EDITORIAL.

CAPTAIN H. S. TAYLOR is a "Centre county boy" and as such we believe that he will be tendered a nice complimentary vote. He is a young man, with energy and ability back of him, and as a congressman, would be of use to every old soldier in the district. Do you know that he will be elected? We assure our readers that his prospects are exceedingly bright, and we know what we are talking about.

Remember, voters, that all the nominees on the Penrose tickets in every county in the state, for senators and assembly, are apologising for the capitol iniquity and if elected will oppose investigation and punishment of the machine rascals. No honest man will vote for a machine nominee and thereby aid in shielding the perpetrators of the great wrong committed against the taxpayers.

In the last issue of the Gazette there were seven articles, one of a column, on Captain Barclay for congress. In the same issue there was no reference to the fact that Henry C. Quigley is running on the same ticket this year. The editor should walk around the corner and see the "Judge" whether "Quig" really is a candidate or not. This apathy is painful. Evidently poor "Quig" will get the cold shoulder from this push for fear he might meet in postoffice appointments. Poor Quig!

AND only few days ago it has been discovered that some of the fine carving ordered in the capitol specifications to be hand work on mahogany, is a fraud like all the rest, being moulded putty painted in imitation of mahogany. This is simply typical of what that "good old man Stewart" would be if elected governor by the gangsters. He would be a mere lump of putty in the hands of Penrose and his gang of plunderers who nominated him to cover up the most gigantic robbery of the age.

GANG candidate Edwin S. Stuart says he "will not stand for any wrong doing" if elected Governor. Did anyone ever hear Stuart's voice raised against the padded registry lists, the white slave traffic, the speakeasy syndicate and other criminal enterprises of the Gang while he was Mayor of Philadelphia and since? No, Stuart "went along." He preferred to see his native city disgraced rather than take a stand against the men then in power. So will it be if he is Governor. He will "go along" with the Gang.

"COL. HUGH S. TAYLOR is a young active, bright man who will give his constituents the best possible service if sent to Congress. He has an excellent record during the Spanish American war and is popular with all who know him. He will carry a big vote in Clearfield county." - Clearfield Republican.

Yes, all true, and old Centre, his own county, knows him so well that it will roll up a deserved majority for Colonel Taylor for Congress. The Colonel has a soldier's record and a creditable record as a working man, with eminent qualifications for any position.

A SPECIAL train of ten cars left York for Harrisburg on Saturday that folks might see the new Capitol—it arrived at Harrisburg with not a single passenger on it. When the special arrived at Bellefonte, Saturday night only two passengers got off. From all other points in the state the Capitol specials had only meagre numbers. Even Pennypacker left Harrisburg and spent the day and Sunday on his farm at Schwenksville, evidently ashamed to meet the people who came to view the great fraud which was committed right under his nose, and as one of the Commission to see that there was no wrong done.
