A ride through Centre county at this season of the year is not only full of enjoyment, but is one of those things which will linger in the memory as something to refer to long after. He is a veteran in that special line and rivets the attention of all who attend his services. The music is fine and has all the spirit and beauty of the Doctor's talks. On Sunday evening Mrs. Cora Seberry occupied the platform some twenty minutes entertaining the audience in a neat and charming address, after which Evangelist Seiber occupied the rest of the evening in an address of truth and power to the crowded audience. Services will be held every evening this week, and on the coming Sabbath at 10:30 a. m. and 7:30 p. m., which will close this interesting evangelistic work. Hyomei is a scientific method by which pure air impregnated with Nature's own remedies for the cure of catarrh can be inhaled by every sufferer in his or her home. Breathed through the neat pocket reaches the lungs and air passages as no stomach dosing possibly can do. It gives immediate relief and makes lasting cures.

Proof that the Hyomei treatment will do all that is claimed for it is found in the guarantee under which S. Krumrine sells it, an agreement to pay back the price, if the purchaser can say that Hyomei has not given satisfaction. Complete outfit \$1.10, extra bottles 50c.

A MATTER OF HEALTH

Bee Blocked Traffic.

A little sweet bee tied up traffic on the great Pennsylvania railroad Wednesday at Irwin. The engineer of a freight train got a bee lodged in his ear near Manor. The unfortunate man became almost frantic and it required several of the crew to hold him in the engine. When the train reached Irwin he was taken to a physician and had the bee removed, after which he returned to his engine and the train was started. In the meantime all the trains from Irwin to Greensburg were blocked for an hour or more.
