IS YOUR BACK ALLRIGHT?

If it isn't the Chances Are That Your Kidneys Are Calling For Aid.

The kidney's are the most important of all the organs; they have more work to perform than any other, hence the necessity of heeding the first symptoms of their derangement. They filter or strain the blood, thus removing the impurities and poisons from this vital fluid. By keeping these greatest of Blood Purifying organs in good health, many diseases are prevented.

Pains in the back and loins are evidence that the kidneys are affected, and they in return will affect the Nerves, causing nervousness, sleeplessness, restlessness, irritability, etc. Infrequent or too frequent urination excessive, painful or scanty urinary passages are all conclusive proof that the kidneys need assistance.

For any of these troubles Krines Kidney Pills are a positive cure and for them to fail to do what they were designed to do would be like reversing the law of cause and effect. NAME FOR INDIGESTION.

S. Krumrine Has a Simple Remedy That is Guaranteed To Cure The Trouble.

No one word better expresses the condition of the sufferer from weak stomach or indigestion than "misery." The stomach is weak and cannot digest the food, so that there is no appetite, there are pains and griping in the stomach and bowels, the head and back ache, and the misery goes to every organ.

Strengthen the stomach and the digestive system by the use of Mi-o-na. This is the only stomach remedy known that gives relief by strengthening the stomach and digestive organs. It is this principle that makes it a certain cure for indigestion. Other medicines may give temporary relief by helping digest the food, but they do not strengthen the stomach, and that organ gets weaker and weaker all the time.

S. Krumrine, the reliable retail druggist, has so much confidence in this remarkable remedy that he guarantees a cure, or the money will be refunded. Mi-o-na costs but 50 cents a box. Ask to see the string guarantee given with every box.

Mi-o-na is in tablet form and should be taken before each meal. Other remedies for stomach troubles and indigestion are taken after the meal, and decompose the good food you eat, but Mi-o-na used before eating strengthens the stomach, soothes and heals all irritation and inflammation, enriches the blood and puts the stomach in such a healthy condition that it will take care of the food itself and there will be no pain and suffering.
