The thunder shower on last Friday afternoon was timely and welcomed by all. Some 3-4 inch of rain fell and vegetation generally would have felt a check if there had been no rain soon to give it new life.

Among the lucky fishermen after Friday afternoon's rain, was Henry Tibbens of this place, he hooked four trout measuring a total of 52 inches.

J. W. Rightnow on his exhibition in Harper's grocery windows the heads of a four-prong buck, a doe and a fawn, mounted. They are for sale. Anyone wishing to secure these magnificent specimens of the American deer should apply at once.

Kern's new laundry, on Water street, is now in full working order and solicits a share of your patronage.

The Methodist church was crowded on Sunday morning to hear to the Memorial sermon to the Gregg Post, Grand Army of the Republic, delivered by Rev. J. A. Wood, Jr. Sunday evening the baccalaureate sermon was delivered to the class of 1905 by Rev. J. A. Wood, Jr. There was special music by the choir which added to the evening's enjoyment.

A correspondent from Beech Creek to the Lock Haven Express of Memorial day exercises says: "The speaker of the day, David Fortney, Esq., of Bellefonte, was introduced. Mr. Fortney has always been a favorite with local audiences and a crowded church was there to hear him. His entire address was very interesting, replete with careful thought and highly appreciated by the large audience."

The commencement exercises of the Bellefonte public schools are in progress this week, following the program as announced. The exhibit of work by pupils, on exhibition in the front room of Petrik Hall is the finest showing along that line that has yet been made. It attracts many visitors and is the subject of much favorable comment. It shows decided advancement along many lines and speaks well for the schools of the town.

The steam laundry operated at this place for a number of years by J. Malcolm Laurie, was sold on Saturday to Hon. John Noll who has taken charge of the business. It will be under the direct management of his son Charles Noll, who has been connected with the telephone business in Clearfield for several years, and will move to Bellefonte immediately. Mr. Laurie has been a resident of Winburn, Pa., as cashier of a bank for some time and was unable to give the laundry the attention necessary which is his reason for selling. The laundry is equipped with the best of machinery and is prepared to render the best service. This venture will not interfere with Mr. Noll's former occupation as stone mason and contractor, or serving as a legislator at Harrisburg. It is a pity this laundry could not be used to wash some of the dirty political linen at Harrisburg, for Mr. Noll has plenty of starch, but not the proper machinery for such a job.

Mrs. Evens, of Brookville, Pa., sister of the late John T. Johnson, is visiting Mrs. Mary Ann Johnson at the latter's home on West Linn street. Mrs. Evans was born in Bellefonte.

Col. Fred Reynolds, Judge Ellis L. Orvis, Joe Montgomery, Hard Harris, George Meek and John Shugart spent several days last week fishing on Fishing creek and Cherry run, in Clinton county. We didn't learn what they "caught," perhaps a cold.

H. S. Ray and Wilsie Gephart, who left here on Sunday morning by automobile, arrived at Elmira, N. Y., by 7 pm. the same evening, covering a distance of over a hundred miles without any trouble. They will spend several days touring through the interior of New York state.

GATHERED OVER THE COUNTY.

The matter of rural free delivery for the section of Philipsburg is now being agitated. Many of the farmers and others living in the country districts are very anxious to have free delivery over there.

While Newton Walizer, of Tylersville, was fishing in Elk creek at Millheim last week he caught a trout that measured 22 inches in length. It was of the California salmon variety and a very fine specimen.

Joseph Fehrer, of Selingsgrove, is at Livonia to instruct the band at that place. Mr. Fehrer is well known in the eastern part of the county as an able instructor and years ago, was frequently employed by bands on the south side.

Andrew M. Reeser, proprietor of the Musser House in Millheim, in order to be up with the times, has had the water main tapped and water piped into that popular hostelry, thus having pure Philips creek water on draught at any time.

Charles Corl, of Boalsburg, and brother Robert, of Pleasant Gap, purchased a clover huller, grain thrasher and engine from J. J. Tressler at Cedar Creek. He is also building a new barn this summer. Wm. Stover is superintending the carpenter work.

Wm. H. and J. C. Jones, of Point Lookout, have purchased the Central Hotel at Philipsburg from Martha Ashcroft for \$10,000. At present there will be no change in the landlord. It is understood that many improvements will be added to the hotel this summer.

The Rebersburg Bright Stars had a comparatively easy time with the High school today defeating the latter by the score of 7 to 4. The High school found Mallory very effective while Miller was an easy mark. The game was fielded creditably but costly errors by Frank were numerous.

Twenty-eight ponds will be built this summer at the fish hatchery and work on the reservoir to hold a supply of water from Logan Branch must be completed before the ponds can be used, and the plans for its construction are now in the hands of Superintendent Buller.

Mr. and Mrs. J. K. Johnston, Mr. and Mrs. W. L. Hicks, Mr. and Mrs. E. C. Poorman, Mr. and Mrs. R. B. Freyman, Mr. and Mrs. D. S. Kloss, Miss Ida Anderson and John G. Anderson, of Tyrone, and Mrs. Kurtz, Mr. and Mrs. E. L. Carpenter, of New York, spent the past two days at Hecla park, Centre county.

On Wednesday morning 24, while the Hon. John A. Woodward was driving to town he met with what might have been a serious accident. He was driving along near the Tipton barn, when his horse became unmanageable and ran off throwing him out of the buggy. Mr. Woodward was badly bruised up.

First Church of Christ-Scientists, of Howard, Pa., announces a lecture on Christian Science, to be given in Christian chapel, next Friday evening, by Judge S. J. Hanna of Colorado. Some fifteen years ago Judge Hanna retired from the practice of law to engage in Christian Science work, and for ten years served as editor-in-chief of the periodicals of this denomination published in Boston.

CHARLES R. RINE—died Monday morning at 11:30 o'clock at his home on South Thomas street. He had been confined to his bed with dropsy for several weeks. He leaves a wife also one son Edward Rine, agent for the Adam's Express Company at Punxsutawney. He also leaves the following brothers and sisters: Samuel, James, Morris, of Bellefonte; John, Mrs. Kate Dry, of Tyrone; Mrs. James Ammerman, of Philadelphia; Mrs. Frank Gehret, of Bellefonte. In early life Mr. Rine learned the machinist trade and worked at this occupation for several years. Through an accident he lost the sight of both eyes, which incapacitated him from his trade. He then engaged in the tobacco and cigar business which he continued until his death. The funeral will take place this morning, interment in the Union cemetery.

The following is an extract from a letter written by Jerry E. Stine, a student in the theological seminary at Madison, N. J. for some time past. "I might say that I am a Centre county boy, a graduate of the Bellefonte High school, and am now attending Drew Theological Seminary, the great Methodist Theological seminary. I am supplying a charge along the Hudson during the summer, hence the necessity for change of address. I enjoy reading your paper very much. It is like the proverbial wine 'it grows better with age.' There are so many bright, interesting bits of news about so many persons in Centre county that I feel that though far away, yet I am in vital touch with everything that happens in my childhood home. Again allow me to congratulate you upon your triumph in journalism."

LABOR STRIKES AN EXPENSIVE LUXURY. It is estimated that the strike of the Chicago teamsters is costing the business interests of the city \$2,500,000 a week, to which must be added the loss of wages by the strikers and the amount of money contributed by other organizations of working men to continue the fight against the employers.

The Bellefonte Academy nine won their fifth victory Tuesday afternoon by defeating the Snow Show nine at Snow Shoe, by a score of 11-7.

While standing near the water pump near the railroad track, waiting the arrival of his train, Mr. Wilson fell to the ground and expired very suddenly. ATTENTION, VETERANS.

In order to secure absolute accuracy in the names and spelling thereof on our soldiers' monument, we will publish from time to time the lists of certain companies so as to enable those who are interested to suggest changes in initials or spelling, and also to suggest the names of any persons who may have been omitted from the rolls. This is the last opportunity which will be given to our people and to the survivors or friends of deceased soldiers who served from Centre county to have these names corrected. The Committee, therefore, appeals very earnestly to all who are interested in the subject to carefully scan all the names to ascertain:

1st, whether any have been omitted; and 2nd, whether the names of those already contained in the rolls are properly spelled.

It is also very important that the names of soldiers who enlisted in organizations outside of the county or State should be secured, in order that they may find their place among the nation's defenders upon the monument. This is perhaps the most important thing which the Committee has in charge, the organization from our own county being already well known. If, therefore, any person, in or out of the county, has knowledge of a citizen of Centre county who enlisted in organizations outside of the county and State, it is especially important that their names should be ascertained, so that they may find a place among those who enlisted at home.

Any communications in regard to these names addressed to Gen. John I. Curtin or William H. Musser, Bellefonte, will receive prompt attention.

A "Fly" Undergraduate.

A prominent railway official tells how an undergraduate at Johns Hopkins university made a decided hit at a banquet of railway men in Baltimore, to which he had been invited because of his intimacy with the son of the president of a certain road.

As there were not many guests the toastmaster called upon all for speeches. When the other men had had their say the toastmaster, turning to the young student, smilingly suggested that he make a short talk. The guests looked sympathetically at the young fellow, but he arose with perfect self-possession and said:

"Gentlemen, my position just now reminds me of a story. "A fly got on the ear of a bull. For some reason entirely unknown to the fly the bull suddenly began to tear down the road at a terrific rate, leaving a suffocating trail of dust. He was snorting and roaring in a most ferocious manner when the fly whispered in the bull's ear: "Geel! Ain't we raising an awful lot of dust and noise?" "And, gentlemen," added the undergraduate, "I must say that in the midst of all this wit and eloquence to-night I feel very much like that fly."
