## PULL A HAIR FROM YOUR HEAD.

If the root is white and shrunken the hair is diseased. If the root is pink and full your hair is healthy.

I sell more "93" Hair Tonic than any other hair preparation in my store. Why? Because my customers find that it does cure dandruff, does stop falling hair and does grow new hair. My experience has taught me that a preparation that will do all this is worthy of the guarantee—your money back if you want it. "93" Hair Tonic is an ideal hair dressing. It is not sticky or gummy; will not thicken on the hair; does not become rancid; has no disagreeable odor; it is clean and agreeable to use. At my store, only fifty cents per bottle.
