BEECH CREEK.

The meeting held in the Hubbard school house the past week has been well attended, sixty-nine being present both Monday and Tuesday nights; Wednesday night fifty-four, Thursday night forty-three, Friday night forty, Saturday night fifty-one making a total of three hundred and twenty-six. A couple hard snow squalls passed through this section last Saturday. It is bad enough that a young man can not go to church without falling in a ditch. There has been quite a bit of butchering going on the past week.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

She is indeed a stingy woman who would keep a secret all to herself.

Jim Holt, for having killed a porker that dressed 48 lbs. wears the belt; it being the largest hog, by more than two than any other that was killed in this vicinity. Mrs. Isaac Shirk, of Pittsburg, is visiting at the Fredericks home, and Benjamin says she has three lovely marriageable daughters, and he is to have first chance. Harry R. Griest, in rounding up his honeymoon trip, arrived here on Saturday on the 8 o'clock pm., train with his pretty bride, and for a time there was a "hot time in our town," but "Peck" did the square thing with the boys and their son "left him alone." An informal reception was held at the home of his parents, Mr. and Mrs. A. J. Greist, the following day, and a sumptuous feast, such as Mrs. Griest and Sallie McGarvey are famous for, was enjoyed by a large number of invited guests. The bride and groom left on Monday, for Dent's Run which we believe, will be their future home. May their pathway through life be strewn with brightest flowers. E. M. Griest and family, of Philipsburg, spent several days visiting friends and attended his brother "Peck's" wedding reception. During their stay they were banqueted by Mine Host and hostess, Mr. and Mrs. Thomas W. Fisher, at which happy social event Mr. and Mrs. P. J. McDonnell were also present. Pat and Ed looked a little pale next day but they thought they would survive.

Our town is threatened with a water famine. Two-thirds of the wells are already drained and, unless we get some copious showers before winter sets in for permanent business, we may have a hard time of it. We hope for the best. Ned Swisher, who was so badly bitten by Irvin Gray's bull dog, of which mention was made in last week's items, is reported to be in a very serious condition. Instead of being a mere grown up boy, as we thought, he is about 40 years of age, short of stature and of imbecile mind. Jolly Clyde Cadwallader, of the Edgar Thompson steel works, is spending his vacation at his old home in this place.

ROLAND.

The Daniel Boone club have returned from their hunting trip in the Scottoc. Jack Barnhart came very near killing a large bear. Jack, you should not become so excited next time, shoot if you have to spill your bucket of water. Soup went to Howard to help his father-in-law butchering 21; was necessary for agents to place cards on his baggage in order that he would know where to stop.

The fellow who gets barreled at night naturally feels all bunged up next morning. A blooming idiot seldom bears fruit.

HIGHVALLEY.

Cold and some snow on the peak. Every thing along the line is booming; each carried a full pail—so no matter who is president. Our ramrod brigade did not meet with much success so far. Dr. Snyder had a little trouble with a bull dog, well let him stay at home and save the shoe soles. Sam Alters came to dine with Jess and see whether the manure pile is still at the same spot where it was two years ago; he said he found it right there where he left it. Harry Horner had a wood hauling party on Friday with four teams, and now he has wood to last till Friday; well done, boys. Highvalley lumbermen are all busy; have all orders they can fill, but the price is too small; it takes too much labor for the money, if a man gets paid only for his labor and not for his timber; that is not as good as peddling medicine. I saw Danny; the old Georgetown scribe, full of fun and accept the fourth Sam was wrapped in a horse blanket and on the way to Cherry Run, but was told by a lady that he was traveling the wrong road; so he turned on his heels and made for the invalid hotel; the Dr. gave a dose of teaberry leaves and Sam slipped off the blanket went to hunt the team, but the team was safe in the stable; so it goes Sam, only fun.

DO NOT DOSE THE STOMACH.

Hymeol, the Only Guaranteed Cure for Catarrh. No one should confound Hymeol with the patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hymeol gives its formula to all reputable physicians and is prescribed by them generally. Its base is the valuable eucalyptus oil, famous for its antiseptic qualities. This is combined with aromatic and healing gums and balsams, making a pure liquid which, when used in the Hymeol pocket inhaler, fills the air you breathe with germ-killing, disease destroying and healing powers that restore health to every part of the nose, throat and lungs. The only way to cure catarrh and all other diseases of the respiratory organs is to breathe Hymeol. This treatment has been so successful in curing 99 per cent. of all who have used it that Hymeol is now sold by S. Krumrine under an absolute guarantee to refund the money in case it does not benefit. You run no risk whatever in buying Hymeol. If it did not possess unusual powers to cure, it could not be sold upon this plan. The complete Hymeol outfit costs \$1.00 and comprises an inhaler, a bottle of Hymeol and a dropper. The inhaler will last a lifetime; and additional bottles of Hymeol can be obtained for 50c. The life of some judges is filled with trials and tribulations.

He witnessed the coming in and going out of Altoona of the Liberty Bell on its return trip to Philadelphia, on last Saturday from St. Louis. On Friday morning, Beeser Bro's of Bellefonte were going to Snow Shoe with cattle. At the Bald Eagle iron bridge, they had a collision with John C. Peters which might have been a serious accident. Mr. Peters was returning from the R. R. station with a bale of broom corn. One of the cattle got tangled up with his horse. Another man with a buggy was also in the mixup, a portion of his buggy was backed up on the stone but went off the bridge throwing the driver out on the pike and he lit on his head and shoulders. It looked frightful for a while, with horses, men, and cattle mixed together; all came out of the mix safe, no one was seriously hurt. Solomon Shay had a walk laid from his front gate across the road for the purpose to keep out of the mud as much as possible. On Friday night some malicious person or persons scattered it promiscuously all over the road. Mr. Shay wishes to give them due warning against such work in the future; so beware.

If It Isn't the Chances Are That Your Kidneys Are Calling For Aid.
