CENTRE HALL.

Miss Edna Murray and Miss Spicher attended teachers' institute. In last week's Centre Democrat there was an interesting account of ministers that hailed from Pennsylvania. In the Lutheran church of this place the pulpit has been filled within a period of forty years by the following ministers: Revs. Lane, Ruthroff, Porr, Zettlemoyer, Berkstreser, Miller, Fischer, and Rea- ick the present minister. In the Reformed church of this place the changes were: Rev. Groh, who served many years, then followed Rev's Roeder, Land, Eisenberg, Kershner and Gress the present minister. Of churches here there are the following: The Reformed had the first church which was torn down after being in use some forty years and a new brownstone one built of hand- some design. The Lutherans built three: one on account of insecure foundation was torn down, and a second one built, which was destroyed by fire, and the third, the present handsome edifice, was erected—all these were built of brick. Next the Methodists built a fine brick church. The Evangelicals built a fine frame church next; and lastly, some ten years ago the Presbyterians erected a very neat brick church—a result of the indefatigable labors of the ladies of that congregation. No town of Centre Hall's size and assessed valuation can boast of better work in church erection. Rev. Dr. Boal, on the sick list several weeks, is able to be about somewhat, his friends will be pleased to learn; his trip east in October to attend synod was more than he had strength to meet. Hamill, son of Dr. Boal, is attending the McCormick Theological Seminary in Chicago.

HOWARD.

John Robb, the popular liveryman of Howard, has moved into his new barn. He can congratulate himself on having one that is not only a credit to himself but a credit to the town not only on ac- count of its fine appearance but the en- tire building being covered with steel makes it almost fireproof. It is also the first building in the town that has been erected on a concrete wall in which an immense amount of cement was used. We prophesy for Mr. Robb success in his undertaking. Corli-Homan. Shipley, and supt. Black of the Moshannon coal com- pany, Jno. P. Harris, Jr., each had the good fortune to kill a deer on last Friday afternoon, on the Benner reservation. FROM THE ASHES.

Baltimore Family's Experience Points a Moral to Residents of Bellefonte. The visitor to Baltimore to-day scarce- ly realizes that less than a year ago the city was almost destroyed by a memor- able fire. A similar comparison might be made by George W. Nally, one of the leading citizens of Baltimore, as to the change in his own looks. A short time ago, Mr. Nally, writing from his home address, 2213 Barclay St., says "I have been troubled for years with catarrh and had resorted to all remedies that could be thought of. My wife was also afflicted with this terrible disease, but all the treatments we used were an absolute failure until we tried Hyomei. It worked like a charm and has made a complete cure in both of our cases. There is no disagreeable stom- ach dosing in using Hyomei. We breathed it, and its fragrance, so clean, pure and bracing, killed all the catarrhal germs in the head, throat, and lungs. The experience of Mr. Nally and his wife certainly points a moral to all read- ers of the Centre Democrat who are suf- fering from catarrh. It shows how they can be cured of this frightful disease, without dangerous stomach dosing. S. Krumrine, the local agent for Hyomei, has so much faith in the treatment that he gives his personal guarantee to refund the money in case it does not benefit. A complete outfit costs one dollar, the extra bottles are but fifty cents. Ask to see the strong guarantee under which Hyomei is sold. The sweetness of victory never lasts as long as the bitterness of defeat.
