JULIAN.

Last week the thermometer registered 17 degrees below zero, which is the coldest this winter. Mrs. Elizabeth Light, of Clearfield, visited here among her friends last week. Rev. Wolfe preached a fine sermon in the U. B. church last Sunday morning. Wm. Straw and sister Bess were called home from Phillipsburg to see their brother Chester, who is very sick. The ice is about 12 inches thick on the Bald Eagle, and the skaters are enjoying themselves these pretty moonlight nights. Julian has two very young students learning telegraphy, John Tallhelm aged 10 and Wilbur Myers aged 13. Walter says he is going to teach John telegraphy before he gets to learning girlogry. For he says the two don't go very well together. I guess Walter knows, he has been there before. Preaching in the M. E. church next Sunday morning at 10:30 by the pastor, Rev. Durkee.

JULIAN NO. 2.

James Andrews was noticed on our streets again on Saturday. Jim looks real stout again. J. H. Turner and wife spent last Sunday with his brother-in-law at Bellefonte. Miss Helen Stevens spent last Sunday with George Stevens, of Martha. Wasn't so far home Saturday night was it Rodger? Mr. Wolf preached a startling sermon last Sunday morning. Archie and Eva took advantage of the fine Sunday afternoon and with his little white pigeon and his little run about, they passed a delightful afternoon driving. Now, Mary, this looks bad on your part. Oh well "there's time enough yet" if you are worried, sing it. Mr. Lightie it still in existence. Your fortune was "doomed" after Sunday afternoon. Look here friends: those who tend to their own affairs, not others, when it does not conflict with them, are the ones who are thought most of. Don't think you know some other man's business, and neglect your own. Take warning and you will make friends, instead of enemies. We notice that the prop cars have been doing business in loading their cars in half a day. Wonder who the new boss is. Tug and John generally make it suit to hunt foxes till after school hours, and then they get tired, and then what? Dan'l Craig spent Sunday with his sister at Unionville. We hear there's to be a "match" in our town before long. How about it Charley?

WOLFS STORE.

Ice, ice, ice, is all the talk in our vicinity at present; there were some sixty loads taken from D. B. Weaver's dam, one day last week. Mabel and Nora Kleinfelder left for State College, where they expect to work this summer. M. Gilbert was on the sick list but is better at this writing. Frank Long's moved from Madisonburg to this place; he expects to work for Tom Brungart. Mabel Gilbert went to Rebersburg, to work for Mr. Royer's. Our merchant, Mr. McManaway, is selling at cost, and expects to leave this place in the spring. We are indeed sorry to see him go. On Wednesday, while cutting ice, on Weaver's dam, one of the teamsters from Rebersburg, got an idea, he would take an ice water bath, and plunged in head over heels. But some of the rest came to his assistance and helped him out without much difficulty. Now Mr. C., if you want to take another bath wait until the water is a little warmer.

STORMSTOWN.

The chicken and waffle supper in our town on last Friday night was a success and there was a large attendance. Victor Way shot a fox one day last week. Grant Jones was away last week on another trip. There was a taffy party held at the home of James Northamer's on the evening of the 9th. Wade Lytle wears a broad smile since another girl boards his come to his house. The farmers around here have been busy for the last week putting up their summers' supply of ice. Lillian Woodring has been visiting at the home of her sister Mrs. J. C. Matern. The is some talk of us getting a telephone through our valley in the near future; we hope it will come. —For a cough or cold take Krumrine's Compound Syrup of Tar—cures in one day.

SALONA.

DRY RIDGE. The people who have been wishing for cold weather got their wishes, as the farmers have been filling their ice houses. Joseph Gummo and Clarence Long went to Buffalo for a car load of horses and will have sale of them at Millheim on Saturday. Joseph Taylor, son of Charles Taylor, died with typhoid fever after being sick only one week. Herbert Hobson circled among his many friends here on Monday. Harry Jones cut himself on the knee last week and has been unable to work since. The scholars that started to Salona High school from this place returned to their home school again. Don't go to bed without a bottle of "Oil of Gladness" in the house. Your darling may have croup. The oil will cure it.

WOODWARD.

It seems as though winter had set in to stay, as we had 12 degrees below zero on Sunday morning. Misses Stella Miller and Sadie Confer, of Millheim, visited their many friends in this place over Sunday. C. W. Kreamer and C. P. Sheesley made a business trip to Millheim on Saturday forenoon. Hiram Goodman made a business trip to Bellefonte on Saturday. C. C. Orndorf was the winner of a gold watch which was being chanced off at L. D. Orndorf's store. Quite a number from this place have their ice houses filled as there was a rush when the first ice was frozen. Mr. Fisher, a horse dealer from Lewisburg, spent sometime at Joe Ard's last week. Henry Giantz, of Brushvalley, is visiting his uncle Wm. Giantz, at this place. T. D. Bowersox and Mrs. Philip Bowersox, spent sometime in Brushvalley. L. D. Orndorf, agent for the Delaval cream separator, sold two machines last week, one near Woodward and one near Wolf's Store. Wm. Hinkson is on the sick list and the overseer of the poor should be notified that he see to it that he will get his proper treatment as he was neglected here to fore.

LIVONIA.

The Livonia scribe had an attack of melancholia last week which accounted for the absence of items. T. N. Stover was 30 years old on the 4th of Feb., and his family surprised him by getting up a big dinner in his honor and inviting a number of his friends and relatives. Nearly all the children at this place as well as a number of grown people have severe colds just now. J. G. Adams and Bessie Mallory went to the concert at Greenburg, Saturday evening. Rev. Wetzel held a week's services at this place beginning February 5, and closing with communion services on Sunday. The services were well attended and a number of very able sermons were preached. Wm. Snook left for Hyner last week. Oscar Hough, of Pittsburg, is home helping his father now. Several of our young people staid up to see the eclipse Thursday night but were disappointed, as it was cloudy at the time the eclipse was to take place.

ROLAND.

The funeral service of Mr. Daughenbaugh, of Howard, was held in the M. E. church at this place on Sunday afternoon. After a beautiful and appropriate sermon from Rev. Aller, the body of Mr. Daughenbaugh was interred in the cemetery at this place. Mack Walker, of Phillipsburg, spent a few days with his cousin Lattermen Curtin. Mrs. J. B. Curtin spent a couple of days in Bellefonte last week. Morrison & Glenn have their ice house filled with very fine ice; also Jack Barnhart. A young child of Ted Bryan is sick with sore throat. Mrs. Henry Shultz is very ill. Sue Holter, who was very ill, is some better. Alice Neff, the grammar school teacher, at this place, spent Sunday at Lock Haven. We have had very cold weather, registering at zero and below for a week.

HOWARD.

The people of this place are busy harvesting ice. The most of them have sufficient for the coming season. Wm. Long had a crew of men repairing his water wheel last week. Mr. Sullivan, from Hanover, Pa., was the foreman on the job. The brick company is putting a floor in their plant. James Heverly has the most remarkable cow in Centre county. She gave birth to four (4) calves within one year—two sets of twins and were large ones. The town was stirred up on Saturday night by a married man with an other man's wife. A step has been taken to tar and feather both if repeated. A word to the wise should be sufficient. Some women make a cloak of their religion, but about Easter time they prefer to make a hat of it.

GREENBURR.

We are glad to say that Mrs. Wm. Lamey is slowly improving. Perry Greninger and wife were the guests of Prof. Kahl's on Saturday. Thomas Greninger, of Tyrtsville, showed his interest in the institute by walking all the way from his home to Greenburr. Percy Overdorf spent Sunday with his parents; he is working at Parvin. The Local institute was a decided success and to our bustling chairman, Prof. J. C. Smith belongs a great deal of credit for bringing together such an array of good things. The house was packed at every session, showing that the people appreciate the good things offered. The recitations were well rendered by the pupils of various schools; good sensible papers were read, and talks given by the teachers on school work. The speakers from a distance were Rev. Frank Wetzel, of Rebersburg; Prof. Ira McCloskey County Supt. of Lock Haven; Prof. Gortner, of Renova; Prof. W. L. Jechman, of Westport; and Prof. Smith, of Loganton. The plea of Rev. Wetzel to join hands with the teachers in developing the moral and religious as well as the mental, was well-timed, also the hint he gave to the Directors in regard to school buildings. Prof. McCloskey gave a very interesting talk on a number of important subjects which put us to thinking his plea for reading of the Bible in the schools and prayer shows us that he is not simply interested in developing part of, but the whole man. Prof. Smith, of Loganton, gave an interesting talk showing that his heart is in the work. Prof. Jechman is always ready with a good story or solo to keep you feeling good. He is one of those who will do his hands find to do come again Prof. Miss Elizabeth McCloskey entertained the audience with a number of her selections in reading and solo which was highly appreciated, and last but not least, Prof. Gortner, of Renova, was for the first time present on Friday evening and it seems to me here is a case of love at first sight by his genial smile, his encouraging looks, and words and his earnest plea for the slow boy and the country home; he has won the heart of every one. Last night a baby boy arrived at the home of John Schady's, and I think John will ask him to stay.

ZION.

Our farmers are busy packing ice at present. One of our farmers hired a neighbor to help to kill his beef. When the time for killing came Lank (for that is his name) asked William to hold the beef while he shot it. William refused because he was afraid to stand in front of a Winchester and who wouldn't be? So Lank opened fire. Then there was an awful cannonade. The first time he shot the beef smiled and winked with his left eye. Not being discouraged, he reloaded his gun and shot a second time, with no better result than the first. By this time Lank lost his nerve and struck for the door. He now decided to send his son to borrow a gun from a neighbor, when he found that he had one bullet left. He now went back into the stable and found the beef chewing his cud contentedly when Lank finally despatched his beefship. Miss Alice Robinson and Alma Stein Sundayed at this place. The ice men were busy putting up their ice during the past week; they have now a splendid crop stored away for summer use; thermometer registered below zero on Sunday morning. It is base ingratitude when a woman's age begins to tell on her.

BUFFALO RUN.

Ice hauling is all the go this week. The protracted meeting is well attended at the Presbyterian church. Protracted meeting started at Valley-view Sunday evening. The skating party was attended at J. F. Grove's, Thursday evening by nine couple. A great many of our young people attended the entertainment at the Armagast school; all say it was better than the Knox academy. Bad Breath Gives A Bad Character

In our daily intercourse with people in both social and commercial life it is absolutely essential that one's breath should be sweet and beyond criticism. For even friends cannot conceal their aversion to a foul breath.

A bad breath is the result of some stomach trouble, indigestion or dyspepsia. Rexall Dyspepsia Tablets will make the foulest breath as sweet as a nut.

One tablet will bring relief, one box will effect a cure. For instance here's a case in point:

"It gives me great pleasure to testify to the merits of Rexall Dyspepsia Tablets. I have suffered for years with dyspepsia and stomach trouble. I was bothered with a sense of fullness after eating, headaches, dizziness and general weakness, accompanied by bad breath and gnawing pains in the region of the heart. After taking one box of Rexall Dyspepsia Tablets I found great relief and am now fully cured. I heartily recommend Rexall Dyspepsia Tablets to all who suffer with Dyspepsia.—THOMAS HARDWOOD, 327 E. Second St., Dayton, O." Many of our townsmen may be suffering as was Mr. Hardwood; if so, we will gladly give them our personal guarantee that a twenty-five-cent box of Rexall Dyspepsia Tablets will relieve them or we will refund their money.

The Jar of Coughing

Hammer blows, steadily applied, break the hardest rock. Coughing, day after day, jars and tears the throat and lungs until the healthy tissues give way. Ayer's Cherry Pectoral stops the coughing, and heals the torn membranes.

"I always keep Ayer's Cherry Pectoral in the house. It gives perfect relief whenever any of us have coughs or hard colds. I have used it for a great many years and so know all about it."—MRS. MARY OBERMAN, VAYSBURG, N. Y.
