John Harshbarger, wife and little

PORT MATILDA.

The Port Matilda Gun Club have erected their portable hunting buildings, at the mouth of Fugate Hollow, above Flat Rock. The location is situated on what is thought to be No. 1 hunting ground and it will be expected of them to supply Port Matilda's demand for venison when they return. We would advise them not to waste powder on elephants or any other small game but devote their full time to deer.

Frank Patton was unfortunate while out gunning a few days since, by having a portion of his foot shot away; we are pleased to note, however, that he is getting along very nicely.

The Lock Haven Paper Mill Co. are fast completing a road from the Philadelphia pike up Bowman Hollow, through the lands of Samuel Hoover, Woodring, F. Kelley and others, to their extensive paper wood cutting on the top of the Allegany mountain. Martin McNetney of Lock Haven with a crew of men is doing the grading.

Some parties make a practice of tearing down or defacing trespass notices posted on the wood lands and farms in this section of the country. Some parties are suspected and being watched; they had better let up on it in time; if they do not they will be caught when they will discover it is but little fun—take warning in time.

Wm. Knepp a few days since moved from Clearfield county to Sunny Summit near Flat Rock.

Lester Beans made sale of his personal property on Saturday last and will quit farming.

MOSHANNON.

Miss Agnes Beals, of Patton, visited at the home of D. W. Weaver and James Culver.

M. J. Bowes, of Mahaffey, spent Sunday at home.

Clark Confer, of Snow Shoe, spent a week in our town the other night.

W. T. Vail, our enterprising day operator, is off on a hunting trip, and Giltintown station is now held down by the combined efforts of Mr. Wench and W. W. Bicketts, student; also Prof. W. C. Barrow, the night operator, who offers his services between times.

Rev. M. I. May, of Spring Mills, assisted in the protracted meeting two or three nights this week.

Mr. and Mrs. Thomas Bowes, of Howard, are visiting their son Manes, in this place.

We are very glad to chronicle another wedding for Moshannon. Thomas Tubridy, Sr., and Miss Julia Gleason were married in the Catholic church of Snow Shoe on Nov. 16th. We wish them all the good luck and goodness knows what all.

YARNELL.

Harry Shawley and Toner Fetzer, who are employed at Altoona, visited over Sunday at their home at this place.

Jacob Croft and family, of Gorton, visited over Sunday with relatives here.

Arthur Kenney, of Johnstown, was a pleasant visitor last week.

Hezekiah Walker moved from this place to Upper Moose Run, and Edw. Walker moved in to the house vacated by him.

SMULLTON.

Mrs. Jerome Brungart, of Wolfs Store, paid a short visit to her brother Adam Greninger.

Clarence Hackenburg is spending a few days at Jersey Shore.

James Wert and family, of Tusseyville, spent Saturday at Newton Brungart's.

Aden Garrett and wife, of Jacksonville, were the guests of his grandmother, Mrs. Ella Garrett on Sunday.

Neta Breen left for Auburn, N. Y., to visit her sister, Mrs. Frank Neese.

Anybody short in fire wood, can call on T. D. Stover.

George Winters will move to Rebersburg Dec. 1; the community is sorry to see you leave George.

—The DEMOCRAT \$1 for a year.

ROLAND.

The farmers are done husking corn and have a fine crop.

Butchering is all the go. Some very fine porkers being slaughtered. Buckwheat cakes and sausage is the general diet.

W. M. Bathurst killed a twenty pound wild turkey.

There was a wreck here on Thursday morning, a freight train broke throwing one car off and doing great damage to the track. Several crews had to help repair it.

Mrs. Camp and Mrs. Vanscoyoc, of Tyrone, visited at the home of Mrs. J. B. Curtin, last week.

Alice Neff and Miss Mann, the school teachers at this place, are attending institute this week.

The show in the hall on Saturday night was a disgraceful affair; some toughs from Milesburg and Howard came drunk and broke up things in general; they have been spotted and had better keep away from here in the future.

A Patent Medicine Talk

Readers of such leading magazines, as the "Ladies' Home Journal" and "Collier's Weekly" must have noticed recently many articles relative to patent medicines.

The editors of these magazines are seeking to bring about by legislation and agitation, what they choose to call a reform in the patent medicine business. They make the statement that it is not only unsafe, but unwise, and in many cases destructive of health, for people to purchase and consume patent medicines the ingredients of which they have no knowledge.

It is not our purpose to enter into a discussion of the merits or demerits of this agitation or crusade. Thousands of people have used patent medicines and have been benefited by them. At the same time there are undoubtedly evils existing in the ABUSE of some so-called patent medicines. Because you have a thief in your neighborhood you would not say the whole neighborhood is composed of thieves. We know that we have plenty of customers at our counters who tell our clerks what benefit they derive from this or that preparation.

Yet even with this knowledge it is hard for us to say what one among the patent medicines is the "neighborhood black-leg." The unfortunate part of our position is that we do not know the formulas of the patent medicines we sell. We do not believe that the proprietors of patent medicines are dishonest or that they are intentionally misrepresenting their products. If we did we would certainly refuse to sell their goods over our counter.

Our exact position in this patent medicine agitation is this: We are the servants of the public. We sell and will continue to sell patent medicines just the same as the grocer sells you canned corn or potatoes. We want our patrons to find in our stock just what they demand, only we can positively say that at any time we find a medicine is injurious we will throw it out of our store.

Several years ago, a thousand of the leading druggists throughout the United States organized themselves together in a co-operative company to produce remedies which they could back up with their own names and their own reputations.

The first object of this co-operative company was to produce a line of remedies that every druggist would know thoroughly. There were to be no secret formulas; the ingredients of every remedy would be known to every druggist.

Each of these thousand druggists contributed to the organization all that his knowledge and experience had brought to him in the way of advice as to different remedies. The formulas of something like 2,000 or more remedies were sent to the company. A committee of experts was appointed and this committee went over the various formulas conscientiously and earnestly for a long period of time and selected from the entire list about 200 standard remedies, the manufacture of which the company then undertook.

The company in the meantime had erected a perfect laboratory—large, well-appointed, with every appliance known to modern skill. The combined capital of a thousand druggists made it possible for the company to purchase in the largest quantities, the fundamental drugs and herbs, etc., that form the ingredients of the various remedies.

This meant not only the highest quality in manufacture, but the very greatest economy—the cutting out of every wasteful item and every unnecessary expense.

The remedies when manufactured were shipped directly from the laboratory to the retail druggists. This insured their freshness and made it impossible for their quality to deteriorate. Not only that, but it also did away with the jobbers' profit. Here again the co-operative system added not only quality but brought about economy.

Most of our patrons are familiar with these facts. Most of them are already acquainted with the formulas of Rexall Remedies which are manufactured by the United Drug Co., with laboratory and principal offices in Boston, Mass. These are the remedies and this is the co-operative company that we believe has done more to bring about a change in patent medicine conditions than any other element in existence.

Each of the Rexall druggists know absolutely what each Rexall remedy contains. He has the formula of each remedy on file in his safe. He will gladly give it to anyone who is interested. There is nothing secret about any of the Rexall formulas. On the contrary, we are thoroughly proud of them. We want you to know about them.

No one Rexall remedy is a "cure-all." It is not necessary for us to invent diseases and symptoms and then endeavor to convince you that one Rexall remedy will cure you of every ailment in the world. To our minds that has been one of the fundamental errors of patent medicine manufacturers, and that has been corrected by the Rexall people. One remedy for each ill, and that remedy the unquestioned best in the world, is the principle upon which Rexall success is founded.

We are proud of our connection with Rexall. We are proud to be able to offer to the people of this community, a line of remedies that we can back up with every bit of reputation we have earned by square dealing and honest, conscientious treatment of our trade.

Our confidence in Rexall is shown by the fact that we absolutely guarantee every Rexall remedy we sell. This is not an empty phrase with us, we mean just what we say. If you buy a Rexall remedy and are not entirely satisfied with it, all you need to do is to bring the empty bottle or package back to us and say "I was not satisfied, please give me my money" and we will return the money to you instantly and cheerfully.

We feel that you are conferring an obligation upon us when you do this. We want to know every case that the Rexall remedies fail to cure. We want you to get your money back if the remedy has not done the work you expected it to do.

Can any principle of business be fairer than this? Is it not thoroughly in accord with President Roosevelt's doctrine of the square deal for every man?

From time to time in newspaper announcements, we shall say various things about various Rexall remedies. We want the people to understand thoroughly what the word Rexall means to every family in this entire community. If the real facts about Rexall were appreciated to-day, no other patent medicines would need to be offered to the people.

GREEN'S PHARMACY

The Rexall Store

A Doctor's Medicine

Ayer's Cherry Pectoral is not a simple cough syrup. It is a strong medicine, a doctor's medicine. It cures hard cases, severe and desperate cases, chronic cases of asthma, pleurisy, bronchitis, consumption. Ask your doctor about this.

"I have used a great deal of Ayer's Cherry Pectoral for coughs and hard colds on the chest. It has always done me great good. It is certainly a most wonderful cough medicine." —MICHAEL J. FITZGERALD, Medford, N. J.

Made by J. C. Ayer Co., Lowell, Mass. Also manufactured by SASSAPARILLA PILLS, HAIR VIGOR.

You will hasten recovery by taking one of Ayer's Pills at bedtime.
