IS YOUR BACK ALLRIGHT?

If It Isn't the Chances Are That Your Kidneys Are Calling For Aid.

The kidneys are the most important of all the organs; they have more work to perform than any other, hence the necessity of heeding the first symptoms of their derangement. They filter or strain the blood, thus removing the impurities and poisons from this vital fluid. By keeping these greatest of Blood Purifying organs in good health, many diseases are prevented.

Pains in the back and loins are evidence that the kidneys are affected, and they in return will affect the Nerves, causing nervousness, sleeplessness, restlessness, irritability, etc. Infrequent or too frequent urination excessive, painful or scanty urinary passage are all conclusive proof that the kidneys need assistance.

For any of these troubles Krines Kidney Pills are a positive cure and for them to fail to do what they were designed to do would be like reversing the law of cause and effect. These pills are sold and guaranteed at Krumer's Drug Store. If you are not benefited you get your money back by asking for it.

HIGHVALLEY.

Hello! Georgetown scribe, this is Saturday and some kind of an election will take place. I hope you will get your man in trim now.

Jess Snyder and the Dr. have made their trip. I supposed to State College; since they returned it seems money is getting in circulation.

This was not a good winter to haul logs; where there were rocks, never was enough snow to cover them.

All are busy at east and west end; the middle is on the rocker as they have plenty in store to see them through the winter.

There must be a good many sick horses as Dr. Barker is out every day.

Some of our readers may think this a little "fishy" but the fun is worth reading. While on my way to Coburn I passed the Rabbit Supply House and was surprised to see a large sea rat come out of Loyd's cellar with a ham of smoked meat. The ham weighed about three or four pounds, and when I returned I saw another rat come out with a large smoked rabbit. If I had such rascals to visit my cellar I would try and capture some and give them a coat of tar and feathers, ride them on a rail and save the country the costs.

The Coburn scribe, after his school closes, will devote his time to raising full blooded stock of horses.

ZION.
