

Bellefonte and Vicinity

The Local Happenings in Short Paragraphs

—Skating has been good the past week.

—Anyone can get a "cheap skate" on these days.

—The roof is being put on the Y. M. C. A. building this week.

—Bellefonte has a few cases of imported typhoid fever at present.

—Canary birds, fine singers, and cages in great variety, at Zellers drug store.

—When Landlord Ray's automobile arrives he will have to put runners on it.

—As Christmas is drawing near the attendance at Sunday schools is looming up.

—Ladies good warm felt slippers, felt soles soets.—Yeager & Davis.

—Mrs. Clement Dale has returned home from a visit to friends in Richmond, Ind.

—Mrs. James Lowry was taken to the Bellefonte Hospital, Monday, suffering from appendicitis.

—Herb Shaffer spent last week in this section and as a result sold several Fairbank's Gasoline engines.

—Mrs. Herbert Bellringer, of Brooklyn, N. Y., is visiting at the home of her parents, Mr. and Mrs. John D. Sourbeck.

—The Racket store company is installing an acetylene gas outfit in their store. This kind of light is used in a great many places over the county.

—Bishop Ethelbert Talbot, of the Central Pennsylvania Episcopal diocese, will preach in St. John's Episcopal church Sunday evening. He will also perform the rites of confirmation to a special class.

—Two old weather smelling prophets predict a mild winter, and a third one, the oft missing goose-bone prophet, predicts a severe winter. Somebody will guess it, and then great will be that weather smeller as a prophet.

—Lyman H. Howe's famous moving pictures will be at the opera house Thursday, December 29th under the direction of the Logan fire company. Admission will be 25, 35 and 50 cents. Howes moving pictures have filled numerous engagements in our town and always gave the best satisfaction.

—James A. Feidler, principal of the Central City grammar school, is enjoying several weeks vacation, as that school will remain closed for a few weeks, until the smallpox scare has subsided. In the meantime Mr. Feidler will engage his time upon a historical sketch of the building of the Snow Shoe railroad for Grit. Mr. Feidler is compiling data now for that purpose.

—A communication in the daily on Tuesday gives facts and figures to prove that the present pumping station at Reynolds mill is a success and a saving for the borough. One fact is certain, the supply of water in that stream is not sufficient to keep the pumps working the entire year, which was expected when the improvement was made. It does not come up to the expectations by any means.

—We were pleased to have a call from M. L. and Mrs. Beck, and Miss Sadie Michtley, all of Nittany, accompanied by O. C. Beck of Miles City, Montana, who has been here, his native county, on a visit lasting some three months. He is a native of Centre county, a son of Joseph Beck, dec'd, who many years ago lived at Aaronsburg. He is now on his way to his northwestern home, having left this county some 21 years ago, and speaks favorably of Montana.

—Frank Tubberty, of Moshannon, transacted business in town and gave our sanctum a call.

—Dr. Smith, professor of Modern Language, at the Academy, is a brother of Chas. Emory Smith, editor of the Philadelphia Press.

—J. E. Hoy and daughter Lulu, of near Zion, looked in upon the Democrat office and learned how work is done to get out a good newspaper.

—F. J. McClellan, who was in Illinois the past six years has returned and gave us a call; he will remain in this county, his former home and live near Spring Mills.

—Arthur B. Kimpfort, the newly elected prothonotary, moved to town last week from Linden Hall and is occupying the John Hoffer property on Logan street.

—S. E. Goss the insurance agent left on our desk one of the most convenient calendars we have seen. It is issued by the Prudential company, of Newark, N. J.

—Old Santa Claus was around a little early on Monday and made Wm. Katz a present of a real nice little boy. Since this event there is joy enough to go around.

—William Benner, while delivering goods Friday, at the home of Geo. Smith in Bush's Addition, was attacked by a savage dog belonging to Mr. Smith and bitten in the face.

—The state legislature will commence on January 3rd, and we will be minus Johnny Noll for a spell. When he gets down there he will see that our farmers get a change of weather.

—John F. Royer, of Madisonburg, and sister Edith R. Royer, of Potter township, were pleasant callers, and were attending to business in the estate of Mrs. Amelia Royer, of Potter Twp.

—Jessie Cox will retain the pool room and restaurant business in the Bush Arcade which he recently sold to Charles Moerschbacher. The latter gentleman will continue the wholesale liquor business.

—In a few days we will have W. Harrison Walker, Esq., as a near neighbor as he is moving into his new offices two doors west of our location. The Burgess office and police headquarters will be at the same place.

—Harry Otto, the cigar man, expects to open up the Crusade rooms in the Bush Block, for a cigar factory, in the first of the year. He will start with six men and expects to increase his force gradually as business picks up.

—The Logan Fire company is in a new business. Owing to the prolonged drought many cisterns about town are dry, and by long lines of fire hose these are filled from the town pipes. The charge is about \$2 per cistern.

—The "Bellefonte Trust Company" expect to begin business January 2nd, 1905, as the successors to "Jackson, Hastings & Company." The change necessitates new books and stationery all of which has arrived. The interior will also receive some touching up.

—Last Friday after midnight it began to snow and continued moderately until near Saturday evening, when it ceased and was a depth of three inches of snow. The thermometer on Saturday evening about 5 o'clock stood at 19 above zero, and early Sunday morning it had dropped to 8 below zero, a difference of 27 degrees, from Saturday evening to Sunday morning. There was some sleighing Sunday but it was none of the best, the roads being "sandy" as it is termed, the freeze was a severe one and was not at all helpful to the bad water conditions in most of localities.

—Ladies warm lined shoes that are made neat and dressy.—Yeager & Davis.

GATHERED OVER THE COUNTY.

W. A. Tobias, of Millheim, has been granted an increase of pension to \$12 a month.

A purse containing over three hundred dollars was recently lost by Al Bradford, of Pine Grove Mills, somewhere between Lemont and his home.

A good sized black bear was brought into Coburn last Friday afternoon killed by Wingard and another hunter on the "white mountain" south of Paddy Mountain.

Mr. and Mrs. H. E. Duck are the delegates representing Providence Grange, of Millheim, to the Pennsylvania State Grange meeting which convenes at Erie this week.

W. H. Felding, formerly of Linden Hall, writes us from New York City: "Am a member of N. Y., police department, detection duty in the money centre. I like the work."

Twenty students at Sate College are quarantined in the Phi Gamma Delta fraternity house, as two of their number, W. H. McDowell and G. T. Simmer, are ill with scarlet fever.

Mrs. Alfarate Goss, who a short time ago suffered a paralytic stroke, has recovered sufficiently to be able to leave her bed. Mrs. Goss has charge of one of the fraternity houses at State College.

David Glasgow, of near Tusseyville, has rented the Michael Hess farm, near Woodward, and will move from the Wagner farm to that place. The Hess farm is said to be one of the best farms in Haines township.

Last Monday night Miss Elizabeth Young died of bronchitis, in Altoona, at the home of her brother, James Young, aged 82 years and 4 months. The deceased was born in Centre county, but had resided in Altoona for some time. She was a member of Christ Reformed church.

Woodsmen and hunters are unanimous in their demand that the premium on scalps of foxes, wild cats, catamounts, and such like be increased. It is claimed that these animals are increasing so rapidly as to destroy all game birds like quail, pheasants, and rabbits and especially young deer.

John Reynolds, a slater, whose home is at Pennsylvania Furnace, fell from the roof of the new Lutheran church, Tyrone, Monday afternoon and suffered a fracture of the right collar bone and sprained his left shoulder. He was also slightly bruised in several places. He fell a distance of twenty-four feet.

J. F. Hoy, who lives on the John Kauffman farm in Benner township from 12 1/2 acres got 145 bushels of corn, or an average of 114 1/2 bushels per acre. The quality was yellow and white raised on flint soil. This is about the best corn yield we have had reported this season. Another thing, we know that Mr. Hoy has some of the best cider in his cellar that we ever tasted.

Sunday morning Dec. 4th a simple and quiet wedding took place at the Methodist parsonage at Port Matilda by the pastor, Rev. J. B. Dunkle. The contracting parties were Martin Smith of Guyer and Miss Nancy Bailey of Stormstown. Mr. Smith is a farmer and merchant at Guyer, and Miss Bailey is one of Centre county's noble daughters.

The wheat fields in this county, as well as in other parts of this state, present an appearance that is anything but promising for a good crop. The fields, bare of protection have been exposed to freezing temperature right along for over a month, and no rain of any account for over two months. Freezing and drought acted in conjunction, and leave the farmer with only prospect for a scant crop of wheat. Soon after seedtime the fields presented favorable indications for a full harvest next summer, but the elements above named set in to blast that prospect. At this writing the outlook for a wheat crop is no better than what was harvested this last summer and some farmers inform the Democrat that it will be even worse.

Several installments of volumes have been received by the Historical Society of Centre county that are valuable contributions. The society has not yet been able to secure suitable quarters for its home which has interfered with its progress, but that difficulty will be overcome in the near future, and we expect to have one of the best Historical Societies in the state, after it gets into full swing, for the reason that there is so much history of deep interest and value connected with this county from the days of the early settler down to this time, that will furnish material beyond price for its archives. Citizens would do well to prepare papers in advance of the opening of the home of the Society, and have same ready to be presented and read at its regular meetings. Anything of interest in this line, no matter how brief, is worthy of preserving by the means afforded by the Society.

Accidentally Shoots his Mother.

On Friday evening last a sad shooting accident happened at Centre Hall, near the station, in the Killian family. A son of R. C. Killian, aged about twelve years, was handling a loaded gun at his home, which from some cause was accidentally discharged the ball entering the left breast of Mrs. Killian, glanced and passed through striking the left arm near the shoulder. The wound on breast and arm is serious but it is not believed will be fatal.

A Serious Accident.

On Wednesday afternoon, of last week Harvey Miller, who is one of Col. John A. Woodward's teamsters, was hauling gravel from a pit and while loading the wagon the pit caved in, almost completely covering him, nothing but his head being visible. The supervisor, Ralph Schenck dug him out, no bones were broken, yet he is a badly bruised up man, and if nothing further sets in he is expected to recover.

Great Slaughter of Big Game.

State Game Warden Kalbfus has asked all the deputy game wardens in the state to give him the figures as to the number of hunting camps in their districts, the number of men in them and the number of deer and bears killed this season. From his reports it is estimated that the 3000 hunters in Pennsylvania woods this year killed at least 1000 deer and 200 bears.

Smallpox Aboard.

The public schools at Milesburg were closed on Tuesday, also those at Central city, on account of smallpox developing in that section. Orrin Heaton has an attack of the disease. There is supposed to be a case of a boy in the family of Lansing Irvin, at Snow Shoe Intersection. A case is also reported from Roland.

Hog That Was a Big Hog.

Charles Smoyer, of Runville this county, killed a porker a few days ago, which dressed 550 pounds, and from which forty fifty-pound cans of lard were rendered. This beats all returns so far and will likely leave Mr. Smoyer at the head.

Weather Report.

Weekly report—Bellefonte Station.

DATE	TEMPERATURE	MAXIMUM	MINIMUM
Dec. 8, pt cloudy	30	30	14
9, pt cloudy	32	32	14
10, cloudy	30	30	14
11, clear	22	22	8
12, cloudy	22	22	10
13, clear	26	26	20
14, clear	24	24	10

Snow, on 10, all day, 3 inches; on 12, afternoon 1/2 inch.

—Ladies warm lined shoes 95cts.—Yeager & Davis.

ADJOINING COUNTIES.

The North American tannery, the oldest industry in Lewistown, has been closed indefinitely. Forty men are idle.

Ira C. Stoner and wife, of Salona, left to spend the winter with their son-in-law and daughter, Dr. Joseph Krape and wife at Kent, Ohio.

The large grist mill of D. J. Hassinger at Benfer, Snyder county, was burned on Thursday with between two and three thousand bushels of grain.

The late James V. Brown, of Williamsport, has provided in his will for the erection of a public library in that city to cost \$150,000 and for its maintenance.

The Elk Tanning company, of which the Clearfield tannery is a branch, is at present filling an order of 250,000 sides of sole leather for the Japanese government. It will require 216 cars, containing 15,000 sides each, to transport the leather to the Pacific coast.

William Neff, of Warriorsmark, met with quite a loss Sabbath morning, by way of a straw slide. When he went to the barn at 6 a. m. he found that part of a large straw stack had fallen over and covered up a lot of the stock. A number were saved, but there were eight sheep and three young cattle that were dead. His loss is estimated at \$75 or more.

Work on the railroad from New Berlin to Winfield is progressing. Last week they completed the grading east to the Kremer farm. Monday morning of last week work was begun at Winfield when they will work west from this time on. The reason for this is, so that they can begin to lay the track at the east end.

Wesley U. Herr has been appointed, by the post office department, carrier for the new rural free delivery, No. 1, from Salona. Mr. Herr has appointed Matthew B. Miller his sub-carrier. The new route starts at Salona going east, down the valley, up the opposite side going west as far as Joseph C. Mayes and then back and across the ridge to Salona. The new service will go into effect January 2nd, 1905.

Calvin J. Potter, a young farmer of Porter township, near Clintondale, while helping his neighbor, Henry Kryder, shred corn fodder, one day last week accidentally let his hand slip into the machine and it was shredded to the wrist. Dr. J. M. Dunn, of Mackeyville, was summoned and hastened to his assistance. Information as to the accident is very meagre, but rumor has it that the hand was amputated above the wrist.

Quail for Pennsylvania.

Forty thousand quail are being purchased in Oklahoma for distribution in Pennsylvania. It is an easy matter to trap 10,000 per day in that territory, so plentiful are they. The legislature at the next session will be requested to adopt these laws: The state to raise game for stocking purposes, to prohibit duck hunting after January 1. No dogs to be trained until August 1, and then to be kept under control and not permitted to remain all night in the woods. Deer hunting to commence November 1 and to continue for fifteen days, limiting each hunter to one deer per annum and providing a penalty of \$100 for shooting deer with buckshot; bullets only to be used.

Carload of Geese Free.

An eastbound freight had stopped to take water at Coatesville, Tuesday, in a car next to the caboose were 2,176 geese. Another eastbound freight appeared, and as the engineer was unable to get his air brakes working, his locomotive piled into the caboose and crashed through the car loaded with geese. Fifty men and boys, besides trainmen, participated in a lively goose chase until they captured 1700 of them. About 200 were killed and 276 maimed, the latter being distributed among those who assisted in capturing the live ones. The geese were from Kentucky and consigned to New Jersey. Residents of Thorndale will have goose for some time to come.

Crack on Moon.

The discovery of a great rill on the face of the moon, which extends lengthwise for a distance of eighty miles, is announced from the Lick Observatory of California. The rill is in the nature of a crack in the moon's crust, or of a dry river bed, only a few hundred feet in width and some eighty miles in length, extending through the centre of the valley.

It can be seen only under good atmospheric conditions, and when the sun is shining upon it at the proper angle. The fact is, the news of the election in Centre county just reached them up there and they can't help but crack a smile on Orvis.

—Men's canvass leggins soets.—Yeager & Davis.

The Pittsburg Presbytery of the Presbyterian church on Tuesday by a vote of seventy-one to twenty-nine, adopted the overture for a consolidation of the North-east Presbyterian church with the Cumberland Presbyterian church.

—Men's good felt slippers soets.—Yeager & Davis.

A Guaranteed Cure For Piles.

Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter how long standing in 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

John Hicks, et ux, et al to Matthias Thall, March 22, 1884; lot in Benner twp. \$200.

Solomon Furch, et ux to Jonathan Amory Hoshill; Oct. 19, 1904; lot in Snow Shoe. \$100.

—Good warm shoes for old gentlemen.—Yeager & Davis.

There is no gift for either sex that will compare with a gold watch, provided it is a good one. There is no reason for the useless lot of trash that is flooding the county sold under the name of watches, when you can get a good watch for as moderate a price as they are selling for today by reputed experienced watch merchants. The main trouble is the lack of knowledge or experience in matters of this kind. They simply don't know and you take the chances; you might as well expect that because they bear the soil from off the stock that they are experts in real estate and can lay out town lots on a dusty counter. We offer you town lots on a dusty counter. We offer you many years of experience and practical knowledge and can assist you in the selection of a gift that will never grow old, and will not disappoint.

Our Christmas trade up to today has been the largest in our experience, so we have some idea of what are to be popular gifts. In the first place this is going to be a galore Christmas and we are amply prepared for it. Its difficult to select a present in silver for a man, but a pair of Military brushes will fit in every case. A man should use them constantly and vigorously; they will not in every case prevent gray hair but they positively will if used in time, and as we direct, prevent the loss of hair and thereby premature baldness. Toilet sets of brush, comb, and mirror for women make an ideal gift. They are here in the very finest and artistic patterns made in America, moderate in prices consistent with quality.

Signet articles are very popular and they will continue to be so in addition to signet rings for women, men, girls, boys and babies. There is signet fobs for men and women, hat pins and scarf pins, sleeve buttons and bracelets. We monogram them without additional charge.

Have you seen the Wallace plate, it is new here although it has been made for sixty-nine years. We think it about the finest thing we ever saw and we have seen nearly everything that has been made in the last forty years. It is displayed in our north window.

For lack of room we have decided to abandon the sale of pocket books, etc., and will dispose of our stock at exactly half price. They were the finest goods we could find but we are crowded for room. We have some bargains in other lines, some good old patterns staple as anything can be but are being crowded out by new ones as it is impossible to keep everything that is made.

F. P. Blair & Co., Jewelers.

The following prices prevailed Thursday morning.

The oiling prices are paid by SCHULER & Co. for produce:

Eggs, per dozen	28
lard, per pound	12
Tallow, per pound	4
Side per pound	23
Shoulder, per pound	20

Bellefonte—Grain.

The following prices are paid by C. Y. Wagner for grain:

beat, old	\$1.15
beat, new	\$1.15
Oats	\$1.15
Rye	\$1.15
corn Shelled	\$1.15
corn new	\$1.15

HEALTHY ADVICE.

In a sermon on the "Home" the Rev. William Henry Ford, of Pottstown, Pa., scored social clubs. He said many men's clubs were merely speakeasies and breeders of divorce cases, while women's organizations were not spared. Many women, he said, fondle dogs or talk on women's rights when they should be nursing children.

Chief-of-police Norton, of Jersey Shore, dropped dead Saturday night, after assisting to arrest two men who resisted arrest, and a desperate struggle ensued. There were no marks of violence on Norton's body and heart failure superinduced by over exertion is given as the cause of death.

HOW ABOUT IT?

C. M. Parrish Says it Costs Nothing If It Does Not Cure.

Lungs weak as a result of lingering coughs; nerves exhausted fighting the severe colds of winter; energy gone. For these conditions physicians prescribe Vin-te-na. Why not test it on our guarantee? Here is our challenge: Buy a bottle of Vin-te-na, take as directed, and if, after a few days, you do not feel that it has strengthened your nerves, produced restful sleep, improved your digestion, and in fact made you feel that life's worth living, money will be promptly refunded.

C. M. Parrish gives his guarantee with every bottle.
