HOWARD.

By your permission would like to announce the future prospects of the Howard Canning Co. for this season. The factory last season gave a great many farmers a large return for their produce, having most of their goods sold before canning. This gave the factory sufficient money to pay for all last year's produce and the half of the previous year which was prepaid. The future outlook for this season is encouraging, quite a large acreage has been secured already and as there is a large pack of future goods already sold, all that remains to make this year very successful is to get the produce to the factory. Therefore we urge every producer to raise as much as you can; remember non stockholders have the same privilege as stockholders have to bring your produce. There is money in raising tomatoes if you go at it—\$65 77 one patron received for 1 acre of tomatoes, \$99.25 for 17-8 acres by another. Tomatoes are ready sellers this season, raise for the factory the article that brings ready money; tomatoes will do it this season, as they are sold already. Every farmer double up on tomatoes, the "New Stone" tomato is what we are canning. We will make use of all the tomatoes of this variety you can raise, plant from 5 to 20 acres then you can look for a big return. Plants can be had by applying to the company; drop a card now and state how many you need. Stowells Evergreen is the corn we use, send order at once. Plants and corn can be had at net cost. Address all orders to HOWARD CANNING CO. Howard, Pa.

Do You Know Vin-te-na.

Everybody who doesn't feel in prime condition physically or mentally really ought to make its acquaintance.

Vin-te-na is without doubt, the most speedy remedy for impoverished blood and weakened nerves that can be found anywhere. The reasons for its merit are, first, it contains the precise ingredients needed by the blood and nerves of people who are in anyway run down or weakened by any cause whatever, and secondly there is conscience back of every bottle of it. The first aim of its manufacturers was to produce a nerve and blood tonic that should positively cure. Thought of its curing quality went before thought of its selling quality. When you buy Vin-te-na you buy an honest medicine of positive merit. It will ward off colds and grippe and keep you in tip top condition during the most trying months of the winter. All dealers.

Tom Johnson as a Flyer.

Mayor Tom L. Johnson, of Cleveland, is a speedy man. He has been in the public eye, politically, for a long time, but now the interesting news comes that he has just invented a motor that is to cut across the country at the startling speed of six miles a minute. In this vehicle the Mayor calculates to ride to San Francisco from Cleveland in seven hours. In order to allay public alarm we will say that the motor is to run on an overhead track, as it is entirely too speedy for the surface.

A barn on the farm of James Smith, located in Porter township, Lycoming county, was struck by lightning and burned to the ground Sunday night, entailing considerable loss to the owner.

UNIONVILLE.

Miss Elizabeth Brugger, after spending a couple months in Florida, returned home on Saturday. She will leave on next Saturday for Harrisburg where she will enter upon her duties as stenographer in the office of State Treasurer, Berry.

Mrs. Amanda Moran will open her ice cream parlor on next Saturday evening in her home in the house formerly occupied by W. R. Potter. She will have this delicious luxury every Saturday night.

Mrs. Susie Taylor, after spending the summer with her daughter Mrs. A. T. Leathers, at Washington, returned home on last Thursday, and now our town has taken on a brighter hue, that Aunt Susie is home again.

Ray Parsons, who was knocked out on the first round by the measles and was threatened with pneumonia, being a very sick boy for several days, is now improving rapidly.

Howard Peters caught an immense catfish that weighed, when dressed, something less than 4 lbs.—Fact.

On Tuesday afternoon, J. C. Stere took possession of the A. J. Griest store and threw the doors open to the public.

A wedding is on the tapis. Particulars next week; in the meantime we'll let the readers guess.

J. C. Smith is bound to keep up with the procession. He is dressing his beautiful house in a bran new coat of paint, J. H. Shipley being the artist.

Mrs. G. W. Rumberger recently shipped by express to Johnstown 15 fine large barred Plymouth Rock hens. They left the station at 10:30 a. m., and arrived in Johnstown sometime in the afternoon, and when J. A. Jones, the buyer took them out of the box he found 14 eggs which the hens laid during transit. One only being too contrary to pay her share of the express. If any are inclined to doubt this we refer you to John P. Brugger, the pickle man.

Letter to George Beezer.

Dear Sir: When you can buy paint for less than Devoe; don't; save your money.

Mr. Aaron Higgins, Plainfield, N. J., always used 15 gallons of paint for his house; Devoe took 11.

Mr. Ezra Rathmell, Williamsport, Pa., always used 11; Devoe took 6.

Mr. Burt Young, Girard, Pa., always used a gallon for certain rooms; took half as much Devoe.

Mr. Nathaniel Barber, Canton, N. Y., bought 12 Devoe; used less than 6.

You can always buy paint for less than Devoe; don't; save your money.

The wearing counts the same way and doubles the difference.

The cost of painting is by the gallon. Weak paint costs most; most gallons.

Yours truly
F. W. DEVOE & CO.

New Pension Law.

The age limit pension bill passed by both houses of congress has become a law. Under its provisions when a soldier of the Civil war arrives at the age of 60 years he is allowed \$6 per month without examinations as to disability. At 61 he gets \$8; at 70 years he is allowed \$12. The measure does away with any question as to disability, and gives every soldier a pension regardless of disease contracted in the war or since that time.

Died at Lamar.

J. Edward Warner, of Lamar, who has been a helpless invalid for the past six years, died of paralysis on 25th. He was aged 65 years and is survived by his wife, two daughters, Mrs. C. A. Jones, of Wilmington, Del., Mrs. Harvey Williams, of Avis.

To Deceive Game Wardens.

It is stated by some of the local fishermen, who are now whipping the trout streams in this section, that they have been introduced to a new stunt tending to deceive the game wardens. It is that of cutting off both the head and tail, and cleaning trout of doubtful legal size. By so doing it would be difficult for any officer to prove the actual length of any such fish found in the possession of an angler, or to find any legal cause for ac-

tion before any justice of the peace by producing such fish as evidence.

Fast Run to Bellefonte.

Hugh Crider, of Bellefonte, accompanied by W. W. Gephart, took a run to Lock Haven in his Cadillac runabout Sunday afternoon 20, and claims to have made the remarkable time of going down in one hour and thirty minutes and coming back in an hour and twenty minutes.

Love will find a way even in the dark.

"The rank is but the guinea stamp, The man's a man for a' that"

is an undeniable truth, but without the guinea stamp the gold would not pass for the face value of the coin, and he may possess all the qualities and characteristics of a gentleman, but if his appearance does not proclaim him as such, he will not be taken for one.

There is that about Kuppenheimer Clothes—a certain character—style—elegance in material, style fit that mark the wearer immediately a "Gentleman."

Business and professional men find that Kuppenheimer Clothes are just as great a help to them as the highest priced custom tailor's. If you have never worn a Kuppenheimer garment, try one.

You will find it the standard of what is best in quality and correct in style.
