#### Czar Swapping Horses In Midstream

To stand between the Russian autocrat and the surging fury of the long suffering Russian masses appears to be the difficult role for which destiny has cast M. de Witte, the president of the ministerial council, who has been asked by the czar to take the place of the liberal minister of the interior, Prince Sviatopolk-Mirsky. It was reported that De Witte would become the real power behind the throne and that he would begin peace negotiations with Japan as the only way to save the government from the approaching internal revolt. While defending the autocracy.

> which forced the war. In a circular note to the leading powers the czar's government charges that China has repeatedly broken neutrality on three counts-first, that the islands in the strait of Pechili have been used by the Japanese as a strategic base; second, that the Chinese army on the border has been led by Japanese officers, and third, that Chinese mer-
