Communion services will be held in the Reformed church at this place next Sunday morning; also services in the Lutheran church next Sunday evening.

Some of our farmers are still talking telephone.

Why Refer to Doctors

Because we make medicines for them. We give them the formula for Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. They trust it. Then you can afford to trust it. Sold for over 60 years.

Ayer's Cherry Pectoral

NITTANY.

Mrs. Jake Shilling and daughter Sadie, of Fishing Creek, were visitors at the home of H. P. Zerby's one day.

Elmer Snavelly, one of our nimrods, had fine luck the last week hunting; he brought home quite a number of coons, several foxes, a wild cat, which weighed 23 pounds; he also captured about two dozen musk rats besides other small game.

Startling

results in the quick relief of PAIN—whether caused by local injuries, or disorder of any of the internal organs—are obtained by using HAMLINS WIZARD OIL.

Some of the pains which it most promptly and successfully cures, are rheumatism, neuralgia, headache, earache, toothache, sprains, burns, scalds, cuts, colic, etc.

This great curative medicine is a pleasant, safe, and certain remedy for internal and external use, which never fails to relieve and cure. Nothing else like it. At druggists. Price 50c and \$1.00. Fully guaranteed.

Sold and recommended by C. M. Parrish.

No. 4 Straight Talks on Patent Medicines

Some three years ago a number of prominent retail druggists—realizing that a big change was to be made in the proprietary medicine business, that the public demanded to know what the ingredients were of the preparations they were advertising, and that a general reform was about to take place in proprietary medicine manufacturing and advertising, formed a co-operative company to meet the public's demand. This company was called The United Drug Company, of which the undersigned is one of the thousand members. Our object was, first, to manufacture a line of prescriptions such as we had tried out in our stores and found to give the very best of results, and second, by owning our own co-operative manufacturing company we would be able to know the exact formula of every preparation we were selling, thus enabling us to give to the public the very best remedies we could find at actual manufacturing cost, plus a single retail profit. This enabled The United Drug Company to escape the heavy charges for advertising and other expenses such as have to be paid by proprietary remedies. What was most important, it insured safety and satisfaction to our customers, because we druggists know just what we are selling. A committee of experts was appointed who spent a long time in testing the merits of more than two thousand formulas and prescriptions recommended by the various druggists constituting the company. From these, about two hundred were selected as being the best remedies known to medical science for the cure, each of its particular ailment. The exclusive rights to these remedies were then transferred to The United Drug Company, which has since manufactured them in its superbly equipped laboratories in Boston under the now famous name of "The Rexall Remedies." Note then, first of all, these facts: 1st. "Rexall" refers, not to one remedy but to about two hundred—each for some one particular purpose. Nobody knows better than The United Drug Company druggists the absurdity of the "cure-all." 2d. Each "Rexall" Remedy is a tested and proved success, selected for its conspicuous merit from many of its class. All had established reputations through their continued use by physicians before they became members of the "Rexall" family. 3rd. "Rexall" Remedies are sold at low prices because they are free from heavy manufacturing charges, jobbing profits, and the heavy expense of being advertised separately, as formerly. The United Drug Company, which manufactures the Rexall Remedies, has already scored the greatest success ever known in the history of the drug business.

Three of the 200 "Rexall" Remedies, one for each human ill, are:

FOR CATARRH—MUCU-TONE FOR NERVES—RECALL "63" HAIR TONIC. The chief ingredients of Mucu-Tone are Gentian, Cubebs, Cascara Sagrada, Glycerine, and Sarsaparilla. Gentian is recognized in medicine as one of the greatest tonics ever discovered. It is the foundation on which Mucu-Tone is built. Gentian combines in high degree the tonic powers of all the known "biters," with none of the disadvantages applying to them. Cubebs have long been recognized as a specific in the treatment of all catarrhal conditions. Its action is prompt and its benefit almost invariable. In whatever part of the body the inflamed or diseased condition of the mucous membrane exists, the use of Cubebs has been recommended by the best physicians for many generations. Cascara Sagrada is especially introduced for its necessary laxative properties. The combination of these with Glycerine and Sarsaparilla makes Mucu-Tone a remedy that attacks catarrh from every point, gradually restores and rebuilds the diseased tissues to their former health and strength, promotes digestion and creates a normal appetite. Bottle, 50c. \$1.50 a bottle. The Rexall Americanitis Elixir is a tonic nerve food composed chiefly of free Phosphorus, Glycophosphates, Iron Pyrophosphate and Calisaya. The wonderful results of this remedy are due to the fact that it supplies Phosphorus to the nerve cells in a condition in which it can be immediately and easily taken up by them. It is the only known preparation in which free Phosphorus—that is Phosphorus which remains indefinitely unoxidized—is used. The Glycophosphates, actual nerve-tissue builders, are one of the most recent and valuable additions to the field of this branch of medicine and unquestionably a more efficient remedy than the well-known Hypophosphites. The Iron Pyrophosphate is the most easily assimilated form of iron which gives tone and color, and the combined alkaloids of Calisaya Bark have a tonic effect on almost all the functions of the body. In compounding these various elements, the very highest degree of pharmaceutical skill has been employed. 75c. and \$1.50 a bottle. The famous Rexall "63" Hair Tonic is composed in chief of Resorcin, Beta Naphthol and Flocarpin. Resorcin is one of the latest and most effective germ-killers discovered by a science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which not only destroys the germs which rob the hair of its nutriment, but creates a clean and healthy condition of the scalp, which prevents the baldness and development of new germs. Flocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. It is not a coloring matter or dye—it produces its effect by stimulating the scalp and hair follicles to health and active life. This combination of curatives mixed with alcohol as a stimulant, perfects the most effective remedy for hair and scalp troubles known to-day. Bottle, 50c.

"Rexall" Remedies are found only in the stores of druggists affiliated with The United Drug Company—only one in each town and each backs up this "Rexall" guarantee printed on every package: "This preparation is guaranteed to give satisfaction. If it does not, come back and get your money. It belongs to you, and we want you to have it."

GREEN'S PHARMACY The Rexall Store
