Aikens' mantle will probably fall on him. While Mr. and Mrs. Harry Kunes were absent from their home in Blanchard one night recently and while the temperance rally was in progress, one or more persons took the key, which had been hung on a porch post and gained admittance to the house which they ransacked. Burglar matches were liberally thrown on the floor of the rooms up stairs and down and bureau drawers indicated a search, but as Mrs. Kunes' watch was not taken, it would seem that money was the object, and of this they got none. On the 13th inst. Spring Mills Independent Order of Odd Fellows second degree team, accompanied by many others of their lodge, went to Millheim, upon invitation from that lodge, and conferred second degree for them. The work done by them was of the very best yet given at Millheim. Although Spring Mills lodge is quite young, they use team and work in conferring all degrees and do the best work in their section. Their members are enthusiastic in all lodge work and their lodge is building up quite rapidly and doing a good work in the community. Young men cannot do better than to associate themselves with such an order as this. The following persons have become subscribers to the United Telephone Co. at State College: Geo. W. Keller, J. O. The Lock Haven Express states: The prospect of a new railroad in this vicinity is stirring up considerable interest just at present, but what interests are back of the project remains a mystery. E. church, is working very hard to keep the liquor license out of Howard and is being censured by some. It is the opinion of the good people he would be the means of saving more souls than, than by preaching, if he succeeds in keeping it out. Col. Austin Curtin attended the Methodist quarterly conference at Howard, on Wednesday. Dorie Leathers, of Mt. Eagle, is working on the railroad as an extra at this place. Trade Parker, of Bellefonte, was circulating among his many friends at this place, on Saturday. The schools are collecting coupons to secure a set of the books awarded by the Centre Democrat for the grammar school. Would be glad if all the parents would take an interest in helping the teachers. Soup says, if Valentine day came more than once a year he would be dead broke. Little Harry Curtin can be heard any time in the day singing his favorite song, "Oh, for a man, Oh for a mansion in the skies." Rev. Knarr preached a very fine sermon in the M. Among many of them who received the "funny" pictures were Chrissie and Nina who were the recipients of a "whole box car load" - all the missives were very comic ones. It was a joke of some of their friends. Charles Boyer was another mark for so many pictorial pleasantries. Billy received a baggage agent trunk smasher. It hit. Gordon Straw and wife came home Saturday evening to see his brother Chester, who has been ill for several weeks, and not recovering very fast. Earl McKenzie is spending a few days with his mother. All glad to see him back home again. Mrs. Nason and family have returned home again to spend the summer, Jim also came along, and we are glad to say he looks real well again. Miss Chestie Zeigler returned home a week's visit with her sister in Sugar Valley; she also took in the concert at Greenburg. Adam Brungart is at home, he had been working at Hyner for sometime but is working for O. W. Weaver at present. David Diehl is working at the blacksmith trade with W. W. Heckman, in Rebersburg. I don't believe the Livonia scribe was altogether over his melancholy spell, when he wrote about Thomas Stover celebrating his 30th birthday a week ago. By all appearance age must be counting backwards at Livonia, and Thomas getting younger; I am sure he could have celebrated his 30th birthday ten years ago. That is right, stick to your youth, the young die, but the old have to die. That sick headache which keeps you miserable comes from the stomach; you may be bilious and don't know it. It's certain that Vin-te-na Liver Pills will make you feel like a new woman ten years younger. Take them to-night without fail. All dealers. -"A Foxey Tramp" at the opera house, Monday evening.

Does your baking powder contain alum? Look upon the label. Use only a powder whose label shows it to be made with cream of tartar. NOTE. - Safety lies in buying only the Royal Baking Powder, which is the best cream of tartar baking powder that can be had.

BLANCHARD.

DEAR EDITOR: - I thought that I would just drop a few lines regarding a little trip to Blanchard, last week. When I was walking around the streets I met Nels Robb, the telephone man, who is going to put a line thro there. I don't think he will have much trouble getting subscribers, but there are some people there that auto subscribe that haven't yet. George Page said that he would take one on a lease, if they would allow him to rent it to the public and let him keep the fees, of course. They couldn't due that, and I guess George will have to come up with the doc. And Al. Moon, the all-around business man, took one because he said date could be cheaper made than bat. Then there is Capt. Q. I guess he that he would stick to the Bell, - bells have an attraction he says, and also points out the fact that the Papermill, the biggest concern in Clinton county, uses the Bell. But I shud think that Henry Jensen auto have a fone for he is in the buryin business, and the pump business and wat not? and if he don't have a fone some one else will do all the buryin, and George F. Hess has secured the patent rite on a concern to supply water on the trolley system which he says cud be put rite on the telephone wire, and water cud be got evry place they cross a stream and that wood knock thunder out of the pump business too. Edgar Bechdol said he wood take one and as he deals in poultry no doubt he will have some cackin to for, Edg is the greatest feller to listen fur such things ever I seen. I also think Squire Harter will have a fone, for he has the reputation of bein a marrisin squire, and as a good bit of that kind of work is dun by fone now days, he realizes that it would be a convenience as well as a money makin investment. Christ Singer has subscribed for one with will put him in closer tuch with the world without nesesitatn his business bein maid public. I wish I had time to tel you all about this affair but as I am very busy I will have to wate a little while.
