WALKER TWP.

HUYETTVILLE. The first and uppermost in our thoughts, tonight is, who can be the reprobate that has been keeping our little town in dread for one week and at last got his ends accomplished? Little is the one who does such work, and by all appearance it was done last Saturday night 24; the store house of McNitt Bros. & Co. was fired but it being Saturday night we people were still up and around and on the fire in time; by hard work we put it out. On last Friday night the miscreant got his ends accomplished by the people going to bed early. Between 12 and 1 o'clock Mr. Rickert, who lives just across the street, was awakened by the crackling and confusion of the fire, but too late, as every thing was afire in the inside and the only thing we people could do after Mr. Rickert got us aroused was to save the dwelling, as some are and it took hard fighting, as some are very close. Mr. Crape, our worthy engineer on the dinkey was the instrument in saving the houses; he ran his engine through the smoke and flames to get to where we were to give us a supply of water.

Mrs. B. F. Rickert is visiting her parents and friends in and about Colyer.

McNitt Bro & Co. are looking after the comfort of their employes—siding up their houses, making them look better and warmer for the winter.

In Snyder and Mifflin counties apples are so plenty that cider has been offered at one dollar per barrel. Peaches sold in the same territory at one dollar per crate.

PHYSICIAN'S GOOD LUCK. Dr. Hart's Fortunate Experience of Special Interest to Many in Bellefonte.

The happiest man in New England today and one who is receiving congratulations from his friends, is Dr. Philip Z. Hart, of Laconia, N. H.

Probably no physician is better known in all parts of the United States than Dr. Hart, as he has been a great traveler and knows the best people wherever he has been. For years he has suffered with catarrh in its worst form.

Although he resorted to the latest scientific treatment, and consulted many of his brother physicians, Dr. Hart finally said, "I might just as well have thrown my money in the river for I grew worse and worse. It is due to my wife's good judgment that I tried Hyomei." The Doctor, in his emphatic way added "Thank God that I did, for Hyomei cured me completely. My wife and I will swear that Hyomei cured me of the worst case of catarrh that ever existed. I used to cough constantly at night, and had a dropping in the throat, which kept me awake a great deal. I raised thick phlegm and was in a horrible condition. However, I am entirely cured, solely through the use of Hyomei."

S. Krumrine is the local agent for Hyomei, the famous treatment which cures catarrh without stomach dosing. A complete outfit costs but \$1.00, extra bottles, 50c, he sells it under guarantee to refund the money if it does not give quick relief. Ask him to show you the strong guarantee under which it is sold.
