## Are You Troubled With Dandruff?

Because you have attained a certain age it doesn't follow that your hair must naturally part company with you.

There isn't a single reason why you shouldn't retain a full, healthy head of hair until you have reached a ripe old age.

If your scalp itches, if your hair is dry and brittle and is beginning to get thin, there is something wrong. To remedy the disease is neither difficult nor expensive.

Use Rexall "98" Hair Tonic. It stops falling hair; once more sends the rich blood coursing under the scalp; destroys dandruff, and restores the hair to its natural color.

If Rexall "93" Hair Tonic doesn't do what we claim for it, return the empty bottle and have your money refunded.

Isn't that satisfactory treatment?

For sale at our store, only fifty cents.
