RUNVILLE.

Protracted meeting started Sunday night under Rev. C. C. Bingham. Arthur Bedient, Carl Poorman, who are employed at Altoona, spent Monday evening at home. Eva Withertie is spending a few days with her friend, Miss Emma Lucas, of Bellefonte. The young people of our town are enjoying the fine skating on the pond. "Doll" the little son of Fordeen Walker is very poorly at this writing. The Snow Shoe boys seem too see a great deal of attraction in Runville. But for some cause or reason they were turned down pretty badly Sunday evening. Come again boys. Miss Edna Poorman departed Monday for Lock Haven, where she will attend State Normal for an indefinite time. Those that have the measles are reported better.

RUNVILLE NO. 2.

No sleighing thus far. Jacob Walker and son Benner were callers at this place Sunday last, on their way to Moshannon to see a sick daughter; but before they reached her home she passed to the world beyond; her name is Mrs. Nannie Barger. Philip Brower and Austin Fetzer have been on the sick list, but are both now convalescent. Miss Myra Lucas, our organist, is unable to take her place at church on account of a relapse after the measles; nine of this family were afflicted with the disease. Mr. Lucas says he does not want another dose of them. Thomas Hoover moved to Bellefonte, Tuesday of this week. Amos Swanner is moving to his farm again, vacated by Thomas Hoover, we are glad to have them here again.

Miss Jennie and Hattie Keen visited their sister Mrs. Roy Schaeffer, near Centre Hall, over Sunday. During the recent cold weather most of our people were engaged in filling their ice houses. They were obliged to go about three miles up Pine Creek east of town as Penns Creek is too strong and was not frozen over this winter. Henry Beam and family, of Pine Creek, visited at C. N. Meyer's on Sunday. Meyer & Vonada's sawmill is well stocked with logs at present, and J. R. Cornan is running his mill west of this place. The fisherman moved his sofa from Rankletown to Still House Hollow. For further particulars see Geo. Rider. The drinking habit among young men, or rather boys, seems to increase at this place day by day and generally reaches its climax Saturday nights when decent men are interfered with and young ladies frequently insulted. There must be looseness some where or the boys could not get the poison, (its not whiskey!) It almost necessitates a police force to allow working people to do their shopping decently in the evening and to escort pupils past the hotel so they can go to school unmolested.

Dorsey Calhoun, who was assisting him, was on the car and with a heavy iron sledge was driving a standard, while Mr. Gill was on the ground below guiding it into the lower pocket. Mr. Calhoun endeavoring to strike an extra hard blow, missed the standard, the heavy sledge hammer slipped out of his hands, landed on the side of Joe's head, cutting an ugly gash and felling him to the ground. After he became conscious he was taken to the office of Dr. Russell who on examination, found an artery was severed and had to take it up before he stitched the ugly wound. He is doing well, but it was a close call. Joe. Had the heavy hammer struck him on the head it would have crushed his skull. Dorsey had the greatest scare of his life as he thought he had killed him.

To the readers of the Unionville items: As I am not in a position to become posted on the current news of passing events, I would be glad if you would assist me in gathering items of interest by handing me the same, at any time you find it convenient.

HECLA PARK.

All are busy this week sawing ice and packing it in there ice houses. About a dozen men and boys helped Charley Houser fill the club house ice house last Friday. Hard Harris, from up at Bellefonte, was working on the job. Besides his pay each man took dinner and supper at the club house. I hear that a powerful site of vitellus was in use. Tom Hinds while walkin backwards stepped on a place where there was no ice and went in kersplash. The R. R. Co. filled their new ice house with ice which will be used to cool off water for people to drink when they come near to picknicks. There are also filling cars to ship to Bellefonte.

D. Peters, boss of the seckshun for the R. R. company at this place, has as fine a lot of chickens as any one I know of hereabouts. He has 75 of the yellow variety, mostly hens, and I heard him tell up at the store that they lay 50 dozens aigs last month, all but 8 which he said they didn't lay, because it was a holiday, he guessed. He has a fine abode for the feathery creatures with windows for them to see out, and roosting poles for them to sleep on at night or to rest, when not laying aigs. He has also nests placed around the walls for them to lay in or set and hatch out more chickens for D. P., just as they feel about it. Mister Peters says like as not when the prices of aigs goes up to 25 cents or thereabouts, they will quit laying. Hens is always contrary anyway.

—That hoarseness may mean croup before morning. Have a bottle of "Oil of Gladness" handy. Use it and go to sleep.

OF A TRUTH The Big Piano Sale OF M. G. GEPHART

29 S. Allegheny St., Aikens Block, Goes Merrily On.

Never in the history of Piano selling in Bellefonte and Centre county has such values been known as we are giving, and never have there been so many fine pianos sold in so short a time as we have sold here during the past ten days, and THE END IS NOT YET.

We have had to duplicate the orders we had placed for pianos almost daily, in order to fill the demand as well as to replenish the various styles and makes as they have gone out.

You have such noted high grade makes to select from as the Knabe, Behr Bros., Brambach, Haines Bros., Hobart M. Cable, Briggs, Boston, and all the other standard makes, and we guarantee to furnish you the piano of your choice at lower cost than you can procure it elsewhere.

Don't be deceived by glowing pretenses and exaggerated statements, or fictitious prices.

We have fully and conclusively demonstrated to the public that worth and merit win; that pianos are not pianos; that to represent a piano truthfully and place it in its proper class is honorable and trustworthy; that misleading representations—rating a medium grade, or a low grade, or a stencil piano, if you please, at an exorbitant price, and finally selling it at far more than its real worth—will not go with the people. That it is a well established fact that there is not a dealer within the State of Pennsylvania who gives the values we are giving you right now.

A piano is the most costly article which you place in your home, and you expect to buy but one in a lifetime.

Before you buy your piano, we ask of you to call and inspect our fine pianos and get prices, and be convinced. Seeing is believing.

We have a large number of Organs, piano case and cottage styles, such as the Estey, Tansand & Voley, etc., recently taken in exchange on piano sales, at very low prices.

Second-hand and slightly used Pianos from \$75 up.

Terms to suit your convenience.
