EDITORIAL.

The enthusiasm for Bryan is running so high all over the land that there is no doubt he will be the next democratic nominee for President.

In Union county the Lincolnites have an organization and will nominate a good candidate for assembly who will be endorsed by the Democrats and defeat Dr. Mohn, the machine nominee.

This part of the state is being billed by posters of Penna. R. R. offering low excursion rates to the Bryan reception in New York City on the 30th. This is a peculiar position but it indicates an effort to punish Roosevelt, and has aroused wide comment.

ARRANGEMENTS have been made for the formal notification of the fusion candidates in this State at Pittsburgh, on Aug. 28. In the list of committeemen appears the name of Howard E. Holworth, of Fleming, to represent the Lincoln party of Centre county. From what we can learn there is an active nucleus of independent republicans in every section of Centre county who will support Emery for Governor, but are not making a big fuss over the fact.

SPEAKER CANNON has expressed a willingness to be the republican nominee for President on a "stand-pat" platform, namely, a continuation of the robber tariff that works only for the good of the monied powers and trusts, and burdens the masses. Well, that's an unmistakable position and would bring the question of millions for the monopolies and not one cent for the dear people, squarely before the people at the polls. The western republicans and of Massachusetts and other States, have announced their willingness to join with the democrats to spike that "cannon."

ROOSEVELT AND THE GANG.

"Pennsylvania is a Republican State," vociferates an alarmed gang organ, "and the Administration at Washington needs its indorsement and help."

All true. But there are two sorts of Republicans in Pennsylvania. One sort the Administration has sternly condemned as "a criminal combination masquerading under the name of Republican." The other sort are Lincoln Republicans who are trying to rescue their party from the masqueraders.

The masqueraders have named Stuart for Governor with a gang entourage. The Lincoln Republicans have named Emory, a Roosevelt Republican, with reform associates and a fusion combination of all friends of good government and all haters of gang rule behind them. To elect Stuart will be to condemn the Roosevelt Administration and to halt political regeneration in Pennsylvania.

To elect Emery will be to defeat the "criminal combination" and to carry forward reform in all departments of State and municipal administration. Let the people choose, says the Record.

FARMERS AND THE TARIFF.

The farmers can hardly approve the Republican standpat program, when they find the price of wheat, oats, corn and cotton declining and the cost of all they buy rapidly advancing. Where does the boasted protection to agriculture come in under the present protective tariff and how are farmers protected, although the tariff law provides that 25 cents a bushel of wheat and 15 cents a bushel on oats be collected on imports? The price of wheat is now lower than it has been for ten years or since the present tariff law was enacted in August, 1897.

Farmers, who are Republicans, should demand of their "standpat" leaders a fair deal, and of the agricultural machinery trust the barbed wire combine, the lumber association and the clothing trusts for their products, that some method of raising the price of cereals and keeping them stable should offset trust high prices. The facts is, however, that no tariff can protect the farmers on his products of which the surplus must be sold abroad, as the price paid by the foreigners for that surplus fixed the price here.

An inquisitive editor who recently went around and interviewed thirty business men and thirty loafers says that the business men had all been flogged freely by their parents when they were boys, but out of the thirty loafers, twenty-seven of them had been "mamma's darlings," and the other three had been raised by their grandmothers. How was it with you? Did you get flogged when you were a kid, and are better for it?

NERVE AND "EASY MONEY."

While Abraham White, who made, it is said, \$1,500,000 on United States bonds from an investment of 44 cents in stamps during the Cleveland Administration, and Samuel Byerly, who a few weeks ago cleaned up \$10,000 on an option in a similar transaction, have feathered their own nests, they have also by their example of so-called "nerve" wrought incalculable damage to thousands of men. What these two individuals have done in the way of making "easy money" thousands of other men will now imagine they, too, can do, for the two things which the American young man craves to-day is "easy money" and "quick action."

The oversight of callow or reckless men with the gambling instinct is that they disregard the reverse side of the pictures of success. The careful gambler never makes this mistake. He knows that for every phenomenal winning in stocks there are a thousand unheard-of miserable failures.

The immature speculators rush in with the crowd and get squeezed with the crowd. They do not consider that White, Byerly and others of their kind figured carefully and waited patiently for their opportunity. The fact that they made money quickly and largely upon what the world regards as "nerve" fills the horizon of the foolish speculator and he rushes heedlessly in full of hope, only to back out a tattered wreck.

The above sensible comment in the Philadelphia "Press" can be read and applied to this locality.

ZION.

On Sunday evening a party of young people assembled at the home of Wm. Weaver to hear the graphophone of Frank Meese; it certainly is a fine machine; call again, Frank.

While on a visit with her son John, in Michigan, Mrs. Christ Decker has employed Alice Johnson to keep house for her.

Alice Robinson from Centre Hall spent Sunday with Alma Stein.

Mr. Allison from Nittany was a pleasant caller at the home of Mae Lesh, on Sunday evening.

The party of men from Hublersburg and Zion, who made a trip to Canada, all returned home last Thursday, except Austin Brungard; his family have not heard of him for a week or more.

We guess Luther Musser is going into the chicken business, as he purchased some young chickens last week. Quite a number of our people expect to attend the firemen's convention at Bellefonte this week.

Harry Rockey spent Sunday at Jacksonville. Lloyd Homan was pleasantly entertained by his lady friend at the home of Luther Musser on Sunday evening.

A few young people held a corn roast in Struble's woods on Monday evening. Verna Weaver from Centre Hall, is visiting friends and relatives at this place.

There will be services in the Lutheran church on Sunday evening.

FOWLER.

The picnic at Mt. Pleasant was well attended. Linnie Weaver is spending a week with her aunt, Mrs. Wm. Miller, at Osceola.

Mrs. Winfield West, of Pitcairn, is a guest at the Richard home. James Herdman and family is spending a few days with his sister, Mrs. J. W. Beckwith.

R. S. Richards met with a painful accident while taking the colts to pasture on Saturday morning; one of the colts kicked him and broke his collar bone.

JACKSONVILLE.

Most of our farmers are through cutting and storing their oats, which is a fair crop. Harry Truckenmiller, wife and children, of Zion, visited R. H. Stamm and wife over Sunday.

Quite a number of our people took in the big picnic at Hecla. R. H. Stamm is making some improvements by cutting brush and cleaning up fence rows.

Our roads are in bad shape; should the supervisors see them they would certainly make some changes before long. The steam thresher is heard in this valley and makes the chickens run.

COBURN.

1022 sheaves of oats were brought into the barn on one load by Emanuel Kerstetter. You can rely on it, as Sam did the counting and not George. Melville Snyder, of near Carroll, visited here last. The girls are always glad to see him.

G. M. Bower and son Stuart returned from their western trip on Tuesday. Mrs. J. C. Krumrine, of Weikert, sojourned here a few days. J. G. Meyer, of Centre Hill, is visiting at Daniel Krader's.

Meyer Bros. and L. P. Korman sold their bay team and the latter has purchased a fine three-year-old driving horse.

On Tuesday about 9 a. m. death ended the intense sufferings of Mrs. Daniel Hosterman, whose death was due to a complication of diseases which attacked her during the last two months. Funeral services will be held Friday forenoon at this place in the Lutheran church, of which she was a member. Her life was that of a model christian which it were well for the survivors to imitate; age 65 yrs., 2 mo. and 22 days. She is survived by her husband, two sons: John, of Woodward, and William, of Ft. Wayne, Ind.; two daughters: Mrs. Jas. Wert, near Penn Hall, and Mrs. J. E. Harter, of this place; also the following brothers and sisters: Michael, Jacob, Emanuel, John and Daniel Kerstetter and Mrs. John Brandt.

A. J. Stover is giving his house a coat of paint, which greatly improves its appearance. May Hosterman, of Woodward, spent several days at this place. Do not forget the social this evening; should it rain come tomorrow evening.

Our town should have some more new pavements. J. R. Corman passed through town yesterday with his threshing outfit. He is using a new separator this season and David Bartsge says it's the best cleaner that was ever on his barn floor.

GREENBURR.

Part of the telephone wires are up and we hope to see them all up by the end of the week. Clair Douy is wearing a broad smile since Friday of last week; it's a boy.

The Livonia Cornet band, while passing through town, enroute for Tylersville, treated us to a fine selection, on Saturday. Communion services were held in the U. Ev. church on Sunday forenoon in the absence of their presiding elder, a former pastor, Rev. Garrett officiated, who preached a very encouraging sermon.

Jacob Moyer and wife, of Freeport, Ill., are visiting friends and relatives in Greenburr and vicinity and are at present guests of N. A. Kahl's. The Reformed Bible school decided to hold a festival on their church lawn on Sept. 8.

J. M. Kahl had the misfortune to lose his horse on Saturday night; what caused his death is a mystery, so far. Camp meeting will commence on the 23rd and continue over Sunday.

AARONSBURG.

For a 2 Cent Fare.

The governors of all but four states east of the Mississippi river have promised to co-operate with the State Board of Pennsylvania for the passage by their respective legislatures of a bill for a uniform two-cent fare on all steam railroads. The movement for these reforms has become general throughout the United States and is bound to win. Governor Stocks, of New Jersey, and Governor Warfield, of Maryland, have ingored the request to co-operate with the board for a two-cent fare.

UPRISING IN CUBA

A state of revolution actually exists in the island of Cuba and the government has been brought to face with this fact. Miner fighting has already occurred, and it is feared this is but the foretaste of more serious engagements in the near future. The revolutionaries are now estimated at fully 1,000 men, and some of the newspapers even place the number at 2,000. This is an unfortunate condition in the new republic in which this country has shown a parental care.

Fined \$100 and Costs.

Tuesday evening Clark Paul, of Monument, Pa., who was arrested for shooting deer out of season, last February, by game wardens Berrier and Hummelbaugh, was brought to Bellefonte and given a hearing before Justice Keichline. He plead guilty to the charge and paid a fine of \$100 along with almost \$40 costs.

For over two weeks the wardens were on the trail of Paul and when he found the pace getting too warm he took what he considered a clever course. He had a friend make information upon the same offence, before squire Rosser, of Mill Hall. He paid the \$100 fine and \$5 cost and the friend who, under the law, got half the fine returned the \$50 to Paul, making his total cost \$55.

As the warrant held by the wardens was the first one issued, the Mill Hall proceedings were declared void and the \$50 rebate trick did not work as had been expected. Others who violate the game laws can learn a lesson from Paul's experience.

Letter to the Racket Store, Bellefonte, Pa.

Dear Sir: Now, may be, you can't get goods; if you can, your fortune is made. Cotton cloth—they call it muslin in some parts, at about the usual price per yard, but wider, twice as some, and better, wears better, keeps white and whole a surprising time in all sorts of wear. You could sell that cloth for hundreds of miles; there'd be no limit. A yard goes further; one buys less yards. Wears longer; one buys less often. It always looks right till well worn out. No one customer buys so much of it but think of the number of customers! May be you can't get it in cloth; but you can in paint: Devooe. Devooe is as if it were wider; a gallon you pay for less gallons; you buy less gallons; you pay for painting less gallons—as if one paid less for making a garment of that wide cloth—and it keeps its fresh looks and sheds water till you have forgotten how old it is. It isn't true in cloth, but it is in paint the less you pay the better it is for the goodness of paint is reckoned by gallons; less gallons, more goodness. Goodness in paint is strength. The stronger a paint, the less gallons it takes for a job and the longer it wears. Yours truly F. W. Devooe & Co. New York.

Well Said.
