte Methodist Sabbath school hold their picnic at Hecla Park today.

The bricklayers will be able to com-mence work on the Y. M. C. A. gymna-sium walls this week.

Dr. and Mrs. Geo. F. Harris, Miss Caroline Valentine and Miss Adaline Harris are sojourning at Cape May.

Several communications arrived by mail too late for our issue last week. That will explain why they did not ap-pear.

Company B will leave here Friday morning to participate in the encamp-ment of the N. G. of Pa., at Gettysburg next week.

As a rule life insurance agents are after the people, in some instances the reverse is the case—the community is after the agent.

Irvin Werts, of Houserville, accom-panied by his father, while on their way to Dunganville, Pa., near Warriorsmark, paid our office a pleasant call on Tues-day.

Walter Clark, who for the last year has been foreman in the office of the Bellefonte Republican, has accepted a position on the DuBois Journal and has moved there.

Miss Katherine Musser, a graduate of the Bellefonte High school, has ac-cepted the position of stenographer for Noah H. Swayne, the new manager of the Nittany furnace.

A thermometer hanging in the shade by our office, on Monday after-noon pushed the mercury up to 97 de-grees and yet we managed to keep cool. It was the warmest day of the year.

A band tournament will be held at Philipsburg on September 5th, which is Labor Day, and continue three days. About sixteen bands will compete for prizes, one of which is the Coleville band of this place.

Miss S. Elizabeth Gettig, a profes-sional nurse of Braddock, Pa., spent a week's vacation with Centre county relatives, and before returning visited her brother, S. D. Gettig, Esq., and paid our office a pleasant visit.

The Bellefonte Roosevelt club will hold their festival on Saturday evening, July 30th, on Thomas street. This is the club that does not allow Wash Reese, or any other rooster, to boss over it. It will be in order for Reese to get up a picnic for his outfit.

There is no occasion for men to be idle as present when farmers are in need of extra help during haymaking and harvesting. Every day farmers are in town looking for help, and it has had no visible effect in diminishing the quota of loafers on the court house steps.

A party of Bellefonte youngsters are camping along Spring creek this week having a good time. Their camp was invaded on Mon. ay night by a grown bair and its cub, which caused little con-fusion. By the latter we refer to father John Bair, the south ward mail carrier, who went up to see his son—that was all, and naturally no one would become un-duly alarmed by his presence.

Burgess Harrison Walker has signed the new Water Ordinance, passed by council. It is one of the most elaborate productions ever enacted by our council and will require a scholar and expert to read and comprehend. We hope it is alright, only we think there is a useless amount of verbage in it—it is longer than the Constitution of the United States, and more exacting than the De-claration of Independence, but if it will improve the water service, stop leaks and grafting we say good.

At council meeting Monday evening very little important business came up. The Logan Fire Company asked per-mission to hold a street carnival sometime during August; referred to street com-mittee. It was decided to continue the stone wall on South Water street, by which the grade will have some changes and curves eliminated. The boro will have the work done with John Noll to superintend the masonry. The mill-age for street purposes was fixed at 5 mills. J. Kennedy Johnson was ap-pointed to collect water tax.

Struck by an Engine. Tuesday afternoon on the Nittany Val-ley siding leading to the Nittany Furn-ace, engine No. 1 from the Central Railroad of Pennsylvania in charge of Engineer Wm. T. Royer was going down to the Nittany furnace and when near the school house at the forge, two little boys were playing. They did not hear the approaching engine until it was almost upon them. One of them succeeded in getting off the track, but the other McKinley Heaton, the five year old son of Emory Heaton, was struck and knocked from the track in-flicting serious and probably fatal in-juries. He has a fracture at the base of the skull, is considerably bruised about the body and is probably injured inter-nally. His chances of recovery are doubtful.

Will Picnic at Hecla. The Sunday school of St. Lukes Re-formed church Lock Haven together with the Reformed Sunday schools of Bellefonte and Nittany valley will pic-nic at Hecla park on Wednesday, Aug. 3rd. It is expected that the attendance at this union picnic will be large.

Gathered From Centre and Ad-joining Counties

SHORT AND TO THE POINT

Events That Have Transpired Recent-ly and Worthy of Mention—Items of Interest for all—Doings of Neighbors

Joel H. Herb, of Wolf's Store, cele-brated his 87th birthday on the 2nd inst. The Milesburg fire company's big time will be next Saturday night, the 23rd, dont forget that.

County superintendent C. L. Gramley will hold the county institute during the month of November, this year.

Rev. J. A. Bright, of Kansas, who at-tended his mother's funeral at Aarons-burg, is visiting friends in the county.

The State College rural mail carriers received notice from Washington, that their wages had been increased from \$600 to \$666 a year.

Ira R. Stover, of Centre Hall, and Lottie G. Zeigler, of Howard, were united in marriage, July 19, at Hublers-burg, by Rev. H. I. Crow.

A convention of the Luther Leagues in this district will be held in the Lutheran church at Centre Hall, beginning Mon-day evening, July 25th and lasting until Tuesday evening, the 26th.

The Epworth League of Fillmore will hold an ice cream and cake social in the M. E. church yard, at that place, on Saturday evening, July 23. All are in- vited to come and have a good time.

Former Centre countians, now resid-ing in DuBois or anywhere in the section of Clearfield county, are organizing themselves into a club the purpose of which is for occasional meetings and picnics.

It is reported a half dozen persons, fishing illegally with nets, were arrested near Coburn last week, by state warden Crisswell and two other wardens, and given a hearing before Esq. Cal. Weaver and fined.

John Erb has exchanged his Eagle hotel in Philipsburg for the Railroad re- staurant conducted by Frank Test; D. W. Holt being the owner of the latter property. Mr. Test will move into the hotel and run it in the future.

Paul, a three-year-old son of George Erhart, on the J. T. Potter farm, above Centre Hall, was badly gored by a cow in the barn yard a few days ago. The cow's horns caught him in the face near the mouth causing an ugly gash which required several stitches to fix it up.

Prof. John A. Hunter, an instructor in the engineering department at Pennsylv-ania State College, has accepted a pro-fessorship in the University of Colorado, at Boulder, Colorado, and will go west for the opening of the fall term. He is a son of Capt. J. A. Hunter, of Storms-town.

Harry Nearboof, aged about 23 years, whose parents reside at Stormstown, on Wednesday 13, about noon while help-ing haul hay on the farm of his grandfather, Ekopher Houck, at Centre Line, fell from a load of hay to the floor of the barn, alighting on his head, one side of which was badly crushed. The hurt is a very severe one, and may prove fatal.

It is the same old story: Thursday, on the way to the mountain for huckle-berries, not far from Philipsburg a lad named Joseph Williamson, accompanied by other members of the family, met George Laws, a young lad from Pitts-burg on a visit. He joined them, and while showing a revolver he had with him, the weapon was accidentally dis-charged, the bullet hitting young Wil- liams in the head. The ball did not produce a serious wound.

Prof. L. O. Packer, of Turtle Creek, Pa., is spending a brief vacation at his former home, near Romola. We are glad to hear of his success, as we clip the following from the Tribune, published at Turtle Creek, Pa: "Prof. L. O. Packer president of the Westinghouse night school was elected assistant principal. Prof. Packer is regarded as one of the brightest and most efficient instructors in this part of the state. He is said to have few equals in mathematics, which will be one of the branches under his charge."

Killed at Mackeyville. Robert C. Eldred, of near Mackey-ville, was accidentally thrown from a load of grain last Saturday evening; the front wheel passed over his head and left arm crushing both badly and killing the un-fortunate man instantly. He is survived by two sons, George B., of Altoona, and Leroy C., who is married and occupies the homestead farm and with whom Mr. Eldred has been living, his wife having died a couple of years ago in Altoona.

On another page of this issue will be found a three-column biography of the Democratic nominee for Vice President, Henry G. Davis, of West Virginia. The article is timely, as it contains all the important events in the career of a man who has been a success in business and attained prominence in public life. He is a man who commands the highest re-spect and brings strength to the ticket. The article is worth your attention.

ADJOINING COUNTIES

Methodist Day at Lakemont Park, near Altoona, will be August 4th. The Lock Haven school board has de-cided to shorten the regular nine months term of school to eight months this year in order to cut down the \$60,000 bonded indebtedness of the district. The tax levy is ten mills.

Two cases of lock jaw have been suc-cessfully treated at the Altoona hospital within a very few months. The last one was taken to the institution about two weeks ago with his jaws as rigid as they could be made by death, but they are now working all right.

The Huntingdon Monitor, the only democratic paper in that county, which suspended publication five months ago, will appear again Thursday, July 21st. Mr. J. C. Dimm, late editor of the Doylestown Daily Democrat, having purchased the plant, will endeavor to make a suc-cess of it.

The property of the Philipsburg Elec-tric Light Company was purchased on Saturday by the stockholders of the electric trolley road at that place, who expect to combine it with their power plant and will enlarge their facilities to furnish light for adjoining towns of Hawk Run, Winburn, Allport, Morrisdale, and other points along their lines.

Between Petersburg and Barree, an axle of a car about the middle of a coal train broke, wrecking and throwing the car with three others over an embank-ment, then the gap in the train closed and the automatic couplers promptly acting the train went on its way, the crew knowing nothing of the accident until half an hour later, when the train was again wrecked, three cars being smashed.

Ex Postmaster C. W. Scott, of Wil-liamsport, was getting on the train at Tyrone last Thursday when he reached the platform and started for the coach the door of the car slammed shut catch-ing one of the fingers of his left hand and cutting the same off as clear as though it had been done by a knife. The trainmen picked up the piece of finger as it fell to the floor.

Dr. Warren, the pure food commis-sioner, has given notice that no more violators of the pure food laws will be permitted to settle by the payment of a fine. This policy has been taken in conse-quence of the bad faith with which cer-tain parties have acted. After having secured their release by paying a fine, they continue to violate the laws the same as before, evidently supposing that they would not be molested again for at least some time.

The causer worm has been making de-predations on the oak, chestnut and maple trees on Bald Eagle Mountain, Huntingdon county, and the leaves on the trees on three square miles of the mountain have been practically destroy-ed. State Economic Zoologist Surface returned from the mountain where he went to investigate the ravages of the worm and take steps to prevent the spread of the pest to the State reserve on Tussey mountain. He says the worms have gone into the ground and will ap-pear next year as winged insects. The department of Zoology will endeavor to kill the pest in the ground so as to pre-vent its appearance next year.

The republican party has revised the tariff ten times since the war, and every-time the duty 'was raised. That is why they call themselves the "Friends of the Tariff." Owing to the tariff on paper and wood pulp, and all the mills being in the trust, we now must pay at least \$500 more per year for paper to print the Centre Democrat than former-ly. Republican papers have the same experience, but they don't have the courage to kick. What happens to us, is the experience along all other indus-trial lines. Why people howl for "tariff" when they know that it is the means of robbing them, is past our comprehension. Nevertheless, it is a fact.

DURING the past week an important conference of prominent democrats was held at the home of Judge Parker. Many influential leaders, who in recent years held themselves aloof from the party organization, were in attendance ready to do anything possible for the success of the ticket, and as a result Democratic hopes are flattering. The candidacy of Judge Parker seems to have won the support of the conserva-tive business men, who do not approve of "Rough Rider" tactics in the White House. Teddy is doomed.

A Severe Will. Millionaire Samuel P. McCalmont, of Franklin, Pa., who died last week, cut off in his will all those members of his family who indulge in the use of tobacco in any form or quantity. The entire estate is placed in the hands of executors who are to divide the proceeds annually among only those of the children who are total abstainers from the use of to-bacco and drink.

A HINT TO GROSVENOR. Agricultural reports indicate that the grape crop this year will be the largest in the country's history. Now, step up General Grosvenor, and claim credit for placing appendicitis within the reach of the humblest citizen.—Washington Post.

LEGAL INTELLIGENCE

MARRIAGE LICENSES. Bellefonte: Charles J. Wittmer, Nannie Poorman, Roland B. Shaffer, Nannie Johnson, Wm. F. Kerstetter, Bertie M. Lingle, Ira R. Stover, Lottie G. Zeigler, Clarence E. Poorman, Anna A. Beigtol, Claud Poorman, Elizabeth M. Walker.

John VanPelt, et al to Wilbur G. Hoover, May 23, 1904; piece of land in Philipsburg, \$2800. Wm. H. Miller, gdn. to D. S. McMill, et al May 6, 1904; land in Spring twp. \$6500. Adeline Graham, et bar to Mrs. Sadie C. Hile, Nov. 10, 1903; lots in Pleasant Gap. \$80. O. L. Schoonover to Lawrence Nugent, April 15, 1904; lots in Rush twp. \$100.

MEMORIAL SERVICES. On Sunday afternoon the annual Memorial Service of Gregg Post was held in their rooms at this place, which were appropriately draped with flags and flowers. Post Commander Emmanuel Noll conducted the exercises according to the memorial ritual of the order, in which the record of the following de-ceased comrades is given: John L. Kurtz, of Bellefonte, enlisted July 12th, 1864, as a private and served in the 1st battery with the 100 day men, and was mustered out Nov. 12th, 1864; died last January. Lott Struble, of Zion, enlisted Aug. 20th, 1862, in Co. H, of the 15th cavalry. His record is spotless and he served his country valiantly until he was mustered out June 21st, 1865; died December 19th, 1903. Colonel Geo. A. Bayard, of Bellefonte, enlisted as a private in Co. H, 2nd Pa Vol. 1861 and was in a long and hard service, about a year in Southern prisons; and mustered out June 1st, 1865; died July 7th, 1903. Addresses were delivered by Gen. James A. Beaver, Rev. John Wood and Col. Austin Curtin.

Barn Burned. Saturday evening, while the teams were in the field loading hay, flames were seen to break out of the barn on the M. L. Rishel farm, at Farmers Mills. So rapid was the spread that only a few implements were saved and seven hogs perished. The origin of the fire is un-known. Mr. Rishel had \$750 insurance on the building in the Grange Company, and his son Wm. who occupied the farm had \$1500 on the contents, in the Anville Company, of Lancaster.

Brakemen Laid Off. The middle-man, or jack-man as he is known by the railroaders, will be taken off of every freight crew, both on the Harrisburg and Altoona sides of the Middle division of the Pennsylvania Rail-road. 703 men will be put back on the extra list. This unexpected slash was re-ceived from the officials in Altoona Mon-day and will go into effect immediately. This change leaves but two brakemen to a train and as they are compelled to help the firemen for a specified distance, it will put more work upon them.

Pay Day at Altoona. Friday was pay day in the machine shops at Altoona. The pay for the three shops this month amounts to \$388,700. This amount shows a decrease of \$114, compared with the pay for the month of May, which amounted to \$502,700. The wholesale suspension is attributed to be cause of the small pay roll, and the pay for June is estimated to be the smallest this year.

More Men Laid Off. The reduction of train crews on the Beech Creek district still continues. Yes-terday morning three crews were laid off and 20 extra brakemen were given vacations. Twenty firemen have also been given leaves of absence.—Jersey Shore Herald.

More Men Laid Off. The reduction of train crews on the Beech Creek district still continues. Yes-terday morning three crews were laid off and 20 extra brakemen were given vacations. Twenty firemen have also been given leaves of absence.

—Rev. Wagner will preach in the Zion Lutheran church at 10 o'clock Sunday forenoon.

Two young Flemington boys, in order to have some fun, Monday placed a quantity of paper and dry grass into a cigar box and applying a match to the inflammable stuff, shoved it under the floor of the barn and ran away. For-tunately one of the family living on the premises happened to be in the barn at the time, and overheard the boys' con-versation. When he got out, the floor of the stable was already burning, and he quickly put out the flames. In the stable at the time was a cow, some chickens, a quantity of hay, next win-ter's coal supply and some wood. Al-though the boys are known, no arrests will be made.
