

Correspondents' Department

The news in condensed form from all parts of Centre County

FILLMORE.

Hello, Easter brought us to life again; a great many say that Fillmore is on the bum, without a scribe. I will try and tell you a little about our town.

Ruben Crust purchased a fine gray horse from Mr. Williams last week.

Harvey Rockey spent his Easter at home.

Samuel Tressler is spending a few weeks among friends and relatives.

C. E. Lutz is all smiles since the big boy came to his place.

John Kelley was called away from his home on Friday night, when his mother died; she was buried in the Meyer's cemetery.

A great many are complaining of bad colds and the pink eye.

Chas. Irvin and brother, of Dick's Run, visited the home of A. H. Hoover, Sunday.

H. C. Huey and wife spent Sunday at the home of Wm. Dillen's, at Julian.

Eddie Taylor spent Sunday at his home; he has been employed at Altoona for the past three months.

We have in our town now a great many fellows who would like to have a girl as bad as some of our farmers would like to have them to work for this.

We have a fine little place and this is what it contains: one blacksmith, one carpenter, one store-keeper, one practical farmer and some who would like to be farmers, fifteen professional loafers, a few good marksmen and a few not so good, one shooting gallery, two telephone pole climbers, a lot of girls who are looking for fellows who want to get married and do well, and some well-to-do, a few brag card players, and some that are not so good, a lot of Bell people, a lot of Commercial people—this is all, call and see us, or call and ask us by telephone.

AARONSBURG.

Theodora Greenman and Carrie Homan and brother, from State College, were the guests of the latter lady's uncle, Luther Wert's.

Clarence Eisenhauser and James Breen left for Altoona.

Mrs. B. F. Homan and Mrs. Sue

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

The children cannot possibly have good health unless the bowels are in proper condition. A sluggish liver gives a coated tongue, bad breath, constipated bowels. Correct all these by giving small laxative doses of Ayer's Pills. All vegetable, sugar-coated.

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of
Ayer's
HAIR VIGOR.
AGUE CURE.

No. 5

Making Medicine History

Several years ago, a thousand of the leading druggists throughout the United States organized themselves together in a co-operative company to produce remedies which they could back up with their own names and their own reputations.

The first object of this co-operative company was to produce a line of remedies that every druggist would know thoroughly. There were to be no secret formulas; the ingredients of every remedy would be known to every druggist.

Each of these thousand druggists contributed to the organization all that his knowledge and experience had brought to him in the way of advice as to different remedies. The formulas of something like 2,000 or more remedies were sent to the company. A committee of experts was appointed and this committee went over the various formulas conscientiously and earnestly for a long period of time and selected from the entire list about 200 standard remedies, the manufacture of which the company then undertook.

The company in the meantime had erected a perfect laboratory—large, well-appointed, with every appliance known to modern skill. The combined capital of a thousand druggists made it possible for the company to purchase in the largest quantities the fundamental drugs

and herbs, etc., that form the ingredients of the various remedies.

This meant not only the highest quality in manufacture, but the very greatest economy—the cutting out of every wasteful item and every unnecessary expense.

The remedies when manufactured were shipped directly from the laboratory to the retail druggists. This insured their freshness and made it impossible for their quality to deteriorate. Not only that, but it also did away with the jobbers' profit. Here again the co-operative system added not only quality but brought about economy.

Most of our patrons are familiar with these facts. Most of them are already acquainted with the formulas of Rexall Remedies which are manufactured by the United Drug Co., with laboratory and principal offices in Boston, Mass. These are the remedies and this is the co-operative company that we believe has done more to bring about a change in patent medicine conditions than any other element in existence.
