Edgar Mack has returned from South Dakota. Prof. S. Ward Gramley, of Spring Mills, has been selected principal of the Centre Hall High school. The Hemphill home at Centre Hall was sold to D. W. Bradford, of this place. This property consists of two lots. Streams are low; Sinking Creek in Potter twp., is close on to dry. Other creeks are also low throughout the county. Cyrus Luse has the frame work of his large new residence at Tyrone ready for the roofers. He was formerly of Farmers Mills. The Ladies' Missionary society of the Presbyterian church of State College will hold a lawn fete on the grounds at the church on Tuesday evening, Aug. 23. Mrs. Jesse Wert, aged 60 years, while attempting to pick pears from a tree at her home in Aaronsburg, became dizzy and fell off the tree, breaking her collar bone. A festival will be held at the Pleasant Hill school house, near Fillmore, Saturday evening, August 20, by the ladies of the Evangelical church. All are invited to come. David Behres, of Benore, celebrated his 77th birthday anniversary, Sunday 7th. All his children and grandchildren, to the number of twenty-five, were gathered around the dinner table. Lightning struck a tree on the farm of Wm. H. Weaver, south of Murray's school house, in Gregg township last week, and killed five milch cows and two bulls that had taken shelter there. J. P. Aikens, brother of Rev. C. T. Aikens, of Pine Grove Mills, has been appointed manager of the lines of the United Telephone Company for the counties of Perry, Juniata, Mifflin and part of Snyder. The picnic of the ex-Centre county residents of Blair county, at Glasgow's grove, near Bellwood, on Saturday, August 20, will doubtless attract a large gathering and it will be an occasion of interest and enjoyment. J. A. Fiedler has severed his connection with the DuBois Morning Journal and gone to Williamsport, where he will remain until the fall term of school opens, when he will become principal of one of the schools at Milesburg. The Reformed people at Houserville will hold an ice cream festival in the school yard adjoining the Houserville church, Saturday evening, Aug. 20th. Proceeds for church repairs. The Le-mont band will furnish the music. Miss Minnie Kline, of Oak Hall, left for Altoona on Saturday to visit her sister and also to see her new nephew at the home of her brother-in-law, Wm. Kuhn and wife which came on Thursday; she will also visit her sister Mrs. George Bailey. This season the young bloods out at Snow Shoe are cutting the eyeteeth of all the ball teams that come that way. They have about a dozen different teams; the kids, the young men, the old men—all play ball, and some are at it every day in the week, Sunday included. Practice makes perfect, and that accounts for all this phenomenal success. On Monday a stranger entered the store of Charles Zeigler, at Manson, and asked to have a \$20 bill changed. On examination, Mr. Zeigler discovered that the piece of money was a two-dollar bill raised to a twenty by means of revenue stamps pasted thereon. The man was handed \$2 in change, which he took and skipped out before the authorities could apprehend him. Ammon P. Weaver, formerly of Wolfs Store, and Grace I. Markle of Hubersburg, were united in marriage August 11th by the Rev. H. R. Kreider of Pen-brooke, Pa. The groom is a son of Daniel Weaver of Wolfs Store and a graduate of Franklin and Marshall college, Lancaster, class 1902. After a tour to Philadelphia and Atlantic City, the young people will reside in Cornwall, Lebanon Co., where Mr. Weaver will hold a position as principal of the High school having eight schools under his care. The canning factory at Coburn is now in operation. In a section of the country like that where fruit and vegetables are in abundance, the enterprise should receive every encouragement as it will afford a good market and would make employment for many girls, boys and some grown persons during the canning season. Where there is a good market for fruits and vegetables farmers realize more from their land than they do by raising grain. An industry like this canning factory should be encouraged by all in that section. The Howard canning factory has started under favorable encouragement from the citizens of that vicinity and many acres have been planted with crops calculated for the cannery. Farmers should weigh well this hint.

Rumor has it that potatoes are threatened with rot. Corn fields have been suffering for rain this month. At Coburn station potatoes are delivered on board of cars for 35 cents per bushel. The Centre Democrat will be sent to any postoffice from now until the end of the year for 25 cents to any new address. That is about half price. It is now certain that this season the Centre county peach crop will not yield 10 per cent of a fair crop. Some of the large orchards do not have a peach. This climate does not seem to invite peach culture. There were various accounts in print last week concerning the immediate capture of Dominic Constance. The story published in this paper was correct in almost every detail. Some were badly twisted. Ex-Sheriff Cronister was badly injured by his team running off while working a binder, cutting oats, on his farm, near Martha. He was fortunate not to have been killed, as it was, he is considerably injured on his leg and arm, which will naturally lay him up for awhile. Work is progressing on the Millheim water works, but some difficult ditching has been encountered. The town will be fortunate in this longfelt want; with an abundance of mountain water convenient; the improvement, if had years ago, would have avoided much sickness resulting from impure wellwater. ADJOINING COUNTIES All the bridges, twenty-two in number, in Brady township, Clearfield county, were washed out during the recent heavy rains, and now a pretty stiff proposition faces the supervisors of the township. In Union county plums are so plenty that there is no sale for them. Every family has trees and they are abundantly loaded with plums. Over at New Berlin plums can be bought for 75 cents per bushel. Large shipments of rhododendron are being sent from Lewistown to New York, England and Scotland, the plants being used to beautify parks and large estates. Sheep growers of Mifflin county are glad to get rid of the rhododendron, as it is poisonous to animals that eat it. The fast mail train, No. 11, on the Pennsylvania railroad, made a record-breaking run between Harrisburg and Altoona Wednesday morning. The 132 miles were covered in one hour and thirty minutes. From Huntingdon to Altoona a mile a minute was maintained. The two sons of J. G. Packer, of Bald Eagle township, Clinton county, John A. and Wm. A., aged 18 and 14, are trying their luck at raising onions, having one-fourth of an acre of a splendid crop grown from the seed. They expect to get 75 bushels from this quarter of an acre and they will not be disappointed if there are many like two samples that were taken out. These two onions weighed one pound and one ounce. The management of the Erie Railroad company has issued an order that all one eyed men must be at once taken off the train service and, if retained in the employ of the company, put in places where eyesight does not enter into the responsibility of the position. Already several engineers have been transferred to other employment in obedience to the order because they had but one eye each. Every railroad has a rule prohibiting the hiring of one eyed men for train service, and now the Erie proposes to bar from such service all old employees thus afflicted. FAMILY REUNION The annual reunion of the Benner, Hamilton and Waddle families was held at the home of Mrs. Sarah Williams, near Axemann, on Thursday of last week. Among the notable persons present were the three oldest surviving members of the Waddle family, Mrs. Hannah Hamilton widow of the late James Hamilton 87 years old; Thomas Waddle, of Jersey Shore, aged 85 and Mrs. Sarah Williams widow of the late Mark Williams, 80 years of age. These were grandchildren of General Philip Benner on the mother's side, also the Misses Sallie and Belinda Benner, of Bellefonte, granddaughters of General Benner on the father's side. A most sumptuous dinner was served on the lawn and the day was delightfully spent in music and social intercourse and brief religious services. Among the guests were the following persons: Mrs. Sarah E. Saterfield, Mr. and Mrs. Sam'l Williams and daughter, Mrs. Wm. Dawson, children and grandchildren, Mrs. A. V. Hamilton and daughter, Mrs. John Noll, Mrs. Jno. McKinley and daughter, Jas. and Philip sons of Benner Waddle deceased, Jas. Waddle, of Lock Haven; Miss Mary Williams, Mordecai Williams, Jas. Williams and family, Clyde Smith and wife, Mrs. Holesworth, Rev. J. A. Wood and family, Prof. Jas. Hughes, Sr., Mrs. Jno. Rote, Mrs. Scanlon, Mrs. Isaac Miller. A LEGAL DAY The county commissioners had a warm time the past few days, in paying the men deputised to assist Sheriff Taylor in capturing the prisoners. The disputed point was where men were out day and night continuously they demanded double pay. The commissioners contended that 24 hours constituted a legal day, and they could not make any other calculation. It may be legally right, but in fact decidedly unjust.

Monday Mike Bardger, an Austrian laborer, who works at the Nittany furnace, was arrested and put in jail upon a warrant issued charging him with assault with intent to commit rape. The information was made before Justice Keichline by Thomas Rishel who resides near the Glass works and is a track foreman on the Bellefonte C. R. R. Mrs. Rishel was alone Monday afternoon and when Bardger entered the house he seized the woman and a struggle ensued. By the use of a knife and the assistance of a dog the man was thwarted in his purpose and left. Mrs. Rishel is not a strong woman, being a cripple. The Austrian spoke of the affair in an indifferant manner and claims that all is not mentioned in the charge against him. When arrested he was under the influence of liquor and displays a very ugly disposition. Recruits for Uncle Sam. The United States recruiting officer, with headquarters at the Irvin house, has recently sent the following infantry recruits to Columbus, Ohio: Floyd Hubbell, Lock Haven; Cameron McGarvey, William B. Wilson and Harvey W. Swepe, Wallace B. Underwood, of Bellefonte; enlisted in the "cavalry" service and were sent to Jefferson barracks. One Way Fare. Monday, September 5th, the Knights of Golden Eagle from Central Penna. will hold their district convention at Lewisburg, Bellefonte Castle, and others in the county, will be in attendance. One-way fare will be charged and a special return train is expected in the evening to Bellefonte. You can smell the hops in the vicinity of a brewery, but not around a frog pond. —Miss Ursula Bayard arrived home on Monday evening from Canton, Ohio. —Linn Blackford has taken George Miller's place as solicitor for the Central Pennsylvania Telephone Company. —Mr. and Mrs. Charles Rawley, of Philadelphia, are guests at the home of Mr. and Mrs. R. S. Brouse, of South Thomas street. —Mrs. W. C. Henderson, of Washington, D. C., is visiting at the home of Mr. and Mrs. Wm. Reed on east Logan St. Miss Blanche Shultz was her former name. —This evening a special train will leave Bellefonte at 8:40 for Coburn and intermediate points. The train for Lock Haven will be held from 8:16 to 8:40. This is done to accommodate persons attending the Business Mens Picnic. WHAT IS CATARRH. Hyomei Only Guaranteed Cure For This Common and Disagreeable Disease. Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane and effectually drives this disease from the system. If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs. offensive breath dryness of the nose pain across the eyes pain in back of the head pain in front of the head tendency to take cold burning pain in the throat throat itching to clear the throat pain in the chest stitch in side loss of flesh variable appetite low spirited at times raising of frothy mucus expectorating yellow matter difficulty in breathing frequent sneezing huskiness of voice discharge from the nose stoppage of the nose at night aching of the body drooping in the throat mouth open while sleeping tickling back of the palate formation of crust in the nose dryness of the throat in the morning loss of strength spasms of coughing enough short and hacking cough worse nights and mornings loss in vital force a feeling of tightness across the upper part of the chest. Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete. This is a strong statement, but S. Krumrine emphasizes it by agreeing to refund your money if Hyomei does not cure.

ACADEMY OPENING.

The Bellefonte Academy, romantically known as "The school in the mountains," enters in September upon her centennial year of successful service. As a result of the recent fire, a practically new three-story building of Ionic architecture, with imposing Grecian columns ornamenting the front, will adorn the Academy Hill this fall. The restoration of the Ionic idea will make the Bellefonte Academy of the future one of the finest school buildings in the country. Hundreds of our best men and women owe their success in life to the education received within the old Academy walls. The memories of those school days ought to be dear to every student. It is a fond and general purpose to make this centennial year the Red Letter year in the history of the school—to be concluded with a most fitting and delightful two days' celebration on June 15 and 16, 1905. One very practical way in which to accomplish this worthy purpose, is for every old student to purchase at least one new student to cast his lot with the restored Academy and thereby enjoy the privilege of participating in the Centennial jubilee jure dicitur. The fall term will open on Tuesday, Sept. 13, unless otherwise announced. The Pennsylvania railroad has under consideration a plan by which all of the thousands of employes may if they so desire, become proprietors of little farms. The scheme contemplates the parceling out of desirable land belonging to the railroad company along the various lines of track and permitting the free use of every employe who wishes to put the land under cultivation. In cases where the employe himself might not have the time to conduct a little truck farm the offer would hold good if the members of the employe's family were willing to look after the land. Beware of Ointments for Catarrh that Contain Mercury. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c per bottle.
