PLAIN TALK.

C. M. Parrish Makes it Plain As He Can.

A great many people cannot understand how Vin-te-na can cure catarrh when located in the head, where it is first noticed; but whether in the head, throat or stomach, Vin-te-na destroys the disease and makes you well. Catarrh is an inflamed condition of the mucous surface and is the same wherever found. Local treatment may give relief—Vin-te-na brings the cure. Mr. Parrish gives his personal guarantee with every bottle of Vin-te-na and if you are not satisfied with the results he will return your money. Get a bottle to-day.

The digest of the horrible murder in the jail, given by the Centre Democrat, was the most complete of any we saw reported. While reading it, one imagines he is sitting quietly by a canvass of moving pictures while the terrible tragedy, the escape, the pursuit, the capture, the return with the prisoners and their final incarceration, was moving before him.

Say, Charley, we had a dandy game of base ball in Will Alexander's meadow a short distance below town, between our regular team and a team of "pickups" on last Saturday; game called at 2:30 p. m., was hotly contested and at the close of the game stood 10 to 9 in favor of our regulars. The Japs, or Regulars, were: S. S., Ralph Van Valin, F. Blair Holtzworth, C. Harry Musser, J. B. Mont, Musser; 2 B., Raymond Van Valin; 3 B., Raymond Comley; R. F., Wm. Buck; C. F. Charley Holt; L. F., Arthur Van-Valin.

The Russians, or Pickups, were: S. S., Howard Holtzworth; P. Joe Stere; C., Homer Brisbin; J. B., Charley Holtzworth; 2 B., L. C. Sickler; 3 B., Seth Pratt; R. F., Jno. P. Harris, Jr.; C. F., George Stere; L. F., Paul Shipley.

The score by innings was:

Regulars, 0, 1, 3, 0, 0, 4, 1, 1, 0—10.

Pickups, 3, 1, 0, 1, 0, 2, 4, 0, 0—9.

David Logue was umpire and not a kick was made on any of his rulings. The crowd that assembled to witness the game was erroneously estimated at 500. Harris' bat must have had a hole in it as the ball seemed to pass through it. Sickler sent a star searcher to left field and was plucked off the atmosphere by Archy Van. Joe Stere left two high balls pass through his paws. Howard Holtzworth picked a sky scraper from the air. Redy Van made a dandy slide on third base; take it all in all, the game was really interesting and exciting.

It is a shame and disgrace that we have a set of young degenerates in our community who break into school buildings, and steal rings from harness and carriage lamps. These boys are from the country as our town boys are better bred and would not stoop to do anything so degrading. We would advise them to have some one read the penalty of such crimes to them, for if they will heed good advice, they may save themselves from looking out from behind prison bars.

KILLS GERMS OF CATARRH.

Hyomei Goes to the Root of the Disease and Makes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passages and increase and multiply. Hyomei is the only scientific and thorough way to cure catarrh. Killing the germs in the air passages, it enters the blood with the oxygen, destroys the microbes in the blood and effectually drives from the system all traces of catarrhal poison.

Probably the strongest evidence that can be offered as to the powers of Hyomei to cure catarrh is the fact that S. Krumrine will agree to refund the money if you say Hyomei has not cured you.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents.

Highvalley.

Our valley was shocked on Saturday when the sad news came that our great leader, Robert E. Pattison, passed into eternity—to be no more. Peace to his ashes.

The scribe was sorry to hear that Jerry Condo was so brutally murdered, but glad to hear that the rascals are caged to meet their doom; no mercy should be given them. If Sheriff Taylor has no rope to hang them with, I will send him my trail chain which I use to trail logs from the mountain, if that will be an accommodation, let me know.

We have no snow in our valley but have lots of shad creepers. Geo. Rider now has a car of lagoons ready to load and is waiting for shipping point.

J. B. has his wheat in the barn—so well so good—but is afraid his corn will ear in the ground; the scribe has no such a belief with his corn; he believes it may not ear at all, the stock is here and the tassel but the half crop don't show anything.

There is a particular rule to measure snakes; the rule is, measure from the tail to the head, then measure from the head to tail, then measure again from the tail to head; if 5 feet long then subtract the first measure, then the snake is 10 feet.

A scribe got a combing from a certain lady for sticking his nose in other people's business; after that he went in the fanning business and sold a lot at ten cents a fan.

John Weaver said if only the Coburn people would pen up their cows at night, as on Friday night a lot of cows were in his corn and damaged it to a great extent, and the cows belong to well fixed people; the scribe said it is a shame for such people to let their cows run at large to injure poor, hard working people—think of it so near harvest.

IS YOUR BACK ALLRIGHT?

If It Isn't the Chances Are That Your Kidneys Are Calling For Aid.

The kidneys are the most important of all the organs; they have more work to perform than any other, hence the necessity of heeding the first symptoms of their derangement. They filter or strain the blood, thus removing the impurities and poisons from this vital fluid. By keeping these greatest of Blood Purifying organs in good health, many diseases are prevented.

Pains in the back and loins are evidence that the kidneys are affected, and they in return will affect the Nerves, causing nervousness, sleeplessness, restlessness, irritability, etc. Infrequent or too frequent urination excessive, painful or scanty urinary passage are all conclusive proof that the kidneys need assistance.

For any of these troubles Rines Kidney Pills are a positive cure and for them to fail to do what they were designed to do would be like reversing the law of cause and effect. These pills are sold and guaranteed at Krumrine's Drug Store. If you are not benefited you get your money back by asking for it.
