DEDICATORY SERVICE.

Sunday, Oct. 23, 1904, was a most notable day in the history of the Bald Eagle Baptist church and the people of Martha. It was the occasion of the reopening and dedication of the Baptist church. The remodeled building is practically a new church. It is beautifully finished inside and out and is heated by means of a furnace. The interior consists of the main auditorium, and two class rooms so arranged that they can all be thrown together in plain view of the pulpit. The services were largely attended and the commodious building was filled with a happy worshiping throng. The financial situation showed an expenditure of nearly \$1000 dollars all of which had been provided for except about \$225. The balance needed to cover all obligations was pledged. The church was then formally dedicated to the service and worship of Almighty God. Geo. Stevens for the Board of Trustees, constituting the building committee, in a brief address presented the keys to the church. In accepting the same Pastor Lathrop expressed the appreciation and joy of the work. Rev. Downing made the dedicatory address after which the congregation joined with the pastor in the dedicatory prayer. The Giori Patri was sung and congregation dismissed by Rev. Wirtz. The congregation showed their appreciation of the pastor and regard for him, by making up a purse, and over \$25 dollars was handed him, who, surprised and embarrassed by the situation expressed as best he could his gratitude and thanks.

The singing of the large choir under the leadership of Miss Lula Williams is especially worthy of mention. Thus closed a day that will long be remembered in the community.

Don't forget John Noll on election day. He was a farmer boy, served his country well during the civil war, is a stone mason by occupation, therefore knows the needs of the common people and would prove a useful man in the legislature.

Another Barn Burned.

On last Thursday afternoon the barn of I. J. Zubler, one mile of Farmers Mills, was totally destroyed by fire with all this year's crops except two loads of corn which had remained in the field. It is supposed the fire originated from an engine while thrashing cloverseed at the barn and in close proximity of which was a straw stack as we are informed. In the barn were about 500 bushels of wheat, 50 to 60 bushels of cloverseed, oats this year's hay crop, all the corn crop except about two loads. The live stock was saved.

There was an insurance in the Grange company of \$500 on the barn and \$500 on the contents, which will not cover Mr. Zubler's loss by near \$500 dollars.

We sympathize with our friend Zubler in this misfortune—he is one of the most esteemed citizens of that section and an industrious farmer.
