Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. E. B.

We heard a man say the other morning that the abbreviation for February—Feb—means Freeze every body, and that man looked frozen in his utter. It was apparent that he needed the kind of warmth that stays, the warmth that reaches from head to foot, all over the body. We could have told him from personal knowledge that Hood's Sarsaparilla gives permanent warmth, it invigorates the blood and speeds it along through artery and vein, and really fits men and women, boys and girls, to enjoy cold weather and resist the attacks of disease. It gives the right kind of warmth, stimulates and strengthens at the same time, and all its benefits are lasting. There may be a suggestion in this for you.

TIME TO PLANT DOLLARS.

A Few Invested Now Will Bring a Big Crop.

The great quick cash unloading sale at Samuel Kalin's, State College, Pa., is the wonder of the age; think of the prices cut in half and you have an idea of how wildly the goods are being slaughtered in the effort to raise money! But this business must be saved, no matter how great the sacrifice. Every quick dollar we gather in now is worth five dollars in the future; this is why we shut our eyes to prevent losses, and smile while the public takes away all profits and leaves us with bare shelves.

Save your money, watch and wait for the OPENING DAY—FRIDAY, FEB. 10—then come.
