IS YOUR BACK ALLRIGHT?

If It Isn't the Chances Are That Your Kidneys Are Calling For Aid.

The kidneys are the most important of all the organs; they have more work to perform than any other, hence the necessity of heeding the first symptoms of their derangement. They filter or strain the blood, thus removing the impurities and poisons from this vital fluid. By keeping these greatest of Blood Purifying organs in good health, many diseases are prevented.

Pains in the back and loins are evidence that the kidneys are affected, and they in return will affect the Nerves, causing nervousness, sleeplessness, restlessness, irritability, etc. Infrequent or too frequent urination excessive, painful or scanty urinary passage are all conclusive proof that the kidneys need assistance.

For any of these troubles Krines Kidney Pills are a positive cure and for them to fail to do what they were designed to do would be like reversing the law of cause and effect. These pills are sold and guaranteed at Krumrine's Drug Store. If you are not benefited you get your money back by asking for it.

PROTECTION AGAINST GERMS.

People With Weak Stomachs Most Liable to Catch Disease.

When the stomach and digestive organs are weak, the food does not digest, and there is a sour, slimy, fermenting mass, making it an ideal spot for the disease germs to multiply. The only way to protect yourself against disease germs is to strengthen the stomach and digestive organs, and Mi-o-na is the only agent, so far as is known, that will accomplish this.

The ordinary medicine that is taken for indigestion and stomach troubles is advertised to act upon the food alone, and hence can give no more than temporary relief. Mi-o-na is a certain cure in all cases of stomach troubles, excepting cancer, because it enables the stomach and digestive organs to act in the way Nature intended they should. Drugs cannot digest the food; they simply decompose it.

If you suffer with distress after eating, pains in the head, chest, sides and back, belching of gases and undigested food, bad taste in the mouth, dizziness, or vertigo, heartburn, variable appetite, sick headaches, spots before the eyes, and have a general feeling of despondency, weakness, and debility you should at once strengthen the stomach and digestive system by the use of Mi-o-na. There is no liquid, no alcohol, no spoonful doses with Mi-o-na. Just one simple tablet out of a fifty cent box before eating, and your stomach will soon become so strong and healthy that you will be germ proof. Ask S. Krumrine to show you the guarantee under which he sells Mi-o-na; costs nothing unless it cures.

Rexall Medical News

Debility

Catarrh is clearly the cause of debility. No person free of catarrh in my opinion was ever troubled with debility. So you will readily understand that the cure of debility depends entirely on the cleaning out of the catarrhal parasites. No debility cure will ever cure you as long as you have catarrh. Catarrh is the cause. Debility is the result. Then get rid of the cause. No remedy will ever cure you but a catarrh remedy, and no other remedy will do it but Rexall Mucu-Tone. I make this statement because I know what Mucu-Tone is and what it will do—and doesn't it stand to reason that a remedy designed for one particular purpose—as Mucu-Tone for catarrh only—is going to give results a hundred times better than a cure-all that aims at every disease in the dictionary?

Then I back up our statement with the broad and liberal guarantee that if Mucu-Tone fails to give you any relief we refund the price you pay me. I can afford to make this statement because we know Mucu-Tone will positively cure you, since Mucu-Tone acts entirely different to any other remedy we know of and we think I know them all. Mucu-Tone acts in a scientific way by first of all destroying the deadly catarrhal germs—ridding the system of every trace. Then as the very name—Mucu-Tone—implies, it tones up the mucous tissues, the tissues on which the catarrhal parasites live. Then there is a chance to get well. No other remedy but Rexall Mucu-Tone will do it. Get Mucu-Tone. It destroys every trace of the germs of catarrh. It heals and soothes the tissues. It tones up the entire system. I have a large trial size for fifty cents that I guarantee to give results. I want you to try a bottle on my personal recommendation.
