Miss Lizzie Lysett, of Johnstown, is visiting at the home of Mr. and Mrs. R. B. Taylors, on Spring street. A number of Bellefonte people expect to attend the re-union of the Dale families at Oak Hall on Saturday, Aug. 4. Hugh, Frank and Vincent accompanied their father, Lieut. Col. Taylor, to Gettysburg to attend the encampment of the N. G. Pa. Mrs. Charles E. Dorworth and little son, of Philadelphia, are visiting at the home of her father, F. W. Crider, of West Linn street. The Ladies Aid Society of the Methodist church will hold a lawn sociable at the residence of Mr. and Mrs. G. W. Reese, this Thursday evening. Everybody is cordially invited to be present. T. N. Fink, of Martha, while transacting business in town on Monday gave a call. He is the eldest son of G. G. Fink, of that place, and contemplates accepting a position at Clearfield. Willis Ishler, of Linn, Mass., who spent the past two weeks at the home of his parents, returned on Monday to resume his duties as an electrician in that place. He has a good position and is doing well. For the past week Spring creek has been high and the water is as yellow as the drainage from a brickyard. This means that there will be little fly fishing between this and next Tuesday, when the season closes. Dr. Tate, of Bellefonte, left about the Fourth of July for a month's vacation. His patrons will please make a note of this and escape being disappointed should they call on him for work during that time. Rev. W. M. Reareck and family will leave on Friday for a three week's vacation, consequently there will be no services in the Lutheran church on July 29 and August 5. Regular services will be resumed on August 12th. Last Thursday morning Montgomery & Co., found that their store had been entered during the night and a lot of goods taken. A window at the rear was forced open. This is the third time this store has been entered by burglars. Ott has resigned his position as mailing clerk at the Bellefonte postoffice to which he was appointed about six weeks ago to succeed W. H. Garman. Mr. Ott did not like the work as it was too confining. Edward Hanscom, of State College, who stood next highest on the civil service list is his successor. Ex-commissioner Thomas N. Fisher, of Unionville, is quite ill at the home of N. B. Spangler, of this place. He recently underwent an operation in Philadelphia which revealed his ailment to be an enlarging of the pancreas, which inflamed other organs and caused disorders. No operation could be made to overcome the ailment. Since then he returned to Bellefonte and is, under the careful treatment of our local physicians and a nurse. At this writing he is quite low and not much confidence is expressed for his recovery. Burns, a little son of Rev. Reareck, of this place, a few days ago, while in his bare feet, accidentally trapped on a piece of glass cutting an ugly gash in one of his feet, which required several stitches to draw the wound together. Pieces of broken bottles and other glassware are so common where children are likely to roam and play, that shows carelessness on the part of those who thoughtlessly throw the glass where children in their bare feet are likely to tread, instead of placing such dangerous rubbish where no harm can result.

See Bullock's adv. in this issue. Mrs. Isaac Thomas, of North Thomas street is seriously ill at her home. G. W. Reese wants everybody to attend the lawn social at his home this evening. A surprise party was given on Tuesday evening at the home of Mr. and Mrs. O'Neil on North Spring street, in honor of their daughter, Miss Martha O'Neil. It was attended by her many friends and proved an enjoyable affair. J. Dorsey Hunter, groceryman C. W. Cooney, Dr. J. Kilpatrick and Milton Kern started early this morning to make a raid on the trout over in the Bear Meadows. If their catch is small they can say they were picking huckleberries in the Meadows, where they grow on trees. At a meeting of the Bellefonte school board, James Edwin Dunning, pastor of the Methodist Episcopal church at Osceola Mills, was elected assistant principal of the Bellefonte High school to succeed John S. Hosterman, who resigned to accept the principalship of a Philadelphia school. Mr. Dunning is a graduate of Dickinson college and has had one year's experience in teaching. Mr. and Mrs. C. C. Shuey entertained a large party yesterday in honor of the 79th birthday of Mrs. Shuey's father, the venerable J. L. Mullholland, of Clearfield; Mrs. Andrew Stover, of Curwensville; R. W. Mullholland and wife, of Altoona; Mrs. S. B. Riling, of Altoona; Mrs. Margaret Brachbill, of Williamsport; Rev. and Mrs. J. B. Stein, of Bellefonte. Frank Boyle, of Hazelton, was the best man and Miss Lulu Johnson, bridesmaid. The date of the meeting of the Odd Fellow's Picnic Association has been changed from Aug. 17 to Aug. 10. There was considerable wheat out on shock in the fields last week exposed to the showers of rainfall almost every day. Jacob Bortoff, of Lemont, has been seriously ill of cholera morbus for nigh a week with no improvement as yet, we regret to learn. Remember the William's re-union at Martha, Saturday, September 1st. It will be the event of the season in that part of the county. The members of the United Evangelical church at Spring Mills, postponed their festival until Aug. 4th on account of rainy weather. The ladies aid society of the United Evangelical church of Howard, will hold their annual festival on Saturday, Aug. 18th, in the school house yard. The people of the U. B. appointment at Centennial, will hold a festival Saturday evening, August 4th, at Centennial school house in Halfmoon valley. The plans and specifications can be seen at the County Commissioners office for the building of state Highways in Snow Shoe and in Rush townships, this county. Mrs. W. H. Musser, while hunting eggs the barn at her home west of Millheim, last week fell from a sled on which she was standing and broke an arm. A festival will be held at Hubsburg, on Saturday, August 4, in the evening, by the Hubsburg ball team. All kinds of refreshments will be served. All are invited. Prof. Irvin W. Zeigler, who last year was principal of the Howard borough schools, was elected principal of the Frackville schools. The term is nine months and salary \$90. At the home of the bride's parents at Aaronsburg, on Saturday July 21, 1906, by Rev. C. F. Garrett, John F. D. Bowersox and Miss Elizabeth Condo, both of Aaronsburg, were married. At the United Evangelical parsonage at Millheim, Monday evening, July 23, 1906, by Rev. C. F. Garrett, Samuel F. Weaver and Miss Mary H. Crawford, both of Millheim were married. Prof. Osman, of State College, purchased a Knox automobile, at Harrisburg, last week from a dealer in second hand machines. It was run to Bellefonte which indicates that it will work; some think differently. The marriage of Charles A. Mitterling and Miss Mary A. Middleton, both of Chicago, Ill., took place a short time ago. The groom is the eldest son of J. William Mitterling, of Centre Hall, and is engaged in a drug store. The Phillipsburg Journal says: This morning witnessed the resumption of additional mining operations throughout this section, and it will likely only be a short time until all the plants will be running again as before the strike. Charles Ishler, son of Mrs. Mary Ishler, of Tusseyville, while pleasure driving in Altoona, the horse frightened at a trolley car, the buggy was smashed into splinters, and the young man had an arm and leg broken. He was taken to a hospital for treatment. The Miles township school board has posted notices throughout the township notifying parents and guardians of children of the age of age, that no children will be admitted to the public schools of that township unless they present a certificate from a physician of successful vaccination. Spangler will also preach in the evening at Rebersburg at 7:30. All are most cordially invited to attend these services. Apples are likely to be plenty in this section of the state. The orchards all through Nittany valley, with few exceptions, are laden with fruit and the same may be said of Pennsylvania. From other sections of the state we gather there is about the same prospect, and apples are likely to be fair in price. On Friday evening as H. G. Stover was returning from Coburn, his team became unmanageable. Mr. Stover was thrown from the wagon and was severely bruised. The team and wagon landed in the mill race, where the horses were extricated from a mass of tangled harness and the roots of trees. At the home of the bride in Lock Haven in the presence of a few invited guests, Sunday evening, July 22, Miss Annie Weaver was united in marriage to Henry C. Frankenberger, of Millheim, by Rev. W. N. Wallis. The bride and groom left Monday morning for a wedding trip and on their return they will reside on the groom's farm near Millheim. During the heavy thunder storm Wednesday afternoon of last week, lightning struck the dwelling formerly owned by Theodore Rupert at the Bald Eagle station, occupied by Ervin Nestlerode. Two of the latter's children were stunned by the stroke, but soon recovered without any ill effect. The house was considerably damaged but was not set on fire. State Highways will be built in Rush and Snow Shoe townships, in Centre county. At one line it was thought that such a road would be constructed between here and Milesburg by Spring and Boggs townships, but up to this time nothing definite has been done. It is one of the most important and frequently traveled roads in the country and the supervisors should not let the opportunity pass. During the thunder gust on Wednesday night 18, James Simmons, living at Taylor mine bank, near this place, was sitting in the kitchen near the stove, when lightning struck the chimney of the house, followed the stovepipe, knocking griddles and other articles from the range, entered the cellar knocking off a joist. Mr. Simmons and a son were sitting quite near the stove, and singular to tell, were not hurt in the least by the electric bolt. Mr. Simmons says the stroke circled around his legs, without his knowing at the instant what it was, until he realized it all.

The Stormtown base ball team and the A. M. Brown Sluggers will cross bats Saturday afternoon July 28th at Baileyville Base Ball Park. Saturday evening during an electric storm, Wm. R. Borst, of Stormtown, was stunned by lightning which struck the gate post when he was standing on the porch not fifteen feet from the gate. He escaped without any serious injury. Thursday evening the following parties left Hubsburg station over the C. R. R. of Pa., for an extended trip through Canada: Samuel and G. F. Hoy and H. D. Vonada, of Hubsburg; Austin Brungard and John Yearick, of Zion. They go to Toronto and then on to Winnipeg, Regina and other points expecting to remain there a least a month and some may stay longer. They are going to see the country and if it suits them they may make investments in land with a view to moving there later. RECENT DEATHS. JOHN C. KUNES—died at the home of his daughter, Mrs. Guy Fisher, at Flemington, Pa. The funeral was held at the Baptist church at Blanchard on last Monday, services being conducted by Rev. West. He was a veteran of the late war, and leaves to mourn his loss, a wife, one son and one daughter. Mrs. ROLAND G. ICKOFF—died at her home in this place on Wednesday night, 18, after an illness of more than four years. She was 60 years old and was born in Bellefonte, her maiden name being Sarah Stratton. Surviving her are her husband and four children, Roland, Jennie, Annie and Elizabeth. Interment in the Union cemetery, Saturday. SARAH M. POORMAN—wife of Edward B. Poorman, died Thursday, July 19th, of heart trouble, after an illness of three years, at her home on the Jacksonville road three miles from Bellefonte. The deceased was the daughter of Daniel Grove of Zion, and was aged 33 years and 6 months. She is survived by her husband but no children. Interment at Zion, Monday. LYDIA MUSSEY—died at the home of her sister, Mrs. Frederick Catherman at Millheim, Monday evening, July 23, 1906, at the age of 82 years. Deceased was a daughter of the late Philip B. and Elizabeth Musser and was born in Gregg township, March 16, 1828, making her age at the time of her death 78 years, 3 months and 25 days. She has left to survive one brother, Ilgen Musser, and one sister, Mrs. Frederick Catherman, both of Millheim, and a grandson, Milton Hoover, of Williamsport. The Prime of Life. The larger part of the immensely great fortunes of this country have been accumulated after their amassers have passed 40, in fact writes a correspondent, the first forty years of a man's life are preparatory years, the years of training and discipline. A large part of the time he is laying the foundation—just getting ready to rear the superstructure. Many of us stumble around years before we get into the right place, and then for additional years we make mistakes. Most men do not get wise until they have passed 40. They may get knowledge before this, but not much wisdom. Wisdom is a ripening process. It takes time. At the age when Dr. Osler thinks men are useless, Lincoln was trying to get an appointment as land commissioner and failed. At the same age nobody outside his own little community knew Ulysses S. Grant. He had not then accomplished anything of note, and yet he became the greatest military figure of the day. Every man makes his own dead line. Some reach it at 35, some at 40, some at 50, some at 60; some do not reach it at 80, some do not ever reach it, because they never cease to grow. Your Local Paper. The local paper should be found in every home. No children should grow up ignorant who can be taught to appreciate the home paper. It is said to be the stepping stone of intelligence in all those matters not to be found in books. Give your children a foreign paper which contains not a word about any person, place or thing, which they saw or perhaps never heard of and how could you expect them to be interested. But let them have the home paper and read of people whom they meet of places of which they are familiar and soon an interest is awakened which increases with every arrival of the local paper. Thus a habit of reading is formed and those children will read the papers all their lives and become intelligent men and women, a credit to their ancestors, strong in knowledge of the world as it is today. Diphtheria Lessened. State Health Commissioner Samuel G. Dixon continues to cut down the death rate from diphtheria through the agency of antitoxin, which the state department of health is distributing free of charge throughout Pennsylvania in all cases where the patients are too poor to pay for the serum. The report of the antitoxin division for the week ending July 16th gives the remarkably low death rate of three per cent. for all cases treated with state antitoxin. There were no deaths at all where the instructions of the commissioner as to the liberal use of antitoxin within twenty-four hours after attack were followed out. Statistics show that the death rate in diphtheria is forty-two per cent. where antitoxin is not used, hence the splendid achievement of the new department of health in saving lives by its free distribution of antitoxin. A windstorm on Friday of last week made a fortune for Hector Kent, a poor farmer residing half a mile from Galeton. During a miniature cyclone a large tree on his place was uprooted, and in the cavity made by the uprooted tree was found a vein of sand. It has been utterly impossible up to this time to obtain a first class building sand in that section his said, and thousands of dollars have been expended by the Buffalo & Susquehanna Railroad company alone in the purchase of sand elsewhere. The directors of corporations are of ten mere figure-heads for letter heads. No man can make a mistake without learning something.

William R. Stephens, of Bridgewater, Montrose county, is critically ill and will be obliged to submit to an operation for injuries caused by a turkey. He was driving up the hill near the Edwin Sprout place, where some turkeys were feeding by the roadside. His dog charged the flock, and they flew. One weighing 12 pounds came sailing straight in his direction and struck him in the side. The force of the blow killed the turkey outright. Stephens, suffering from a large swelling of the neck, was taken into Sprout's house and after a time recovered sufficiently to be taken home. His side was sore, but he supposed he was getting better, until a large swelling appeared and he is now in a serious condition from internal injuries, and it is said that an operation will be necessary to save his life. Midway Earlier. The ladies of town who contemplated holding a "Midway" in the army for the benefit of the hospital have wisely changed the date about two weeks earlier. In the week the Firemen of Central Penna. hold their annual convention in Bellefonte, which will be Tuesday, Wednesday and Thursday of August 21-23. This gathering means that over a thousand uniformed firemen will be here and will attract many others. The Midway will help to make the week interesting and attractive for the visitors who will be in our town. The firemen will be in our town as a rule and their coin freely when at these conventions. This change of date was a good move by the ladies. Business Men's Picnic Privileges. The Passenger Department of the Central R.
