

# Bellefonte and Vicinity

The Local Happenings in Short Paragraphs

-No paper next week.

-Mrs. Benj. Shaffer, of Huntingdon, is visiting friends in this place.

-Dan O'Leary left Friday for DuBois where he has accepted a good position.

-Herbert Beck, of Wilkensburg, Pa., was visiting friends in Bellefonte this week.

-The Saturday evening concerts at the Bush House continue to draw the crowds.

-Bellefonte will take things easy on the 4th, as the other towns will do all the celebrating.

-Domino, of Unionville, was in town on Monday; no doubt he took some notes along—not banknotes.

-Monday morning another start was made for the location of the monument, as new drawings were sent for the foundations.

-Farmer McCaully of Hublersburg, tells us he got in two pretty good loads of hay on Friday, but it was a little tough, he said.

-Boyd A. Musser, of York, Pa., was here this week superintending the erection of the new bridge across the race, at the station.

-Mrs. Isaac Dawson returned last Thursday evening from Philadelphia, where she underwent a serious operation in St. Luke's hospital.

-Rev. Will Wagner, on his return from Lutheran General Synod at Pittsburg, gave us a sail. His present charge is at Buckhorn, Columbia county.

-Dr. Geo. I. Yearick, of Nanty Glo, was in town this week on his way to his former home at Madisonburg. During the smallpox epidemic he was kept quite busy in his present location. It is his intention to locate at some other point.

-E. I. Gillen, the hustling groceryman, on Allegheny street, who sells strictly for cash, has taken space in this issue to tell our readers something about the price of groceries at his store. Give his advertisement a bit of your attention.

-Bob Montgomery started to paint the outside of the Brouckerhoff House. The brick-work will be Japanese yellow, the wood work white and the stone fronts green. Two coats of paint will be put on. The building is one of the most imposing structures in the town.

-The town council has decided to lay a 24 inch sewer from Spring street up High street to Dr. Dorworth's residence. The County Commissioners will pay part of the expense, in order to furnish an outlet for the jail and court house. Heretofore the drainage from those places was carried into an old well in front of the court house.

-Trains have been very irregular the past week. The evening train from Tyrone came in five hours late one night last week. On the Lewisburg road there were two delays. Last Friday evening Conductor Reamer did not get here until 11 pm. due to the tire of the engine slipping and another locomotive had to be summoned from Sunbury.

-Every once in a while the steam street roller agents drop into town to consult our councilmen. Would it not be nice to put about \$3000 in such a device? It beats the band who the present council is striving to spend money. Since over \$3000 was uselessly put in a new pipe line to the reservoir, and with no hopes of swiping the \$10,000 from the orphanage, one would think that these statesmen would stop—but they must buy a street roller and they intend to do it, too.

-These balmy days all the philosophers are down by the mill race superintending, in their minds, the erection of the new bridge. They can tell which end is three inches too high and how much the railroad siding and the street must be raised to conform to the structure. These and many other similar questions are daily debated. That will consume a week or two of their time after which the building of the soldiers' monument will take up their time between meals.

-Billy Bridgens, of Eagleville, was bitten on the finger by a large rattlesnake while out in the mountains fishing. He laid his arm over a log that was across the stream and was all unconscious of the rattler sunning itself on the log until he received the full charge of poison from both of its fangs. Immediately his companions put a twitch about his wrist and got as much whiskey into him as they could with safety. When he got to camp the wound was cut open and the finger immersed in whiskey with the result that the poison made it black as ink. Bridgens' hand and arm swelled to monstrous size, but by Tuesday the swelling was all gone and he appeared none the worse for the bite. The accident happened on Big Run.

McMillen, proprietor of the Brouckerhoff house here for six years in the early '80's, has been selected as the new manager of the Neil house, in Columbus, Ohio, one of the finest hotels in the west, to succeed the late Col. Geo. Hoffer. After leaving here he was in charge of the Dickey house, at Dayton, Ohio, for a period of ten years. After leaving the Dickey house he went on the road as a traveling salesman and at present is connected with the Beech Nut Packing company.

-Last Friday evening an interesting hearing took place before Justice Keichler over a fight. The justice rendered his decision which in effect is, that if a young man fills up his tank with fire water at a firemen's picnic, becomes quarrelsome, insults people, and carries a lot of stones around threatening people—he is a nuisance. No one should take such a chaps' abuse or any risk of being injured. If such chaps get knocked down, that is about what they deserve—good law and it generally is enforced.

The Dr. is beloved by all who know him, for his Christian qualities and ability as expounder of God's word; his delicate health does not permit his serving a charge but wherever he can be a help he is ever ready. His last charge was the Presbyterian church at Port Carbon, Pa., which he resigned over a year ago.

**Memorial Services.**

Bald Eagle Grange, of Milesburg, held a very impressive Memorial service in their hall on Sunday, June 25th. The service was a fitting tribute to two worthy members of this Grange who during the past year have been called from time to eternity. Both Col. James F. Weaver and G. H. Lyman were active Patrons. The former was a charter member of Bald Eagle Grange and was prominent in the work of the order throughout the state.

The Grange Hall was beautifully festooned and decorated for the occasion, and when Master Geo. Noll opened the service the hall was well filled with Patrons and friends. The Scripture was read by Rev. Bingham, of Runville, and prayer was offered by Rev. Piper, of Milesburg. Rev. Lathrop, of Milesburg, then preached an appropriate memorial sermon, after which Rev. Piper spoke in memorial of Colonel Weaver. The singing was in charge of the organist, Miss Gertie Confer, and was very effectively rendered. The benediction was pronounced by Rev. Bingham and thus closed a very appropriate and touching memorial service.

Here is a swindling scheme that is liable to be worked in this section. A man leaves a box of salve at the house with the understanding that if used he will collect fifty cents. **REV. CHRISTINE LAID TO REST.**

The body of Rev. Christine, a few years ago pastor of the Presbyterian church at Centre Hall, who died at Stewart, Ohio, on 12inst., mentioned in our issue of that week, was taken to his former home at Elysburg, Northumberland county, for interment, on Thursday evening, 15. We learn that the cause of his death was the parting of a sack or tumor in the back while in the boat with his daughter fishing, a post mortem examination having been made after his death. The tumor weighed five pounds, and its separation from its fastenings caused hemorrhages which ended his days. The widow of the deceased may make her home with her daughter, Mrs. Thomas Moore at Centre Hall, and perhaps at Elysburg where the family once resided. The age of the deceased was about 56 years; he was a devout minister of the Gospel and fearless in his teachings and battles against sin. Many friends sympathize with the family of the deceased. One son, Calvin, living in a distant part of the west, could not be communicated with in time to be present at the funeral although the body of the father lay embalmed for a week in Stewart in hopes of having the son present ere the body of the father was consigned to its last resting place. The other son, Fred, also in the far west arrived at Stewart after the corpse had left for Elysburg. Rev. Christine was apparently well when he was overtaken in the boat and was not aware of having a tumor.

**P. R. R. Improvement.**

The Pennsylvania Railroad company has begun work on improvements of vast importance at Altoona. Included in the work will be the erection of one of the largest erecting shops in the country, which will be located just east of the Twelfth street bridge. Among other improvements to be made at this point will be the removal of the Twelfth street roundhouse, large extensions to the lath shop and No. 2 erecting shop, and the straightening of the Twelfth street bridge. In addition to these improvements, as soon as the South Altoona foundry is running properly the old soft iron foundry will be converted into a blacksmith shop and the old blacksmith shop obliterated to make way for a large four-story building.

The old roundhouse, No. 1, and one of the first shops used by the Pennsylvania Railroad company, will be immediately torn down.
