An Animal Story For Little Folks The Foolish Goat

One day a goat found a pile of tomatos and proceeded to devour them. A poet passed that way and, gazing on the goat, said: "Thy visage is that of a goat, but thy actions are decidedly asinine."

THE GOAT DEVOURED THE DICTIONARY.

"mean?" cried the goat as the poet passed on his way. "I never heard such large words before."

Then he strolled along a little farther and presently he found a dictionary. "Oh!" exclaimed the goat. "This is the book that has all the big words, and I guess I can find out in it what the poet meant. But then, I can't read," he pondered.

Then a happy thought occurred to him. "I shall eat the book," he said, "and then I shall have all the words in use. Surely I shall be learned enough then."

And the goat devoured the dictionary, big words and little words and all, and when he got through he was no wiser than when he began.

Just then the man to whom the dictionary belonged came along, and he gave the goat a sound thrashing. And the goat decided that it is not well to acquire too much learning in too short a time.—Atlanta Constitution.
