THIS TELLS THE STORY!

The following is an extract from a letter just received ordering our "Headache Cure":

52 Charlotte Street, Dorchester, Mass., Oct. 18, '06.

F. Potts Green, Dear Sir—Your "Cure" works wonders in my case. It has never failed in a single instance. I am an old chronic subject, 62 years old, and have had these terrible sick headaches ever since I was born. Tried everything for years but have found the remedy in your Wafers.

Have only two or three serious headaches in the year and if I have your Wafers with me I always get immediate relief. Very sincerely, D. W. HOWARD.

Mr. Howard will be remembered as the leader of the Boston Ladies' Orchestra that gave a performance here a few years ago.

SENATOR PENROSE is the head and boss of the gang that robbed the state out of millions in the Capitol job. The country is astounded over the gigantic iniquity that was perpetrated by the Penrose Gang upon the taxpayers of this Commonwealth. This machine boss, Penrose, has fixed all the nominees on the Gangster tickets in the state, for assembly and senators, so as to have their votes for his re-election, and to whitewash the Capitol robbery. In our own county, Quigley for senator and Fryberger for assembly, are Penrose's choice and were placed on the ticket that he may have their votes when the election for U. S. Senator is had. Will the people of this county vote for these two men and thus give the boss two votes for senator?

Was there ever impudence to exceed that of the Penrose Gang organs in declaring that the gigantic robbery in trimmings for the Capitol was none of the taxpayers business because the money thereby stolen from the treasury was collected off the corporations! Then, according to this rogue logic, the millions still in the treasury can be legitimately stolen because also collected in taxes from corporations. That's logic that justifies robbery. Voters, if you want this great robbery whitewashed by the next Legislature, vote for Quigley and Fryberger; if not, then vote for George M. Dimeling for Senator and for John Noll for assembly.

Should be "Drummed."

Any person who will accept and take through the postal authorities a newspaper for one straight year or more, and then refuse to pay for it on the pretext of not having ordered it, should be "drummed out of camp." If they were up in their lines as to the postal laws, they would know they are liable for the same so long as they accepted it from the office whether they ordered it or not. And in stopping they must pay for the same in full to date, and give due notice to the publisher to that effect, otherwise the publisher may continue to send his publications, and collect for same. Many dead-beats are not wise on this subject.

David H. Cochran, a prominent resident of Jersey Shore, was found dead in bed Thursday morning by his wife. Heart failure was the cause of his death.

The Jar of Coughing

Hammer blows, steadily applied, break the hardest rock. Coughing, day after day, jars and tears the throat and lungs until the healthy tissues give way. Ayer's Cherry Pectoral stops the coughing, and heals the torn membranes.

"I always keep Ayer's Cherry Pectoral in the house. It gives perfect relief whenever any of us have coughs or hard colds. I have used it for a
