Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for Constipation.

HIGHVALLEY.

Apple butter bilin' closed on Saturday—that is, it Jess got his wood hauled on Friday.

Two gentlemen, one from Coburn, and the other from Lindale, called on the scribe on Friday—call again boys.

A rumor if correct, says three men living in Rupp Hollow looking for a silver mine; well they will find lots of silver.

We were sorry to see in the Centre Democrat that John J. Bower, Esq., is housed up. But we hope when the next Centre Democrat makes its appearance Mr. Bower will be all right.

The Coburn scribe can't help but stick his nose in every one's business; what is it to him what the people will follow, whether they go to church or not, he ought to have the rust shaved from his nose and that would teach him to mind his own business and let others alone.

A gay time is expected to take place at East End in a few days; the writer will give a full account in the next issue; watch for Buffalo Bill.

No matter what the machine says about Ellis Orvis, we know Mr. Orvis and will roll up at this end three hundred majority and same for John Noll; if we could be as sure of Parker as we are of Orvis I would make application for the Coburn postoffice; only get the vote out.

Dany Quay is a queer man, he claims the man that fails to pay his corn is fully as mean as can be.

If John Noll has no spare time to come and see his friends, that will not matter as the scribe knows Mr. Noll and will see that the whole Highvalley vote is on his back and all the rest on the ticket after the 8th of November John Noll can lay down his mason hammer and sit with the big bugs. The other day I heard a prominent man say that he believed that Noll will have a big majority, as he don't believe that a laboring man will go back on him, and they should not.

Lloyd Lose fetched a dandy rooster and presented it to the Highvalley scribe for the campaign crower on the ninth of November when the good tidings come.

James and Reuben Eisenhuth, who were working in Somerset, made their appearance on Saturday; that is two more votes for Orvis.

Andrew Vonada and son are in Highvalley picking apples on their farm, which was the Ulrich farm but now Vonada and Myer.

Henry Eisenhuth, who lives at East End suffering with a tumor that may probably prove fatal by time.

We have no campaign in our valley, as it will not pay to bother; we are all one and that the whole Democrat ticket.

Will Sando is again to Bellefonte where he seems to have steadier employment than here and that may make him a fixture at the county seat.

Our visitors to the county fair pronounce it as ahead of all in the past.

The apple storm has caused the owners of orchards quite a loss in that fruit; the bulk of the apples having been shaken off by the storm. But, some make them into butter and snitz and thus try to get even. Where there is a will there's a way.

Our town and vicinity is unusually free from sickness. For healthfulness we stand at the top.

The Centre Democrat in the past four weeks has made itself quite much sought for upon the matter of the judgeship.

Rev. Rearick having again been elected as president of the Lutheran Central Synod is gratifying to his flock here, and is evidence that he stands well, and deservedly so, with his church and also in other religious circles.

IS YOUR BACK ALLRIGHT?

If It Isn't the Chances Are That Your Kidneys Are Calling For Aid.

The kidney's are the most important of all the organs; they have more work to perform than any other, hence the necessity of heeding the first symptoms of their derangement. They filter or strain the blood, thus removing the impurities and poisons from this vital fluid. By keeping these greatest of Blood Purifying organs in good health, many diseases are prevented.

Pains in the back and loins are evidence that the kidneys are affected, and they in return will affect the Nerves, causing nervousness, sleeplessness, restlessness, irritability, etc. Infrequent or too frequent urination excessive, painful or scanty urinary passage are all conclusive proof that the kidneys need assistance.

For any of these troubles Krines Kidney Pills are a positive cure and for them to fail to do what they were designed to do would be like reversing the law of cause and effect. These pills are sold and guaranteed at Krumrine's Drug Store. If you are not benefited you get your money back by asking for it.

Everyone did justice to themselves and about 12:30 we all departed for our homes wishing he might live to see many more pleasant birthdays.</
