Holloway Hoy and wife, of Hublers-burg, were in town on Monday.

Rexall Medical News

Consumption

Consumption is practically incurable, but the cause, even to an advanced stage, is curable. Catarrh is responsible for every case of consumption everknown. Consumption is generally spoken of as the great white plague and the enemy of the white race, but I believe neglect is the people's greatest enemy, when every case of consumption might have been cured in the beginning by taking REXALL MUCU-TONE, No. person in my opinion ever had consumption who did not have it begin with Catarrh, and no one who ever used Mucu-Tone ever failed to effect a cure. The reason is clear enough, too-Mucu-Tone is a catarrh remedy that strikes right at the cause. Catarrh is caused by a germ in the blood. Mucu-Tone is a germ destroyer, and first of all destroys the germs of Catarrh, then it tones up the tissues that have been ravaged by the catarrhal parasite, and in that way prevents the germs of consumption from ever getting a start. Besides this it is a wonderful appetizer and flesh builder-you begin to "put on" flesh just as soon as you begin the treatment. I have no other medicine that I recommend so often nor so largely - in fact I guarantee a large trial bottle that I sell for fifty cents to give results or I refund you the price. Try a big trial bottle to-day on my personal recommendation.
