HIGHVALLEY.

The most shocking news came on last Thursday, that Harry Rider died in such an awful way. It is a disgrace to the good people of Coburn. No wonder that the people will stop a license abuse. Every one that has boys as well as we have, should support them. We all know that Harry Rider was not right in his mind and those that got or gave him the money or rum should be brought to justice; we hope that this will be a warning for others to bear in mind, and let root of evil alone; the most pitiful sight was to see the father and mother of this boy seeing their son in the coffin, full of such unlawful medicine which was given by some one; if such law will hold good what will become of the world?
