

Bellefonte and Vicinity

Mountains at McBrides gap were on fire end of last week. Must have been set on fire, for which there is a heavy penalty and the wardens will be looking up that class of offenders. Miss Rebecca Lyon is arranging to give a grand concert in Bellefonte on the evening of the 25th of April. It will be under the auspices of the board of lady managers of the hospital. J. D. Hall, conductor on Central R. of Penna., is off for a few days to help Mrs. Hall to get moved into new quarters, "The Hallwoode," South Carolina Ave. and Beach, Atlantic City, N. J. On April 1st the Bellefonte Furnace company will move their offices from their present location in Temple Court out to the furnace, where they will establish permanent headquarters for the future. Sunday and all night Monday and Tuesday the rainfall was 2 1/2 inches. Streams are up several feet in some sections. The rain of the days mentioned was general, and all sections of the state welcomed the precipitation. The W. C. T. U. is preparing a surprise for the people of Bellefonte in an entertainment they propose to give in Petrikin hall on the evening of April 27. They don't want to tell us what it is but they promise us something great. We were pleased to have a call from our old friend H. H. Heaton, of Roland, Mr. Heaton is a veteran of the civil war, was a member of company F, 148 regiment. He bears a badly crippled arm from an injury received in battle. Bessie Cooney, who last fall went to Philadelphia to accept a position as milliner in a department store, has been sent to Atlantic City by the firm with which she is employed and has been made head milliner over a force of seven or eight women. Manager Garman promises the theatre goers of Bellefonte a treat in a few weeks when he will present "The Fortune Teller," Victor Herbert's great comic opera, which made Alice Nielson famous. There are 60 people in the cast and chorus headed by Miss Grace Orr Myers. Robert Lyon, son of W. A. Lyon and wife, of this place, recently resigned his position with the Pittsburgh, Ft. Wayne and Chicago railroad to accept a better place with the Hagan Manufacturing company, of Rochester and Buffalo, N. Y., the largest manufacturers of laundry machinery in the country. Harry Breen, one of the popular young school teachers of spring township, after the completion of the winter school term will leave for Columbus, Ohio, where he will take a course in the Capitol Musical College, to fit himself for piano tuning. He is the author of several instrumental compositions and is a fine musician. The Curtin heirs have placed in the Presbyterian church a beautiful memorial in loving remembrance of ex-Governor A. G. Curtin and his wife, Katharine Irvin Wilson Curtin. It gives the names of this couple, together with the date of their birth and death. The memorial concludes with this sentence: "The memory of the just is perfect." The interment of the late Robert Valentine occurred on Friday afternoon, in the Friends burying ground. The funeral services of the Society of Friends were conducted by John Thomas, of Berks county, Pa. The funeral was attended by a large number of workmen who had been under his employ for many years, the active pall-bearers being: William Gehret, Samuel Shirk, John T. Tate, John Flack, Samuel Rice, Harper Rice, James Miller and Jacob Shirk. Storey cotton is the latest joke. Prof. John D. Meyer spent Saturday and Sunday at his home in Centre Hall. Several very large trout can be seen in the big spring that are over 20 inches in length. S. D. Gettig, Esq., transacted important legal business in Everett, Pa., the past week. No better weather could be made for painting than we will have the next two months. If you want the longest wear for the money give us your order now—Eckenroth Bros., Bush Arcade. James Gleason, Esq., the tall democratic sycamore, from Houtzdale, was in town on Tuesday and in company with Sheriff Taylor, paid us a visit. His size is 6 ft 6 in., good stuff; and is one of the best campaign orators in the state. The Modern Woodmen of America at their regular meeting, Monday evening initiated forty new members in the order, at their hall in the Undine building. A delegation of Woodmen from State College were in attendance, also many representatives from neighboring lodges. Think it over, its very important to know we can sell you wall paper of a better grade and for less money than the sample book man, and you don't have to run any chances of being short a roll and unable to get any more. If there is any left over you can return it and get your money back at Eckenroth Bros., Bush Arcade. J. S. McCargar and wife leave for Pittsburgh Wednesday for Florida, where they will spend several weeks. They join a party who chartered a special train for the trip, all being agents of the Equitable Insurance Company in Pennsylvania under Manager Edward A. Woods, of Pittsburgh, who furnishes the outing as a prize to those agents who write a large volume of business. Musical Cow. A young cow in the possession of Winslow Eastlake of Oil Creek Corners, has developed a remarkable power. When milking, the udder seems to be a sort of bagpipe and the teats a sort of series of stops with musical tones. The vibration of the rushing lacteal fluid as it passes to the pail, sets up a sound not unlike that made by an accordion. Each teat has a different note, but the tones vary according to pressure, and though fairly constant are not always the same. The hired man has studied the sounds. He understands them pretty well and has amused curious neighbors with tunes like "Old Grimes," and "Auld Lang Syne" while milking this unusual animal. The cow is in fine condition and about eight pounds of butter is made a week from her milk.—Franklin News. Find a Ton of Silver. While walking along the south shore of Silver lake at Akron, O., Geo. Lodge stumbled upon a billet of metal, which was found to be silver. Making further investigation he and his brothers dug out 25 billets of an average weight of 100 pounds, making over a ton in all. For many years the late Henry Wetmore, who died when 110 years old, told a story how an encampment of 500 Indians shortly before the battle of Tippecanoe left the vicinity of this lake in a single night, and it is thought this silver is treasure they dumped into the water for safe keeping. Yours truly—for your trade, JAMES SCHOFIELD.

GATHERED OVER THE COUNTY. J. W. Tressler moved to John Dauberman's farm, near Farmers Mills. Howard Durst, of Potter, having purchased a farm near Lewisburg, will occupy it this spring. F. W. Sweetwood has returned to Illinois, after a visit to his parents, Mr. and Mrs. R. D. Sweetwood, of Potters Mills. T. L. Swinford, head sawyer at Huyett & McNitt's mills near Nittany, had his right hand badly cut at a saw and will lose several fingers. Earl M. Archey, of Mackeyville and Verda I. Long, of Nittany were united in marriage by Rev. H. I. Crow, at Hublersburg, March 15. Katharine Condo, widow of the late Jerry Condo, was granted a pension—eight dollars per month. Her husband was a member of 148 reg. Ex-Sheriff John Spangler, of Centre Hall, we are pleased to state, is improving and able to sit up. The stroke last week was quite severe. Rev. Smith, pastor of the United Evangelical church at Rebersburg, has retired from the ministry. He will make his home at Mazeppa, Union county. The third quarterly meeting for the Free Methodist church, will be held in the Forge church on next Friday and Sabbath 24-26. Elder A. M. Been will be there. All are invited. J. K. Mumau, pastor. A. F. Harter met with an accident at the planing mill of A. A. Frank, of Millheim, while operating a circular rip saw. By some means his right hand came in contact with the revolving saw and injured three fingers. The tenant house on the farm of Mrs. John McDowell, a short distance west of Milroy, was destroyed by fire about two o'clock morning of 15. It was occupied by a family named Gahagan who lost nearly all their household effects. The county death list for the past six months will be noticed to have been unusually large for the "Reaper." A 94 year old landmark, in the death of Mrs. Steele, of Pleasant Gap, on Saturday, is among the latest as well as the oldest. Farmers from different sections of the county inform us that the wheat fields have shown a more encouraging outlook upon the disappearance of the snow. The snow had some redeeming effects upon the fields that looked so promising several months ago. Wilson Henry, one of Spruce Creek's push ahead farmers, had the misfortune to split his right foot with an axe while chopping wood in the woods last Saturday. It was with much difficulty that he got within shouting distance of his home, for the loss of blood very much weakened him. It is expected that Petersburg will have a bank by April 1st. The new institution is to be a private and not a national bank. The capital stock will be \$25,000. The leading incorporators are S. Striker, Calvin Bell, of Petersburg, and J. M. Blair and Mr. Lytle, of Blairs Mills. Chas. Sheasley, who for several years carried on a large bakery and restaurant business at State College, has sold out to I. M. Harvey, who, with his sons, has been running the stage to Lemont, and the tobacco store on Allen street. Mr. Sheasley has bought the tobacco store from Mr. Harvey and John Snyder has taken the stage line. One week more and the 1905 March will be no more and some people will hardly know where they are at, so many having changed homes, as the streams of fittings on the roads indicate, and there were not a few by any means. These April fittings in the country districts are generally associated with frolics, in which neighbors and friends of the flitters join, and the new home is dedicated by hoe-downs and rural games for the first night, with plenty of royal grub prepared for the occasion one and two weeks beforehand. Thereafter comes the tug of war to have all the household goods placed suitably, the beds set up, and the peering stove-pipes fitted. Well, you have flitted too, reader, no doubt, and know just how it is, so we will not pursue the subject any further.

The groom is a young business man of Cleveland being connected with the banking firm of Lamprecht Brothers & Co of that city. NOT A PATENT MEDICINE. Hyomei, the Guaranteed Catarrh Cure. Prescribed by Physicians. No one should confound Hyomei with the patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians. Its base is the valuable eucalyptus oil, famous for its antiseptic qualities. This is combined with aromatic and healing gums and balsams, making a pure liquid, which when used in the Hyomei pocket inhaler, fills the air you breathe with germ-killing, disease-destroying and healing powers that kills all catarrhal germs there may be in the throat, nose and lungs. How foolish it is to try and cure catarrh by swallowing tablets or liquids. The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomei. This treatment has been so successful, during 99 per cent. of all who have used it, that Hyomei is now sold by S. Krumrine under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan. The complete Hyomei outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomei and a copper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50 cents. 34-YEAR RECORD. The wise buyer is posted in what he buys and where to buy. 34 years of unquestioned ascendancy, 34 years of steady improvement in quality and workmanship. 34 years of constant increase in sales, and still growing. This is the record of "Schofield's Harness Factory." Are there any who will deny the above? Three first-class workmen kept busy all winter making heavy and light harness. Our stock is complete in farm, tug, buggy, spring-wagon and light double driving harness. Our chain harness this year are cheaper and better than ever. We have a large assortment of fine tug bridles made in different styles. We invite you to call and examine our goods and get our prices. Don't buy old harness at a price for which you can buy new here. Don't ask us to compete with inferior-made goods, as we use only the best material and employ only first-class workmen. We have over six hundred dollars worth of collars, ranging in price from \$2.00 to \$4.00. Don't fail to see these goods before buying. Yours truly—for your trade, JAMES SCHOFIELD.
