THE NEWS IN CONDENSED FORM FROM ALL PARTS OF THE COUNTY

PORT MATILDA.

Mrs. Thomas Wiston is quite ill at her home in this place. The revival meeting, at the M. E. church, is meeting with success. W. H. Musser, of Bellefonte, was a recent business visitor to our town. Henry Melcher and John Miles, of Wilkesburg, are visiting friends in and near Port Matilda. Moses Weaver has returned home, after an extended visit among friends in Burnham and Lewistown. It is said that two of our swift young men gave their best girls a sleigh ride a few evenings ago; one is doctoring frozen ears—is that a fact, Bell? Mrs. Dora Clewell had quite an adventure with an owl, a few nights ago, hearing a disturbance among the chickens, gathered up the gun, and struck for the henhouse, she blazed away in the darkness. All was then quiet; returning to the house, got the lantern, and on going back to where the noise came from she found a chicken traveling around with much difficulty; upon examination found it struggling with an owl, which she killed, after a fight with it. She rates herself among the Bald Eagle valley nitmuds now. A telephone line from Port Matilda to Bellefonte is under construction to be completed as early as possible; it will be known as the Port Matilda and Julian Telephone Co. Those interested in the enterprise in our town are Dr. S. U. Harshbarger, H. C. Woodring, J. M. Williams, Dr. Thompson, W. T. Hoover, W. T. Patton, Alex. Chaney, and J. A. Williams. As our citizens are alive to enterprise, you can in the near future hear, "Hello, who is talking."

HARRIS TWP.

Quite a number of people of this place attended the dance at Boalsburg, last Friday eve. Many of George Lohr's friends will be sorry to learn that he is laid up with a sealed head. Mary Felty and Miss Lide Leech are on the sick list. Robert Leech and friend attended the banquet at Pine Grove, on Friday eve. There has been quite a time here with the valentines, getting them and returning them. It is a good thing valentine comes but once a year or the people would get nothing else done. Harry Miller visited his friend Wm. Leech, on Sunday. The next thing on the program will be moving. We are sorry to learn that we are losing the Mr. Smiths. They bought a tract of land in Stonevalley. Say, Winnie, did you dance with George? The Shingletown school will observe Washington's birthday on Friday afternoon. Say Mame, you were fooled when you thought "Buck" was too sick to go to the banquet; for he was there, all the same.

BUFFALO RUN.

A sled load went to Fillmore to Mr. Henderson's last Friday. The following were along: Lynn Mattern, Clarence Furst, Mrs. J. W. Hartsock, John Kneel, Mary Cross, Orris Harris, Emma Moore, Clark Hartsock, Ethel Furst, Howard Hall, Mary Furst, Lester Meek, Elsie Hartsock, Carl Furst, Ella meek, Albert McDivit, Pearl Zeek, May Zeek, Mary Hartsock; they all went home saying they had a fine time. Eight young people went to Scotia to Mr. Lauer's last Wednesday evening; they played games and were given some fine music on the phonograph. Carl Furst and two sisters, Ethel and Mary, spent Friday eve with their friend Miss Ines Sellers. We are glad to hear Miss Sallie Meek is improving. Harry Carson is on the sick list. We don't need to wonder why Howard likes it up the road so well. Well, Jessie must be sleeping as she forgot to write the items last week.

ROMOLA NO. 2.

Sleighbing has been good but it getting poor. Joseph Poorman says that his hogs are as long as a fence rail and they like to eat cornfodder and hay. Bertie Forringer has been laid up for a week or more with a lame knee. Stella Poorman and brother Frank paid a short visit to Orvis on Saturday. Miss Mary Poorman has resigned her position at Hayes Run and is going to Lock Haven to find other employment. "Bunt" is around here again. The sick are improving. Some of the groundhog's weather has arrived. Frank Uhl returned from his trip to Erie.

SMULLTON.

Among the sick in our village are S. A. Walzer, T. D. Stover and infant of Maggie Harry. Election over and the result as usual, whole thing democratic. Some time ago there appeared a piece in the Centre Democrat relating to good laying hens. We have a man here whose hens break all records of the past, present and future. He has 16 hens composed of every nationality on God's green earth, and from Oct. 1, 06, to Feb. 1, 07, those hens are not guilty of seeing an egg, much less lay any. Charles, the owner, bought a dozen and exhibited them to her hens as patterns—result is eggs everywhere you look to. John Smith, from Sober, was a very welcome visitor in our midst over the Sabbath day. Clayton Winters and wife partook of the goods that keep body and soul together under the parental roof. Clayton is very fond of stuffed pig stomach. A. E. Stayer has opened a first class paint shop on Water street. He is running the newly painted buggies out like a mad of land on a hot pan sailing. Newton Brant has added another horse to his stable of fine horses. Anyone having a rooster and wishing him to be completely and thoroughly whacked, should not fail to bring him around to William Smull's henery; have his Bantam rooster do the necessary; so far he has sent one rooster on the way whence the traveler never returneth and where spurs are not needed and crowing of defiance not heard. Valentine day passed by very pleasantly and profitably; it kept most of our populace busy lifting those heart-breaking and sympathetic valentines; some 3 or 4 of our male citizens were abundantly blessed with pictures some receiving as many as 6. The creamery is lined with valentines, things sometimes and some places, go helter-skelter; such was the fate of the sledding of merry making laddies and lassies that started to the home of Mr. Martin in Pennsylvania. All went well until they came to Swartz farm, below Millheim, there the driver, of some manner or other, upset the whole lump of avoidpours over an imbankment; some prayed for deliverance; some sang for joy, while others carefully dropped a few cuss words for satisfaction. Some lassies were pretty badly bumped and shaken up; the party were under the charge of Claud Smull and William Sholl; they acted as god-father to the crew.

RUNVILLE NO. 2.

A sledding party from Milesburg landed at the home of H. A. Witherite last Tuesday eve, Feb. 12, at 7:30. At 11 p. m. they were led to the dining room where a grand repast was served. The table was laden with good things to eat, but the worst trouble was the ladies complained of eating too much. The crowd consisted of the following: William Adams driver, Mrs. J. McCullough, Mrs. M. Smith, Mrs. Wilson Heaton, Mrs. William Walker, Mrs. Harry Austin, Mrs. Henry Haupt, Mrs. D. McKinn, Mrs. J. Shawly, Mrs. Frank Baird, Mrs. Joe Baird, Mrs. A. E. Swartz, Mrs. U. Housel, Mrs. Jennie Adams, Mrs. Tomer Hug, Mrs. E. Poorman, Misses Mel Kelley and Tacie Lucas and Lucy Smoyer. Now readers, if you don't believe this was a jolly crowd and had a good time just ask the writer or one who was present. Mrs. Robertson returned to her home at Philipsburg. Miss Powell, of Yarnell, spent Sunday with Clara McClincy of this place. Mr. Edward Quack wife and children, of Julian, spent Sunday at Mrs. Morgan Lucas. Florence Leathers spent Sunday at Mt. Eagle. Don't forget protracted meeting at this place, every eve. at 7:30. Mrs. Kate Sennet, of High St. spent a few days at Bellefonte. Some of our people got some very pretty valentines, scribes No. 1 and No. 2 were not included. Mrs. C. Gay returned from Mt. Eagle. There are some people in our village whose talk is all about their neighbor, but to that neighbor they are as good as pie. Now what would you call that person? They don't charge anything for carrying news. Its all free.

WADDLE.

Mrs. J. E. Clark has returned from Pittsburgh, after a few weeks visit with her daughter, Mrs. Snyder. John Clark would like to have two or three good men to work for him this summer, good wages, apply at once. John Carson died of heart trouble, on Thursday morning. He took sick very sudden and his wife ran to telephone for the doctor, and when she came back he was dead. Agnew Way spent last Saturday and Sunday at Valley View, with Miss Bertha Eckley. They say that Herman Griffin, of Stormstown, was seen in our town on Saturday night; better watch out or he will get his hair pulled. Guyer Stine, who has been working at Loveville, spent part of last week with his parents Mr. and Mrs. George Stine. Gray Hartsock, formerly of this place but now of Altoona, was at home to attend his uncle John Carson's funeral.

ROMOLA.

Mrs. Feturah Heverly, of Orvis, spent a few days with her mother, Mrs. Geo. Long. Calvin McKissic is suffering with a bealed jaw. Miss Mina Fye was the guest of her teacher, Stella Bitner, over Sunday. Mrs. John Daley visited her aged mother on Sunday. John Eminizer, of Orvis, moved to the John Mann house, on Wednesday. A happy, youthful, and joyful crowd, consisting of two sledding parties, visited the home of John A. Daley, as the guest of Miss Maude, on Tuesday night of last week. They were chaperoned by three school teachers and were from Bellefonte, Yarnell and Pleasant Valley. With fond recollection of an evening well spent, they left for home at 1:30.

BOGGS TWP.

HOLTS BOLLOW. Mrs. Ida Johnson spent a few days with her parents in Moose Run. Miss Maude Poorman and Miss Grace Burd of this place spent Saturday and Sunday at Runville. Aaron McKinley, of Moose Run, and Clyde Fetzler, of this place, spent Sunday afternoon at James Shippe's. Charles Poorman spent Saturday night at Yarnell; what is the attraction, Shorty?

NITTANY

Mrs. Alexander, of Millheim, is visiting at the home of her nephew. Miss Marie E. Young who spent the past two weeks in Bellefonte, has returned home. Some of our people attended the funeral of Demer Butler, who was brought from Lock Haven to Snyderstown for interment, last Thursday. Mrs. H. P. Zerby and Mrs. H. K. Allison were callers at Hubersburg, Saturday. Philip Krape of Lamar, a jolly insurance agent, was calling on the people here on Saturday. There was preaching in the Disciple church Saturday night, Sunday and Sunday night. W. J. Mauck and son, our hustling butcher, delivered a load of meat to Lock Haven on Saturday. George Horner spent several days with his sister at this place the past week. Most of our young people seemed well pleased with the valentines they received. John Fravel, of near Hubersburg, and Miss Bertha Hazzard were seen passing through our town one day last week, enroute for Lamar. Charley Decker, of Snydertown, and a lady friend from across the ridge, were guests of H. A. Long and family recently. Mrs. H. A. Long attended church at Hubersburg on Sunday.

MILESBURG.

Mrs. Nancy Malone, of Pleasant View, died on Saturday morning, buried on Monday in the Advent cemetery, aged 92 years. William Peters filled seven icehouses with 12 inch clear ice, this season. Rev. M. C. Piper reopened his revival in the M. E. church on Sunday the 10th. Mrs. Jennie Burst, of Pitcairn, after a pleasant visit with her parents, returned home on Friday last. The return game between Milesburg and Lock Haven basket ball game was played at Beech Creek on Thursday night last a four-horse sled load of young ladies and gentlemen, driven by Joseph Adams, started for Beech Creek to witness the game—score 7 to 4 in favor of Milesburg—returning at four o'clock a. m. Joseph Hinton, of Leadville, Colorado, is looking up his old associates and acquaintances, his first trip here since he left, 37 years ago. John Fulton and family, of Osceola, are visiting their parents at this writing.

MIX THIS AT HOME.

The following simple home-made mixture is said to readily relieve and overcome any form of rheumatism by forcing the kidneys to filter from the blood and system all the uric acid and poisonous waste matter, relieving at once such symptoms as blackheads, weak kidneys and bladder and blood diseases. Try it, as it doesn't cost much to make and is said to be absolutely harmless to the stomach. Get the following harmless ingredients from any good pharmacy: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle, and take a teaspoonful after each meal and again at bedtime. This simple mixture is said to give prompt relief and there are very few cases of Rheumatism and Kidney troubles it will fail to cure permanently. These are all harmless, everyday drugs, and your druggist should keep them in the prescription department; if not, have him order them from the wholesale drug houses for you, rather than fail to use this if you are afflicted. SPRING MILLS.

The weather over last Sunday reminded one of gentle spring. The report of the condition of Mrs. Robert Smith, who is in the Williamsport hospital, is encouraging. The thaw last week spoiled several contemplated sleighing parties. A happy spirit of compromise among married people would mean more genuine happiness, and less business for the divorce courts. On last Thursday evening a number of fun-loving young folks had a dance at the hotel Woods. They were furnished with fine music and a sumptuous supper and had an enjoyable time. Does the pure food law regulate the amount of beans and chickory in our mocha and java. Arthur Cummings and bride, used to be Miss Mary Moyer from Potter township, made their wedding tour to friends and relatives in our town. We all wish them a long and happy married life. Lagrippe is still visiting around. It is a lucky person that does not receive a visitor from this plague. The Pa. telephone company will put a telephone into the house owned and occupied by Frank Forman, west of town. Our ice houses were about all filled during the late cold spell, but none were as lucky as a man in one of the northwestern states, where there was a railroad wreck and some box cars loaded with ice jumped the track and ran into a farmer's barnyard. The ice was exactly what the farmer wanted yet some people believe that there is no such a thing as luck. A number from here want to attend court to hear the thief scrape. Penn Literary Society will meet on Friday evening. They have an interesting program. Next Wednesday S. G. Burrell will hold public sale, one mile east of Pennhall. He has a full line of farm implements and good stock for sale. It may be interesting to some of our people to know that Charles Alexander, who up to a few years ago was at home in our town, but now is employed at Yeagerstown, was recently married to a lady from some eastern town. They have off best wishes. The latest among the young folks is that a certain minor couple near here drove in a two-horse sleigh to Centrehall, and tried to get married without license. The Allison farm, which H. Weaver will vacate, is not yet rented for the coming year.

CINCINNATI PEOPLE EXCITED

The Great Cooper as He is Called Has Stirred up that City to a Remarkable Degree.

Cincinnati, O., Feb. 20.—This city, is at present in the midst of an excitement beyond anything that it experienced in recent years. Old and young, rich and poor, all seem to have become beside themselves over an individual who was a stranger to Cincinnati up to two weeks ago. The man who has created all this turmoil is L. T. Cooper, President of the Cooper Medicine Co., of Dayton, Ohio, who is at present introducing his preparations in this city for the first time. Cooper is a man about thirty years of age and has acquired a fortune within the past two years by the sale of some preparations of which he is the owner. Reports from eastern cities that preceded the young man here were of the most startling nature. Many of the leading dairies going so far as to state that he had nightly cured in public places deafness of years' standing with one of his preparations. The physicians of the East contradicted this statement, claiming the thing to be impossible, but the facts seemed to bear out this statement that Cooper actually did so. In consequence people flocked to him by thousands and his preparations sold like wildfire. Many of these stories were regarded as fictitious in Cincinnati and until Cooper actually reached this city little attention was paid to them. Hardly had the young man arrived, however, when he began giving demonstrations, as he calls them, in public, and daily met people af-

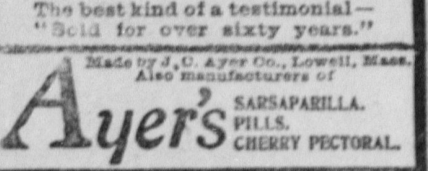

Is Your Money Working

WHAT DOES IT EARN FOR YOU?

The INDUSTRIAL SHOE COMPANY of Brockton, Mass., Manufacturers of the celebrated MAIN LINE, STERLING WORTH and other fine shoes, offers for general and immediate subscription 15,000 shares of its Capital stock, with guaranteed earnings of not less than 12 per cent. per annum, at its par value of \$5.00 per share. The Industrial Shoe Company is a Massachusetts corporation with an authorized capital of \$100,000, all of which is Treasury Stock and all fully-paid and Non-assessable. The company is engaged in the manufacture and sale of fine shoes, and by a business system peculiar to itself has eliminated competition in its particular field, so that a steady and uniform profit of from 12 to 30 per cent. per annum is positively assured. The company has been deluged with orders ever since beginning business, and in order to keep pace with them is obliged to immediately increase its facilities for manufacturing. It is also desired to open retail stores for the better distribution of its product and with the purpose of gaining a still larger profit. These goods are staple, an absolute necessity, and the demand for them is constantly increasing. That the profits of the company will be large and constant can be readily seen when it is known that its average profit is 25 cents per pair and that the proceeds from the sale of this stock will furnish sufficient capital to increase its output to 1200 pairs of fine shoes per day. We believe this to be the greatest opportunity ever offered to make money, earn money in a legitimate manufacturing enterprise, which will stand the closest investigation, and with shares at a price which enables every one to purchase at least a few. The offer is for immediate subscription only and is subject to withdrawal without notice at any time. For Further Particulars, Subscription Blanks, etc., Address Dept. A.—41. The Industrial Shoe Co., Brockton, Mass.

When the Hair Falls

Then it's time to act! No time to study, to read, to experiment! You want to save your hair, and save it quickly, too! So make up your mind this very minute that if your hair ever comes out you will use Ayer's Hair Vigor. It makes the scalp healthy. The hair stays in. It cannot do anything else. It's nature's way.

The young ladies of the "A. B. C." club, held a valentine party. They had a room of Mrs. H. Weaver where the party was held, decorated with hearts; the invitations were in the shape of hearts and the gentlemen wore watch fobs as souvenirs in the shape of hearts. The ladies had a splendid line of refreshments and all had a fine time. Spring Mills has the following distinctions in society: People of cultivation who live in large houses; 2 People of cultivation who live in small houses; 3 People without cultivation who live in large houses; 4 People without cultivation who live in small houses; 5 Scrubs. MADISONBURG. Clem Long and family intends to go to Ohio in the spring. Miss Alverta Vonada is on the sick list. John Rishel spent a few days last week in Lock Haven; must be some attraction. Nature must have made a mistake when she provided the rooster with a comb and no hair.
