SUGAR VALLEY.

John Musser, of Greenburr, who is a victim of typhoid fever, is slowly recovering. Harry Greninger, of near Logan Mills, an aged citizen of eighty-five summers, was busily engaged digging potatoes last week. On Saturday evening, September 10, Daniel Lamey, of near Centreville, went to Loganton on business. Just after twilight Mrs. Lamey went out to close the chicken coop. During her absence a burglar entered the house, went upstairs, broke open the lock of a trunk and secured Mr. Lamey's purse, containing in cash and notes the sum of about seventy-five dollars. As Mrs. Lamey entered the kitchen door the burglar came down stairs and being confronted by the woman, dropped the purse and made his escape by the back door.—Democrat. HIGHVALLEY.

The farmers are done plowing and the teams on the road hauling lagons. While plowing on Monday Jess Snyder plowed up a rattlesnake nest with 32 eggs. The eggs were nearly as large as a common chicken egg. Joe Rider says he don't believe in washing every day, as it makes the skin so tender. The Highvalley belle left about two weeks ago and no trace was left as to her whereabouts; news came that she is in Somerset county and was married at Winber to Reuben Eisenhuth, formerly called the "Highvalley Prince." Jess Snyder is making cider; when Bell and Prince come back he will have apple-jack ready for the wedding feast. In the Centre Democrat of last week the Coburn scribe said the Highvalley scribe was in church, that is correct. But I did not see the Coburn monkey. John Noll is sure of the Highvalley vote; out of 17 Johnny will have 16. Ellis Orvis may get the 17 the way it looks today. No matter what the yellow jacket preaches—our valley stands like a stone wall, and can not be moved by jackasses or by the "yellow jacket." The Pine Creek scribe wants the Highvalley scribe to explain what causes gray hair. Some will have gray hair when they reach 40 and 50, but a monkey will have gray head when they come to 30 or 35. The scribe fully believes the one that takes the life of another or takes his own can never see the Kingdom of Heaven according to the good book. The great dramatic suit did not come off. The Dr. filed objections, and the plaintiff is applying for a new trial.

C. M. Parrish Says.

If you are running along on a worn out system, with nerves tired out and energy gone, you're "whipping the horse that pulls." Why not get the best of life? Why let a dollar stand between you and the enjoyment of perfect health? Come in and get a bottle of Vin-te-na. Let it put you on your feet. I do not ask you to run any risk, and your money will be returned to you if you are not satisfied with results.

PICTORIAL PUZZLE.

WHAT IS WRONG WITH THE PICTURE? ANSWER TO LAST WEEK'S PUZZLE:—Driving wheels of engine are in front. Smoke comes from bell. Windows of first car are on bottom of side. Keystone of one arch is upside down.

UNIONVILLE.

Mr. and Mrs. J. P. Harris, of Bellefonte, visited their son and family on Saturday. Mamie Moore, of Pittsburg, is a pleasant visitor at the home of Ellis Way. And now Frank Peters don't do a thing but laugh—it's a girl, his first and only one. Many of the wells in town are giving out on account of the dry weather. Millie Shiffer and her brother, Blanchard, two bright young people of Big Bend, Cambria county, have entered the Bellefonte Academy and will make their home with Mrs. Sarah Brown, at this place during the term—going to and forth on the train. John P. Harris, Jr., a few days ago had a fine West-phalia ham and some fresh sausage sent to his home. The next morning when Miss Wolford, their maid, went to prepare breakfast, she found both ham and sausage had evaporated, not a grease spot left—"Who stole the ham." W. T. Harper, the village farmer, had a fine field of buckwheat in full bloom, when, on last Wednesday night Jack Frost forced the mercury down to 26, and utterly ruined his crop, destroying all prospects of dieting on buckwheat flapjacks during the coming winter. Poor Dode! J. H. Sharp, the veteran ventriloquist and humorist gave an entertainment in the grange hall, on last Friday night to a good sized audience, and every one who was present gained from 3 to 5 pounds in weight on account of the irresistible laughter they had to indulge in. It's really a funny show! R. R. agent Billy Parsons has a fine flock of Rhode Island Red fowls. The other day a small snake about 8 inches in length, thick as a lead pencil, entered the chicken yard without a ticket or pass and instead of ejecting his snakeship one of the "Reds" caught it by the head and after a few spasmodic efforts, swallowed the reptile, roo and branch. For further proof place Fred Smith and Marian Kumberger on the witness stand. They were eye witnesses to the exhibition. Eight car loads of cabbage passed through town on last Sunday, westward. In my last week's items I promised to give a first chapter of a serial story entitled "Big People," but since then unforeseen events have occurred which will prevent my fulfilling the promise. I am sorry, I have the corner stone laid, the foundation wall of granite built and all the timber for the super structure on hand. I have no doubt but that Dr. Irwin, P. J. McDonnell, Hile Griffen, Geo. H. Goodhart, Jno. D. Decker, Wm. T. Smith, John Q. Miles, Col. John A. Daley, John and Clyde Cadwallader, Betsy Hall, H. A. Moore, Abe Weber, Ed. Williams, Jack Nason, James Murray, Huston Osman, Myrtle Wetzler, Dan. Taylor, D. A. Boozer, A-a-ibert R-r-roberts, Al Dale and thousands more, readers of the "Items" will be greatly disappointed, but for the present I am compelled to say "Rubber."

CENTRE HALL.

The frosts middle of last week did some wholesale nipping among plants and trees. The town has resumed its accustomed quiet since the close of the picnic, which passed off successfully and with less than the usual disorder. Merchant Meyer made a trip to Bellefonte the other day on business. Dr. Allison has been getting into a fine practice since he located here. He is a good citizen. Apple butter "biling" is brisk, but is not run on the old "blumsock" style so dear to the young folks once upon a time. Your racy correspondent at Plumgrove gets quite interesting betimes. Deafness Cannot be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous membrane of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Some Foolish People

Allow a cough to run until it gets beyond the reach of medicine. They often say "Oh, it will wear away," but in most cases it will wear them away. Could they be induced to try the successful medicine called Kemp's Balsam which is sold on a positive guarantee to cure they would immediately see the excellent effect after taking the first dose. Price 25c and Trial size FREE. At all druggists. 46-11

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong. And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak. Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed. Scott's Emulsion really feeds and gives the child growing strength. Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.
