UNIONVILLE.

Since our last, Miss Marie Griest went on an extended visit to friends in Phillipsburg and Clearfield. Billy McEwen came home from West Virginia. Mrs. H. M. Miles, of Wilkensburg, visited her parents, Mr. and Mrs. E. M. Lucas. Ed. Musser and wife visited his mother, Mrs. Mattie Musser. Miss Mary Buck went to Clearfield to re-open her kindergarten school at that place. John C. Stere, Toner Calhoun and Paul Shipley left for a ten day's visit to World's fair. Fisher Bros. made almost 1700 gallons cider the opening day, last Thursday. W. H. Comley is superintendent of cider plant. Mrs. Mary Scholl, widow of the late Ruben Scholl, of Union township, being afflicted with dementia, was taken to the Danville asylum. The venerable Thomas J. Geary, of Lock Haven, visited the home of his daughter, Mrs. J. C. Smith. Harry Lindemuth has invented a one-handed alligator wrench which works automatically, and will hold round polished steel better than the two-handed ones will hold soft iron. He is looking for a moneymad man to join him in taking out patent. There's money in it. The next time Chester Cronister calls Billy Wells out of bed at 10 o'clock at night to drive a shoe on his horse he ought to be sure that the horse has actually lost one. You see, Chester had his best girl with him and was so happy that he imagined the air was full of flying horse shoes. The horse hadn't lost any of his shoes at all, and now Chester wonders how Domino "finds everything out." Game-Base Ball-time-Last Saturday-Place-Will Alexander's meadow-Teams, Milesburg and Unionville, No. 2. Score-8 to 12 favor of Unionville-grade, not very good. Pitchers third grade-only a few balls were struck into the field. The most notable feature of the game was the expert playing of a little midget of a boy belonging to the Milesburg team whose name was Jones. He made the first run for their team and I am sure he must weigh not less than 40 lbs., and stands 32 inches in his stocking feet. It seems to me my items are becoming stale so I concluded to try my hand at a Serial Story commencing next week entitled "Big People," and will be continued from week to week until I am "run down." It will no doubt be a light weight story but I trust my million of readers will not "view me with a critic's eye" etc. In this story I expect to visit every section of the county-in my mind.

COBURN.

J. W. Meyer and wife are visiting friends in Nittany valley this week. Supt. C. L. Gramley gave some of our schools a visit of Monday and found them well started for a successful term. This can be much augmented if directors, teachers and parents work in harmony for success. Charles Campbell, of Shamokin, is visiting his sister Mrs. Jesse Kaler. C. F. Corman, of Duquesne, is spending several weeks in this community visiting his parents and other relatives. W. C. Krader and family are visiting friends near Philadelphia. Rev. Yearick who was on the Aaronsburg charge fifteen years ago, preached in the Reformed church on Sunday evening. The Highvalley scribe was a distinguished hearer and we hope he will profit by what he heard.

BEECH CREEK.

Charles Eckley and wife, of Renovo, made a flying trip through this place last Saturday. Adam Bitner and wife, of Lock Haven, spent Sunday in this place. Quite a number of people attended the festival given by the Hubbard school, considering the coolness of the evening. We thank you all for your patronage. Miss Bottorf, of Flemington, spent Sunday at the home of James Metzgars. Frank Gussallus lost a valuable cow last week; that is the second animal he lost this summer. Quite a number of the Sunday school scholars were treated to ice cream and candy last Saturday afternoon.

Zerby, at Millheim. Adam Keilar and family, of Madisonburg, spent Sunday with Mrs. Keilar's parents at this place. George Spayd has quit working for Moses Eby at Fiedler and is now working at Battletown. Allen Hess and bride, of Woodward, spent Friday night with his brother John at this place.

MOSHANNON.

Jack Frost has again put in his appearance, but not to annoy or injure any one yet. J. T. Lucas, a prosperous merchant and lumberman, of our town, was away on business this week. The new hydraulic cider press, put in operation, near Lucas planing mill, by F. L. Zimmerman & Co., is now in full running order and doing a "c" rashing" business. Coal mining is very much "on the bum" here just now. Almost a thing of the past. The apple crop, in this vicinity is immense. At least one would think so by the big loads that are daily arriving at the new press. Mrs. Thompson, of Pine Glenn, and her cousin Miss Weaver, of Confluence, Pa., visited friends here this week. David Kochler, the traveling notion dealer, spent Sunday with friends at this place. Eva McGown is home again, and will attend the grammar school this winter.

HAINES TWP.

Jacob Winkleblech and family, from Brush valley, were visiting at William Bowersox's. Mike Evert is busy selling his watermelons and cantaloups; he has a good crop. Ed. and George were in their best on Sunday evening. Some of our farmers have their hogs run at large; as soon as another hog comes they put their dogs at them-that is not business. Olive Treaster has started to Coburn school. Corn cutting and boiling applebutter is all the go now. The peach crop is scarce here. Everybody is talking about going to the Centre Hall picnic. The canning factory at Coburn is not running in full blast at present. David Corman hauled a load of tomatoes to the cannery on Monday.

CENTRE HALL.

John T. Lee, wife and daughter Grace, made a trip to Bellefonte a few days ago. There was a light frost last Thursday night but no harm done. The town shows life this week-it is picnic time. The rain last week, though not great, did much to help on farmers with their farm work, the ground having become hard and dry for plowing with satisfaction. Fodder cutting and digging potatoes is going on in the fields. The Reformed church has in contemplation putting a furnace in their parsonage for heating the building. Water is getting scarce, folks should be careful in its use. The Luse foundry shops are no longer an experiment, but a success; why not have more of that kind of business snaps for the benefit of the town? When the average man does you a favor, look for the string.

NITTANY.

Miss Agnes Fisher has returned home after spending several days in Bellefonte. Last Thursday evening E. C. Emert returned from the saw mill, he ordered his son to unhitch the horse and while doing so the horse became frightened at a white store box and ran off, smashing the buggy pretty badly. Emert says if he gets a new top, new box and shafts, the buggy will be as good as new, and had it not been for Merrill Kessinger's quick action in stopping the horse several other rigs that were in front of the store would have been torn to pieces. Quite a number of our young men enjoyed several days' vacation last week on account of the stove mills being idle, but resumed work again on Monday. Clyde Swartz visited friends in Bellefonte several days the past week. Geo. Fisher and John W. Tolbert took a trip to Lamar on Thursday evening with their automobile. S. R. McCaleb has removed the stone fence along the road in front of his home which adds to the appearance very much. Messrs Edward Rehner and Boyd M. Emerick were to Tylersville one day last week on business. H. A. Long lost a valuable horse last week; it got fast in the stable in some way so it could not get up. Quite a number of our people are attending the grangers' picnic this week, while others are waiting for the big Bellefonte fair in October. H. A. Long has purchased a new horse which is a fine one. John Holmes has moved to Howard; we are sorry to lose such a good citizen, but our loss is Howard's gain. J. W. Tolbert and his boss, Mr. Swinford, were to Lock Haven Saturday on business. The names given in the surprise party of last week as Mr. Shutt and wife and Mr. Minnick and wife were intended for Mauck and wife and Mr. Sheats and wife, the editor, no doubt, was thinking of how the democrats would win this fall and in that way mislaid those names. Mrs. Clara McKibben, of Mackeyville, visited her many friends at this place last week. Mrs. Wm. Orr and daughter, of Walker, visited at the home of James Irvin and mother on Sunday. Wm. Lowry and wife, of Walker, visited O. V. Yarnell and family on Sunday. Mrs. Webb, who is 84 years old, is lying very ill at H. P. Zerby's; we hope for her speedy recovery. On Saturday over a hundred people witnessed the game of ball played here, between Hubersburg and our own team. The Hubersburg boys made their brags as to how they would beat Nittany, but when they got to playing they found out that Nittany could play ball with out having men hired from other towns; the game was played for a new base ball which the Nittany boys put up, and the one winning the game took the ball which our boys did very easy; that's alright if you did call us farmers. The Nittany boys won the ball by a score of 9 innings 32 to 6 in favor of Nittany; the diamond was decorated with flags and flowers, which was the kindness of our young ladies and the Nittany club thinks it not advisable to play many more games this season, as they have won the ball which Hubersburg put up for the game, and we have plenty of balls to last the season out. However, we will play the games that are billed.

MILES TWP.

Hurrah for Parker and Davis. Sunday was a pleasant day and most of the young folks took in the harvest home services at Centre Hall on Sunday. R. E. Wert and Samuel Beck were to Centre Hall on Saturday. All the go in this vicinity is cutting off corn which is a fair crop; most of the farmers are done seeding; some of the wheat fields are beginning to look nice and green. Bruce Houts left for Houserville where he is working for Harry Zimmerman. C. J. Finkle expects to close up his lumber job in a few weeks. The scribe heard several shots along the mountain here last week; some one must be after the gray squirrels or wild turkeys; better be on the lookout for the constable. Misses Rose and Maud Baney, from Lock Haven, spent several days in this vicinity at the home of Mrs. George Grenoble. C. A. Houts transacted business at Spring Mills on Saturday. Yearick Bro's were thrashing in this community on Saturday. This fall it will be lots of clover seed. Thomas Weaver and wife spent several days in Brush valley.

Edwin brought with him a fine zophone with which he entertained his friends and neighbors. John Stein and sister Fannie, spent a few days at Jersey Shore with their uncle. John Long and daughter Keturah, left for Nebraska, to attend the Golden wedding of Mr. Long's parents. Our schools opened last Monday with a fair attendance. Quite a number of our young people were over to Grange Park, on Sunday afternoon. Jay had a substitute, but he thought it cost too much, so he will fill the position himself again. Wm. Shaffer is improving his house by a coat of paint. Misses Lulu Hoy and Lizzie Hazel spent a week with friends at Salona. The people in Zion better take warning, during grape season, as our boys all have a great grape hunger.

FERGUSON.

Rath Payne is very sick with inflammation of the bowels. Walter Stine, who has been in New York attending business college, graduated two weeks ago. Mrs. Emeline Beck, who went to Wilkensburg about two months ago to nurse her daughter who had typhoid fever, is stricken with the same disease as is also her son-in-law Mr. Stine, at this writing. The last news of Mrs. Beck is that she is very low, her temperature being 104.

IS YOUR BACK ALLRIGHT?

If It Isn't the Chances Are That Your Kidneys Are Calling For Aid. The kidney's are the most important of all the organs; they have more work to perform than any other, hence the necessity of heeding the first symptoms strain the blood, thus removing the impurities and poisons from this vital fluid. By keeping these greatest of Blood Purifying organs in good health, many diseases are prevented. Pains in the back and loins are evidence that the kidneys are affected, and they in return will affect the Nerves, causing nervousness, sleeplessness, restlessness, irritability, etc. Infrequent or too frequent urination excessive, painful or scanty urinary passage are all conclusive proof that the kidneys need assistance. For any of these troubles Krines Kidney Pills are a positive cure and for them to fail to do what they were designed to do would be like reversing the law of cause and effect. These pills are sold and guaranteed at Krumrine's Drug store. If you are not benefited you get your money back by asking for it.

HOWARD.

Miss Mame Wertz, of Tyrone, is visiting her gentleman friend, Clyde W. Lucas, who has been ill for the past few days. The Methodist picnic, which was held in Schenck's grove on last Saturday, was a grand success; the game of ball played between Howard and Milesburg resulted in a score of 9 to 12 in favor of Howard. George Hensel left here one day last week for New Berlin where he is fitting himself for a medical college. Balser Weber left one day last week for State College where he expects to learn civil engineering. Jas. D. Diehl is out on the road buying up all kinds of produce by the carload and less. David Holter, freight agent at this place, spent a few days last week at Altoona. Wm. T. Lucas left here on last Saturday for Rochester, N. Y., to visit his son Homer.

New Berlin's Railroad.

Shamokin and New Berlin capitalists last week applied for a charter for the privilege of building a narrow gauge railroad at the latter place. New Berlin is the centre for a large farming district, and timber which is being cut from the surrounding mountains is hauled to Winfield on wagons, and is shipped from the latter point. The proposed narrow gauge railroad will connect these towns and will serve as an outlet for a vast amount of produce and freight of all kinds. The rolling stock of the company will consist of a six-ton engine with a capacity of 40 tons, a passenger coach and a number of freight and coal cars. It is expected that the road will be in operation this Fall.

C. M. Parrish Says.

If you are running along on a worn out system, with nerves tired out and energy gone, you're "whipping the horse that pulls." Why not get the best of life? I do not ask you to run any risk, and your money will be returned to you if you are not satisfied with results. The truthful man always catches the smallest fish.
