He is a tailor by trade. John Toner, of Axemant, was taken to the same institution last week. -The cause of the death of a brother of Prof. Etters, whose body was found near the railroad in Clearfield county, about two weeks ago, has not yet been solved—although suspicions are strong that it is a case of murder. Clearfield county authorities are not showing much concern over the mystery. -The penny-in-the-slot automatic weighing scale that stood on the outside of the Pa. R. R. passenger station was carried up to near the old pump house on Saturday night and broken. It had not been opened for several months and it is thought that no less than \$20 in pennies was taken from it. -The wall along Water street from the High street bridge to near the water works is completed and the road is being filled and leveled. The walk along that section will be laid with flag stones. What was once an ugly drive in wet weather will soon be transformed into a pleasant roadbed fringed with a stone walk for pedestrians, and secure against overflow by floods. -The picnic season has been a lively one this summer up to this date, but is now passing out to let the chestnut time usher in. County fairs will occupy the pleasure seekers for a brief period, then the autumnal tints will work upon all foliage and nature will wear a beautiful garb of colors from the mountain forests that the pencil of the artist will fail to imitate; these autumnal beauties will pass and then bleak winter will change the scene. Nature knows no monotony. -Harvest home services were held in the Lutheran church on Sabbath last and an appropriate sermon was preached by pastor Holloway. The choir rendered fine music suited to the occasion. The church was most beautifully decorated about the pulpit and platform, and around the walls of the audience room. There was a profusion of flowers prettily arranged, fringed with vines, majestic corn stalks formed a pretty bower and clusters of sunflowers in the windows added to the elegance of the display. All kinds of fruits arranged with charming effect reminded the audience of the bounteous season and plentiful harvest from the hands of a kind Providence. The church never before presented so beautiful a spectacle upon any Harvest home occasion, and for the labor and taste displayed upon the decoration, the committee of ladies deserve the highest praise.

This led many to believe that September would be hot because August was cool. But this has not held out. September has been cool up to this date, except the two days in the beginning, rather cooler even than August so far. Weather predictions are among the things that are mighty uncertain, and the novice can predict with as much accuracy as the wise weather smeller. -Home peaches of fair quality are in market in limited quantities at from \$2 to \$2.50 per bushel. Tomatoes are large, fine and abundant and offered at 75c per bushel. Apples are bringing from 30 to 40c per bushel according to quality. Huckleberries from 6 to 7c per quart. Potatoes at curb market 50c per bushel; in some parts of the county they sell for 30 and 35c per bushel, being quite plenty are bound to be lower in price. -Wm. McEwen, from West Virginia, gave us a call, just up from that state where he has been lumbering for the past ten years. He reports it being a great territory for fine lumber, but swampiness presents difficulties in a measure that do not make it as easy an operation as it was in this part of the state. He is a steady, reliable, able young man who will succeed. For the present he will maintain a desk in the office of Orvis, Bower & Orvis. -"Cunningham Bros.," foundry and machine shops, is the name of a new institution established here the past week. Messrs. J. Mitch and Edward Cunningham comprise the firm and they purchased the lot and building of the defunct "Hooser Springlocks Lock Co." near the Poorhouse. She was a most estimable christian woman, having joined the M. E. church in her girlhood and was a member of that church in Buffalo in high standing at the time of her death. She has been called early to her reward. -JOSEPH GINGER—died at his home, this place, on Sunday at noon, at the home of his mother, on Willowbank street, after an illness of several months from a complication of ailments. The schools in the boroughs, and townships are now in full operation and prospects that a successful term will be had. J. Eugene Roob, a student at State College, spent Sunday at the home of his uncle B. W. Rumberger, near Hubbersburg. The Howard Hustler says: Another car load of cans arrived this week for the canning factory. They must have now near five car loads of canned goods about ready to ship. Numerous consignments of tadpoles from the state fish hatchery have been received in different parts of the county. The result of the new industry will be watched with much interest. H. F. The distance, by rail, from Bellefonte to Lewistown, via Tyrone, is 90 miles; by pike it is 30 miles. The distance from Bellefonte to Centre Hall, by rail is 10 miles; by pike it is 7 1/2 miles. How circumlocutory some railroads be! Millheim's water works are progressing towards completion quite satisfactorily, and soon Philips creek water will gladden the households with an abundant supply of pure mountain fluid, and sickness give place, in a large measure, to better health for the citizen. Miss Mary Rumberger who has been in Indianapolis, for the past two years, has returned to her home at Hubbersburg. She visited the World's Fair, also her brother Guy, who is located in Elk City, Okla., and getting on very nicely. She thinks the West is the place. On his way from Bellefonte to Pennsylvania Furnace, John Lyon wrecked his automobile. The crank pin broke whirling loose the crank bar which was whirled rapidly around, causing a complete wreck of almost the entire plant. Landlord Ray can sympathize with him. A picnic was held in Wm. Lee, his son Clyde and daughter Minnie, J. T. Harshbarger, all of Hubbersburg; Wm. Allen, of Boalsburg, left for St. Louis to take in the fair. Rev. Mrs. Sophia Hall, nee Keller, of Wilmington, Del., after several weeks' visit with friends in Boalsburg, her native home, and in other parts of the county, on Tuesday returned to her home in Delaware. Instead of bringing peaches from the land-of-peaches, Mrs. Hall took with her a small basket of Centre peaches, to relieve the scarcity of the crop down there. Arista Lucas of Union Twp. successfully raised a flock of three dozen turkeys until they were about two-thirds grown. About harvest time a flock of wild turkeys would come down off the mountain to feed in Mr. Lucas' grain fields. The result was that two weeks ago when the wild turkeys departed for their roosts in the mountains Lucas' entire flock accompanied them and since that time not a sign of either the tame turkeys or the wild turkeys has been discovered.
