EDITORIAL.

At last we have a democratic president; hope he will keep up the good work.

\$93,000 is the amount spent by the last board of County Commissioners. How do you like it?

SEVERAL new announcements will be found in this issue. Candidates are not as plenty this year as in some former years. A number are deliberating.

THE comment of Judge Orvis on the license question struck some members of the bar harder than the hotel keepers. It was so appropriate and wholesome that the community is still chuckling over the admonition.

THE Centre Democrat had no desire to injure the Storey Cotton company in Philadelphia. Our advice to withdraw, in the last issue, was given because we don't like to see our friends lose their savings—something that we predict if they remain with the concern.

THE Baltimore professor who declares that men after the age of forty are of little use and at sixty should be chloroformed may have been a little hasty, yet we know plenty of men who never were any good and should have been strangled after they were weaned.

AMONG the bills introduced in the house on Monday was one by Reitmeyer, of Lycoming, prohibiting the sale by retail liquor dealers of vinous, spirituous, malt or brewed liquors, except that which is consumed on their premises, under a penalty of \$1,000 or six months' imprisonment.

THE President is severely at outs with congress on half dozen measures, and Pennypacker is at outs with the state legislature. As this hubbub is all in the republican kitchen at Washington, and the machine bosses in their private incubating apartments at Harrisburg, there may some good come out of it for the masses.

BELLEFONTE has a republican majority of about two hundred. At this time, the democrats have every department except an auditor. This may seem strange, but quite natural; being in the minority we always nominate our best men and substantial people vote for them. It pays to nominate the best material in the ranks.

The New York bricklayers are, perhaps, the best-paid workmen in the United States. Under an arrangement made with the Mason Builders association of that city, their wages beginning on March 1, will be 70 cents an hour, eight hours work, at 70 cents an hour, \$5.60 per day; but in the busy season they almost without exception work over-time, 12 hours a day. For over-time they get double pay, so for the four extra hours they get as much as for the first eight hours, making a total of \$11.20 per day possible, or a weekly total of \$66.20. That is as much as bricklayers in Europe get in a whole month.

OUR esteemed representative, Phil Womelsdorf, has risen to hoist himself to the highest knot of statesmanship by enlisting as champion of the fishes—as we infer from what he has writ. It will be a pleasure to his constituents to know this. The little fishes are in need of a protector and Phil promises to be the Moses of the finny tribe. We are glad, and are in hopes Phil will also look after the bigger fishes—the sharks of the machine breed that hover around the public treasury at Harrisburg greedily for every dollar in it that they may devour, in the shape of new offices and increased salaries. Philip was the champion of these machine sharks when he was in the legislature a few years ago and voted for all measures that fattened them from the public crib at the expense of the tax payers. The machine sharks and Phil were in most excellent fellowship, and if he goes for these man-eaters and public robbers of the machine pool the people will consider him a true fisherman even if he fails to look after the interests of the trout fry.

Shiloh's Free Distribution.

In another column announcement is made of a free distribution of Shiloh's Consumption cure, the Lung Tonic, to be held in Bellefonte, on Wednesday, March 22.

Readers of the Democrat are doubtless aware that Shiloh's Cure has been on the market for over thirty-two years, and that nothing has ever been offered that takes its place as a family remedy for Coughs, Colds, Hoarseness and all diseases of the air passages.

More Shiloh's Cure is being sold today than ever before, which is perhaps the best evidence of the fact that it does all that is claimed for it.

Any reader of the Democrat, who may for any reason be missed in the house-to-house distribution on Wednesday may secure a free bottle by addressing S. C. WELLS & Co., LeRoy, N. Y.

Krumrine's Instantaneous Headache Powders will relieve the most obstinate cases of nervous and sick headache. 10 cents.

POLITICAL ANNOUNCEMENTS.

All persons who will seek nominations for office on the Democratic Ticket in Centre county, according to the rules adopted by the party, unless they have registered their names in a book kept by the County Chairman for that purpose, three weeks before the primary election, paid him a certain fee, for defraying necessary party expenses, and pledged themselves to vote for and support the ticket thus nominated.

The regular Democratic primaries for Centre county for the year 1905 will be held in the various voting precincts of the county on SATURDAY, JUNE 3RD, and the Democratic convention of Centre county will convene in the Court House, at Bellefonte, on TUESDAY, JUNE 6TH, at 10 o'clock, A. M.

H. S. TAYLOR, Co. Chairman.

We are authorized to announce the following named persons as Democratic candidates for the various offices named subject to the decision of the Democratic county convention:

- Sheriff, ELLIS S. SHAFFER, of Miles Twp. County Treasurer, JOHN D. MILLER, of Walker Twp. DR. F. K. WHITE, of Phillipsburg Bor. Recorder, JOHN C. ROWE, for re-election. Auditor, J. W. BECK, of Howard Boro. Co. Commissioner, JAMES J. GRAMLEY, of Miles Twp. W. H. FRY, of Fergusson Twp.

We are authorized to announce the name of H. E. Zimmermann, of Benner Twp, as a candidate for the office of county Commissioner, subject to the rules governing the Republican primary election in Centre county to be held Saturday, April 23d 1905.

ENDORING BEAVER.

During the past week petitions have been circulated and signed by members of the Centre County bar and adjoining counties, asking for Judge James A. Beaver's renomination for the Superior Court this year.

Judge Beaver seems certain to secure this return to the bench, which he has filled in such a creditable manner.

He was originally named for the position by Gov. Hastings when the Superior Court was established ten years ago.

FOR CO. SUPERINTENDENT.

The contest for the next county superintendency is not near as animated as in former years, and is moving along very quietly. Prof. D. O. Ethers is hustling around over the county interviewing directors and is a live candidate. Prof. Melford Fletcher, Blanchard, contemplates being a candidate and has strong following. Supt. C. L. Gramley will accept the position for another term if there is any sentiment shown by the public in his behalf.

JAMES A. FEIDLER, now teaching school at Central City, in Boggs township, intimates that he will start a new republican paper in Bellefonte this spring. The more the merrier.

34-YEAR RECORD.

The wise buyer is posted in what he buys and where to buy.

34 years of unquestioned ascendancy. 34 years of steady improvement in quality and workmanship. 34 years of constant increase in sales, and still growing.

This is the record of "Schofield's Harness Factory."

Are there any who will deny the above? Three first class workmen kept busy all winter making heavy and light harness. Our stock is complete in farm, tug, buggy, spring-wagon and light double driving harness. Our chain harness this year are cheaper and better than ever. We have a large assortment of fine tug bridles made in different styles. We invite you to call and examine our goods and get our prices. Don't buy old harness at a price for which you can buy new here. Don't ask us to compete with inferior-made goods, as we use only the best material and employ only first-class workmen. We have over six hundred dollars worth of collars, ranging in price from \$2.00 to \$4.00. Don't fail to see these goods before buying.

Yours truly—for your trade, JAMES SCHOFIELD.

Sunlight Omega

ACETYLENE LIGHT

IS THE BEST LIGHT IN THE WORLD. The nearest to sunlight of any light in the world. Cheaper than coal oil. No lamps. No globes. No danger.

10 minutes' work each week keeps your gas plant in prime condition.

You are always independent of light companies.

It is allowed by all insurance companies without extra charge.

You regulate your own light bills.

Don't buy an inferior machine. The Sunlight is automatic. Runs itself after you fill it with carbide and water.

An Acetylene Burner never burns down and gets smaller like electric lights.

Only 1-8 the heat of city gas.

A 25-candle-power light of acetylene costs 2.5 of a cent per hour to burn it.

A 25-candle-power light of coal oil costs 1 of a cent per hour to burn it.

A 25-candle-power light of city gas costs 1 1/2 cents per hour to burn it.

A 25-candle-power light of electric costs 1 1/2 cents per hour to burn it.

The above costs are taken from city gas at \$1.25 per 1000 feet, (while in Bellefonte you pay \$1.80,) carbide at 4c. per lb., and electric light sold lowest city rates.

Having had quite an experience with Acetylene light, I have taken the agency for the Sunlight Gas Machine which is conceded by experts to be the best Gas Machine on the market. Its simplicity and construction being so much in its favor, with no possible chance to explode, I have thought it wise to abandon the sale of all other machines. Two reasons favorable to the Sunlight Machine are: First, it is impossible to choke or stop the feed; second, a Sunlight Machine cannot drop too much carbide, causing the machine to flood the cellar with water, gas and a substance as similar to white-wash.

I will be pleased to figure with interested parties for town or country homes, business places, &c.

I have for sale one NO. 10 COLT GENERATOR at \$25.00; having been used not quite one year, and cost \$48.00.

I have for sale one NO. 35 COLT GENERATOR, used about two years, at \$80.00, cost \$150.00.

I have for sale one MARTINDALE NO. 35 CARBIDE FEED for \$75.00.

The reason why these two Colt Generators are offered for sale is that the parties who own them want to replace them with Sunlight machines.

As a Matter of Fact

We oft times take statements as being true on their face—a tone of confidence—and confidence is a good thing; the binding link in chain of all business or enterprise. But it often happens that after we have accepted this confidence, we are regretful for the acceptance. Better had we investigated.

We are now coming to the clothing part of it.

Each store claims your patronage for "the best service," and best service is composed of these three things—

Variety or Assortment, Quality, and Price.

Each clothing store will base their claims for your business upon one or all of these things. You may accept their claims—merely from their advertisements or some person's opinion—take it as a matter of fact—but be regretful afterwards. We say to patrons of this store, and all other clothing buyers, do not take the statement that we make in reference to our

Spring Showing—

that in Variety, Assortment, Quality and Price, you will find it unequalled. Do not accept this statement, or that of any other clothier, as a matter of fact, but look into it—look around—see them all—judge us as we would have you, by comparison. You'll not have anything to regret afterwards.

Sim, the Clothier The Best Service Store.
