IS YOUR BACK ALLRIGHT?

If It Isn't the Chances Are That Your Kidneys Are Calling For Aid. The kidneys are the most important of all the organs; they have more work to perform than any other, hence the necessity of heeding the first symptoms of their derangement. They filter or strain the blood, thus removing the impurities and poisons from this vital fluid. By keeping these greatest of Blood Purifying organs in good health, many diseases are prevented. Pains in the back and loins are evidence that the kidneys are affected, and they in return will affect the Nerves, causing nervousness, sleeplessness, restlessness, irritability, etc. Infrequent or too frequent urination excessive, painful or scanty urinary passage are all conclusive proof that the kidneys need assistance.

Let Your Overcoat be the Best You Can Find

Not merely best because you paid a high price for it,—paying a big price for clothes doesn't always get the best clothes—but let it be the BEST for you in style, fit, good in tailoring and wear; in its becomingness; that it fulfills your particular wants in every respect.

The styles this season are many. It will be trying to you in picking out the exact coat until you have had the benefit of selecting from the largest variety. A coat that looks well on one man oft times falls short of pleasing another.

Be sure you have the right coat. Look into every place they are selling Overcoats.

You'll find each store will claim best for their coats. Its but natural.

If you have "looked" around, we are confident of your opinion regarding Sim's Overcoats this season.

They started selling at a splurge and the pace has not slackened. The ones shown early in the season are gone. But there are no gaps in this vast stock—by great odds the largest in Bellefonte. Scarcely a day goes by without new coats finding their way here. Many have come to us at much under price. We give you the benefit of these low prices.

Whether it is to be \$7.50 or \$20 for an Overcoat, be sure you have the best Overcoat you can find. You can't be sure its best until you see the Sim line.

We are satisfied in having you judge Sim's Overcoats with other stores' overcoats.
