Doll House.

By exercising a little ingenuity a bed for her dolly that many a small girl will find satisfactory may be made from the pasteboard boxes that find their way into most homes. The lid is stood on end and firmly attached to the box proper. Any soft, pretty fabric will serve for curtains and a valance if desired, and the customary bed furnishings may be as pretty as Miss Dolly or her little mistress could desire.

Think Straight.

It would be impossible for a lawyer to make a reputation in his profession while continually thinking about medicine or engineering. He must think about law and must study and become thoroughly imbued with its principles. It is unscientific to expect to attain excellence or ability enough to gain holding the mind upon and continually Mrs. Laura Elliott to Samuel Durst. contemplating something radically different.-Success.

Sign of the Gambler.

When you see a man excessively shined up, new overcoat, new hat, trousers painfully creased, shoes that reflect images of the surroundings; when you see him enter a car, throw the tail of his coat up his back before dropping into a seat, stretch out his legs, jerk up his trousers and begin to clean his nails, it is safe to bet \$1,000,-000 he is a successful gambler.-New York Press.
