The family circle was unbroken on this occasion for five days. In fact the five days of festivities seemed very short.

—At the time of closing the forms, Wednesday afternoon, it is impossible to give a report of the county fair in progress this week.

Monday and Tuesday were days of preparation. Many people from a distance came with their exhibits and the various committees were busily engaged in assigning them places.

John H. Kreamer—died at his home in Snow Shoe on Tuesday morning after an extended illness of several years. He would have reached his 75th year December 15th. Orvis Huey—On Friday September 30, the home of Mr. and Mrs. Huey in Half Moon valley was saddened by the death of their 12 year old son Orvis. Never robust for nearly a year, he had been a sufferer from heart trouble, at times being so low that his life was despaired of and afterwards rallying. Orvis was a boy of peculiarly generous and unselfish disposition, with a thoughtfulness for others far beyond what is often found in one so young. The parents who loved him so devotedly and cared for him so tenderly have the memory of a little life that served the full measure of strength that was his. The funeral service was held Sunday forenoon in Gray's church of which Orvis was a member, and interment was in Gray's cemetery.

About two-tenths of the corn crop is soft, at best the crop in the county would have been several points short. Some farmers have a crop, corn fine and well matured. Others have a scant crop and there are fields that bring nothing but fodder. Conditions in the spring were unfavorable and account for this diversity, replanting and too late planting—especially the latter—prevented the corn with some farmers from turning out well. If all had hit it by planting when conditions favored, the crop would have been one of the largest in many years. Truck farmers never have had better returns for their labor.

Mr. Huey, of Fillmore, informs us the storm last Friday and Saturday blew down about 300 bushels of apples from his trees. But he does not know what to do with them—cider brings only \$1 for a 45 gallon barrel and he would have to pay one cent a gallon for making it, then with the labor of picking the apples and hauling them to the cider press, all would cost more than the cider would sell for. At the evaporating plants he can only get 16 cents per 100 pounds—2 bushels—of apples, and that would not pay the farmer either. He thinks he will have to let his apples rot.

Mrs. Wm. Rider—who lives near Benore, died of heart failure Sunday evening 25, when seated at the supper table. She leaves a husband and four children. The funeral was held Tuesday afternoon at Gatesburg. Rev. Mr. Elinger officiated.

John McNaull—died at his home in Salona, Wednesday morning, aged 79 years. His death was due to diseases incident to old age. He slept away, after three days of an unconscious condition. CLASSMATE OF PARKER.

The other day Justice H. H. Harshbarger, of our town, was reading the biography of Alton B. Parker, and it occurred to him that it might be an acquaintance. In 1872 Mr. Harshbarger attended a law school at Albany, N. Y., and while there he had a classmate who sat by his side in the lecture room by that name. He has an autograph album in which he found the photograph of the present democratic nominee for the Presidency who then wrote his name "A. Brooks Parker" and added "Reform Democrat." In the thirty-two years that have elapsed the features are much changed and would hardly be recognized. At that time young Parker was a steady, hardworking student.

Harshbarger did not say he intended to vote for his former acquaintance; but republicans would better go along in the booth on election day, to keep him straight.

Seriously Injured.

Monday morning near the Bush House as Snyder Tate was driving down High street with his ice wagon and when on the High street bridge over Spring Creek, Linn McGinley, Jr., aged 7 years jumped on the rear end of the wagon and fell between one of the rear wheels and the bed of the wagon where he was wedged fast and the horses stopped as soon as possible. It was necessary to take the wheel off before the boy could be released. He was carried to the home of his parents, Mr. and Mrs. Linn McGinley on the corner of South Thomas and High streets.

His injuries consist of a compound fracture of the leg near the hip and other bruises.

An Election Bet.

Tuesday a prominent republican, and a democrat made a bet of a fine hat on the result of the judgship election. The terms of the bet were even money that Orvis would have more than 1000 votes over Love.

C. M. Parrish Says

I am very much gratified with the results Vin-to-na is bringing about. Every day some one comes in and speaks a kindly word for the great tonic. Bankers, lawyers, ministers and others, whose work is constantly draining their nerve supply, tell me that Vin-to-na is the one remedy which brings sound and refreshing sleep and makes them feel that life's worth living. Come in and talk with me about it.
