

Bellefonte and Vicinity

The Local Happenings in Short Paragraphs

-We can do your job printing at short notice.

-Miss Nan Schofield is in Philadelphia, where she expects to visit for an indefinite time.

-The Centre County Banking Company displays a handsome pair of signs at the entrance.

-Mrs. Charles F. Mench and little son, Thomas Harter Mench are visiting friends at Hartleton.

-Mrs. Thomas Shaughnessy is at Youngstown, Ohio, for a visit with her daughter, Mrs. J. Malcolm Heinle.

-Mr. and Mrs. P. Gray Meek arrived home on Saturday from their trip to the Pacific coast. They were away about a month.

-A. C. Mingle has purchased the G. W. Tate properties on Spring street, near the Steam Heat works, and is now having them put in repair.

-During the month of August there will be no evening services in St. John's Reformed church. The morning services will be held at the usual hour.

-Harvey Gingham, of Bellefonte, is now employed in Milton Kerns' barber shop under Garman's hotel which will permit the boss an occasional trip to Lock Haven.

-The sewer on North Thomas street has been completed and all the property owners with two exceptions have tapped. This should remedy the sanitary conditions along that street.

-Maurice Runkle, clerk in Parish's store, Bellefonte, is now a full fledged pharmacist. He stood an excellent final examination before the State Board of Pharmacy at Williamsport.

-Henry C. Quigley, Esq., attended the annual reunion of the Quigley-Montgomery families at Pine Station last Thursday and was one of the principal speakers on the program.

-Prof. John D. Meyer, who spent the summer at Cambridge, Mass., where he took a short course in Harvard University has returned home and was giving some attention to the school work the past week.

-In another item we note whopper suckers caught by fishermen Tibbens and Fisher. But since that, druggist and fisherman Parrish knocked the spots off of both as to numbers and lengths. Parish is ahead.

-Albert A. Bickert and his bride, nee Cathryn C. Lutz, formerly of this place, gave the Democrat sanctum a call while on their honeymoon. Their present home is in Huntingdon. We wish them unending happiness.

-John Fleming, a brother of our townsman, Wilson I. Fleming, died in Williamsport, on Wednesday of last week, of Bright's disease. For a number of years he had been superintendent of the Williamsport schools.

-John Munson, son of Mr. and Mrs. L. T. Munson, who graduated from Yale in June, is now located in Washington, D. C., where he is assistant to the chief engineer in charge of the construction of the Pennsylvania railroad's new station.

-Frank W. Neubaker has resigned his position as traveling salesman for the Potter-Hoy Hardware company and will go with his brother, Charles Neubaker, to Lima, Peru, in South Africa, where they have in view the erection of an artificial ice manufacturing plant.

-Work was resumed on the Bellefonte Y. M. C. A. this week and the assurance now is given that the building will be finished at once. The necessary finances have been arranged so that no more delays will follow. This building is well planned and when completed should prove a great benefit to the community.

-Rev. Dr. Boal and Rev. Rearick, both of Centre Hall, were pleasant callers a few days ago. Rev. Rearick was here to consult one of our physicians, previous to accompanying Mrs. Rearick to one of the Philad. hospitals to have an operation performed for the removal of a tumor, which evidenced itself several years ago and of late grew to be serious.

-Elias Heckman, of Orangeville, Ill., is visiting his native county of Centre which he left some forty years ago. He was born in Gregg township, and reached here last Thursday, stopping off to see his brother Ex-commissioner Daniel Heckman, and also favored the Democrat sanctum with an half hour's call. He speaks highly of Illinois and of Stevenson county in particular, which is made up largely of Centre county people and their descendants. Crops he informs us are extraordinarily good this year and especially the corn crop. He thinks farmers here make a great mistake in sticking to raising wheat, as there is nothing in it, and if they would devote their land to raising of live stock - cattle and hogs - and dairy products, there would be far more money in it than in raising wheat. Mr. Heckman will spend at least a month-visiting in this county.

-Mrs. Millie Little, of Hoboken, N. J., is visiting her sister, Mrs. C. M. Garman.

-Mrs. Willard Kline returned from a six week's visit to her old home at Watstown.

-Miss Helen Crissman left on Tuesday for a visit of several weeks among relatives at Sunbury.

-Misses Julia Lamb and Minnie Showers leave tomorrow for a ten days visit to Niagara Falls.

-Misses Annie and Tessie Peterf, of Philadelphia, are visiting Cheney Hicklin and wife, of this place.

-Samuel Bryan and wife, of North Spring street, are rejoicing over the arrival of a twelve-pound baby boy.

-J. M. Storm, of Altoona, was a caller at Wm. Ishler's on Sunday; also at Mr. and Mrs. L. Brooks at Pleasant Gap.

-The Centre County Veteran club will hold the annual reunion this year at Hecla Park, on Saturday, September 9th.

-A 22 inch sucker by fisherman Tibbens, of this town, and a 20 inch sucker by fisherman Fisher, of Zion, a few days ago, is hard to beat.

-Rob't Cole, the architect, has been seriously ill the past week at his home; an abscess formed in his throat which prevents him from taking food and his condition has given the attending physicians much concern.

-Benjamin Bradley was surprised on Thursday last, by a visit from his brother, Thomas Bradley and wife of Buffalo, and his brother-in-law, Charles Collett of Beeton, Ont. Canada. Mr. Collett and Benj. Bradley were fellow apprentices in England 40 years ago.

-W. H. Tibbens brought the biggest string of suckers to town on Tuesday seen here for a long time. There were nineteen in the bunch and they weighed exactly thirty-two pounds, all of which were taken from Spring creek with two rods in a little over an hour's time. That is what we call good fishing.

-Mrs. Samuel Lewin, who was thrown from a buggy last week, is suffering considerably from the injuries received, which confines her to her room. The accident happened while here on a visit at the home of Mr. and Mrs. Emil Joseph. Mrs. Joseph was with her at the time but was more fortunate.

-The monument committee are assured that the soldiers' monument for this place will be completed in time for dedication this fall, in October or November. Most of the stone work is cut and the bronze tablets with the names are partly cast, now. When it comes the erecting will not consume much time.

-The Central Pennsylvania District Firemen's Convention will this year be held in Philipsburg, Thursday and Friday, August 24th and 25th. The Logan and the Undine fire companies, of this place, will attend the convention in a body. The Undines will take their steamer along and will enter the various contests. The next convention will likely come to Bellefonte.

-At council meeting on Monday night no business of any special importance was transacted. An ordinance for muzzling dogs was turned down. The town reservoir, from a gale made, leaks at the rate of 150,000 gallons per day and was ordered repaired. Other routine business was transacted. Among the bills approved was one for \$49.17 for the expense of securing the steam street roller, from which the town receives practically nothing except a lot of wasted time, but they learned something.

-While some snake stories are fake stories, some are genuine snake stories, but in no instance is the serpent to be charged with getting up the same, and in this mention we wish it understood that we print the following as reliable. Wm. Reasner of this town, who once had the oversight of the P. R. R. station building, is the owner of a pet French poodle dog. Last summer being out in the woods accompanied by the dog it came across a rattlesnake and at once bounded it and began to chew his snakeship which had enough elbow room to strike the poodle in the upper lip. Mr. Reasner being near home the lower jaw and neck of the dog were saturated with ammonia, and doses of sweet milk were freely administered. The neck became swollen to enormous proportions and the animal seemed to have much suffering, but by next day was all right again from the treatment, only that the poodle since that has been as deaf as a post, but is lively and answers calls when motioned to, and will carry small packages. Mr. Reasner with his poodle was in front of the Centre Democrat office Monday afternoon where we had an opportunity to verify all said above. What we especially wish to call attention to is the manner of treatment for snakebites as used by Mr. Reasner. Try it.

-Yesterday peaches were sold at 25c per peck on the street.

-There will be lots of good Methodist grub down at Hecla Park today.

-Burgess Walker continues to keep bachelor's hall, owing to the absence of his better half in Venango county.

-The Coleville band very generously gave the 'up towners' a fine concert on the diamond last evening. Of course it was appreciated.

-Rev. Gross, who filled the Lutheran pulpit last Sabbath, will again preach in the same place next Sabbath morning and evening at the usual hours.

-Miss Maude Miller, several years in charge of typewriting in one of the leading insurance offices in this town, which has changed hands, found demand for her efficiency, in the same capacity in the office of the Potter-Hoy hardware house.

-Extensive enlargements of the Bellefonte Fish Hatchery are now under way, at least to double the original capacity. While hatcheries are being increased and enlarged over the state, it is a fact that the number of trout in our streams is more than correspondingly ensmallled.

-John Walker, the implement dealer, has joined the auto-gang by coming into possession of one of the double-seated Cadillacs sold by John Lyon. Several others in Bellefonte are on the fence, debating, and are likely to do the same. Under penalty of severe bodily pain, we refrain from commenting on Bob Hunter's recent purchase and adventures.

-Recent callers: Emanuel Glantz and little daughter, of Nittany; Thomas Quick, of Rurville, who reports copperhead snakes more numerous than ever before; Geo. E. Wise, of Rebersburg; Abner Murray, of Boalsburg, favored us with a handshake; Wm. Shaeffer, of Zion, who reports his late peaches will be finest to be had - that's the way his strawberries are.

-The new pumping station at the mill is out of commission this week and is undergoing some costly repairs at the machine shops. One of our councilmen, who carefully examined the pump says the boxing, pins, and other wearing parts were almost worn away from continued neglect in oiling, all of which is entirely unexcusable - in fact is a shame to give a fine piece of machinery such usage. Council now should investigate this matter, and upon discovering who was at fault, the offender's salary should be liberally increased, as such men kept in the Water Department will enable our town council in a short time to spend several thousand more for new machinery, the purchasing of which often can be made a cinch. It half we hear about the Water Department is true, it is no wonder that taxes are high in Bellefonte.

-Wm. Otto, a former resident of Millheim, was severely injured at his home in Cochranton, Pa., on the 26th of last June. Mr. Otto is a carpenter and contractor and a piece of timber 40 feet in length fell on his back crushing him to the ground.

-Miss Clara Dunkleberger, a young lady living in Lemont, lay in a trance from Friday evening, July 21 to Wednesday morning, July 26. Miss Dunkleberger has been subjected to such attacks for some time past, but this is the worst siege she has yet endured.

-Ira M. Rishel, at Boalsburg, during the past season picked three hundred and sixty quarts of red raspberries from a plot of less than one-eighth of an acre, which were sold at eight cents per quart. At that rate, one acre would yield 2850 quarts, worth \$230.40.

-Prof. Lorenzo O. Packer, wife and little boy, of Turtle Creek, Pa., visited friends in Millheim last week. Prof. Packer very ably fills the position of vice principal of the Union high school and is superintendent of the Casino Technical school at Turtle Creek.

-E. S. Stover, principal of the Aaronsburg schools has accepted the principalship of the public schools at Guys Mills, Pa., in Crawford county, and is moving to that place this week, where he has a good position. He was one of Centre county's best instructors.

-The Lyons families of Clearfield, Clinton and Centre counties will hold their 22nd annual reunion and picnic on Wednesday, August 30, 1905, in the Schenck grove, one mile east of Howard. Refreshments served on the ground. Hacks will run to and from all trains.

-Miss Gertrude Yearick returned to her home at Hubersburg, after an extended visit with friends and relatives in Ohio. Among the cities visited were Akron and Cleveland. While in the latter city she had the pleasure of seeing Cassie L. Chadwick's mansion on Euclid Avenue.

-Jefferson Fye, while fishing in Sterling Run Burnside township, on July 8th, was approached by Constable Craft of that township, who asked permission to inspect his catch, whereupon he resisted the officer and a fight ensued. The constable later arrested the offending angler and hauled him up before a justice of the peace who bound him over to August court to answer to the charge of resisting an officer.

-The citizens of Walker township held a festival on Saturday evening July 29 to raise money to buy the old Presbyterian church in Hubersburg. The church is one of the old landmarks of the valley and was used as a place of worship for many years. The membership dwindled until recent years they have not been having services in the old building. The citizens of the township concluded to make an effort to buy the property and keep it for a township hall.

-Many a fellow works himself to death to make a living.

School Board.

At the school board meeting Monday night a resolution was passed requiring all children who attend, to furnish proof of successful vaccination within the past five years.

There is some difference of opinion in regard to Supt. Etter's pay. Some time ago his salary was fixed at \$1500 per year. He was elected County Superintendent last June, and at once entered upon the duties of that office. Some members contend that his pay begins with September of each year and for that reason was not entitled to draw salary from the Bellefonte School Board while he is acting as County Superintendent. Others hold that he is paid the \$1500 for the work done for the nine months term from September to June 1. The amount now at dispute is \$275. Upon a vote of 5 to 3 the board refused to pay the \$275. The matter will likely come before court for settlement.
