YEAGERTOWN.

As there are quite a few Centre Counties over here in Mifflin county, we will try and give the news of Yeagertown in general, weekly.

Miss Rosie Kretzer from Centre county spent a few days with her mother at Yeagertown. There are quite a few Centre county hucksters that bring their produce over here to market, and are getting fair prices.

John Messmer the up-to-date huckster, met with a cold reception at Lewistown sometime ago. Chas. Duck and Mrs. L. H. Duck, were arrivals from Centre county. And returned with L. H. Duck who is on the sick list.

SOUTH DAKOTA.

I noticed in the Democrat, some of the Penna. people wondered if it was so cold out here as the papers stated. It was quite cold in the northern part of South Dakota and North Dakota, but around this part of the country the winter was of the best kind. Cattle did not need any shelter, and we did not have any snow; the roads could be traveled with wagons all winter. Crops were good, especially the corn crop; this leaves everybody enjoying the best of health, and also the rest of the Penna. folks that reside here.

Very Truly Yours, W. H. HOMAN.

FROM OHIO.

Editor CENTRE DEMOCRAT: Enclosed please find one dollar which please to my credit for the Centre Democrat another year, as I positively cannot do without it, as I get all my news from home from it. I see in some of the items there have been some large hogs killed. I think I can beat them a little. I killed one that dressed 226 lbs.; that was the largest killed in this section last fall; the Nittany boys will have to feed a little stronger. I see some of them have beaten me in the corn crop. I had 10 1/2 acres and put away 2150 bushels of corn. There are some very good farms out here, but there are just as good farms in Centre county, only a little harder to work.

Respectfully Yours, CHAS. M. MCCLINTIC, Canal Fulton, Ohio. Formerly of Nittany, Pa., R. F. D. 1.

Lydia Schenck, of Bald Eagle, spent part of last week at the home of W. Schenck. Truly a drop of ink will make thousands think. The writer of these items is a very domesticated person and greatly interested in children, and noticing a curfew law is advocated in Bellefonte, it set me to wondering who would be at home to entertain those children when the curfew rings? Will father and mother be there to see that they come to no harm or will business or clubs claim their attention and allow the children to go home alone, with the lights of the fire? I was thinking children could be kept at home if there is anyone there, and if there is not, it will be rather lonely and hardly safe for them to be alone. I do not approve of children being on the street at night or too much in the day time, but it occurs to me that children should have care at home, or abroad; of course; I am only a country Jake, and was just thinking that "Just as the twig is bent the tree's inclined" anon. (The correspondent uses good sense here.—E.C.)

Advertisement for Cooper Preparations: 'Cincinnati O., Mar. 6.—The most interesting feature of the enormous sale of the Cooper preparations, now going on in this city, is what the medicines are actually accomplishing among the people of Cincinnati. At the commencement of his visit here Mr. Cooper prophesied that during the latter part of his stay he would receive hundreds of callers daily who came simply to thank him for what the preparations had done. He also stated that stomach trouble is the foundation for a great many diseases and that his New Discovery, as it is called, would prove very effective in all cases of rheumatism simply by getting the stomach in working order. That this prophecy has been fulfilled cannot be doubted after a half hour spent at the young man's headquarters listening to what his callers have to say. A reporter, who watched to ascertain, if possible, some light on the reasons for the immensity of Cooper's success interviewed about twenty of his callers yesterday afternoon. The statements made by those seen indicate that physicians who claim that Cooper is merely a passing fad, have not looked into the facts. Some of these statements were as follows: Miss Sallie Middleton living at 1959 Central Ave. upon being questioned said: "I have been troubled with general weakness, dizziness, headache, sleeplessness and stomach disorders for a number of years, suffering all the time with my kidneys and back. I had tried a number of medicines and visited several doctors but none helped me. I heard on all sides of these Cooper remedies and decided to try them. Any one who says that they are not wonderful medicines, does not know what they are talking about. After I used the first bottle, I noticed a decided improvement. I have taken three bottles of the New Discovery and I now feel as well as I ever have in my life. I sleep and eat as I have not done for years, and I am happier than I have been for a long time. I have come here to thank Mr. Cooper for what he has done for me." The statement of Mrs. M. E. Emerson living at 730 W. Court St., was as follows: "I have suffered with stomach trouble and constipation for a year or so. When I ate I would have bloated spells, sour stomach, fermentations, bad taste in my mouth. In the morning I was as tired as when I went to bed. I had a dull pain in the lower part of my back. I have taken almost one bottle of the New Discovery and I am wonderfully improved that I have come down here to thank Mr. Cooper in person and obtain more of the medicine. Another statement was made by Mr. F. Luken living at 1006 Gest St., who said: "I have been a sufferer with rheumatism for several years. I could not walk or stand on my feet when Mr. Cooper came to Cincinnati. Nothing helped me in any way and I despaired of finding relief. I was in a general rundown condition, also, and had some stomach trouble. Hearing of his wonderful work my father consulted him regarding my case and purchased a bottle of his New Discovery. After I had finished that one bottle I was able to walk down town and see him myself." "I have continued to take this wonderful medicine and I am now without a sign of rheumatism. My general health is also greatly improved and I have not felt so well for years. I would not have believed that there was a medicine on earth that would do what this has done for me. I am so much happier that I am very grateful to the man that has made it possible for me to regain my health. He has the most wonderful medicine that I know anything about." Other statements taken from those who had previously used the medicines seem to prove that Cooper's success throughout the county is genuine.'

The INDUSTRIAL SHOE COMPANY of Brockton, Mass., Manufacturers of the celebrated MAIN LINE, STERLING WORTH and other fine shoes, offers for general and immediate subscription 15,000 shares of its Capital stock, with guaranteed earnings of not less than 12 per cent. per annum, at its par value of \$5.00 per share. The Industrial Shoe Company is a Massachusetts corporation with an authorized capital of \$100,000, all of which is Treasury Stock and all fully-paid and Non assessable. The company is engaged in the manufacture and sale of fine shoes, and by a business system peculiar to itself has eliminated competition in its particular field, so that a steady and uniform profit of from 12 to 50 per cent. per annum is positively assured. The company has been deluged with orders ever since beginning business, and in order to keep pace with them is obliged to immediately increase its facilities for manufacturing. It is also desired to open retail stores for the better distribution of its product and with the purpose of gaining a still larger profit. These goods are staple, an absolute necessity, and the demand for them is constantly increasing. That the profits of the company will be large and constant can be readily seen when it is known that its average profit is 25 cents per pair and that the proceeds from the sale of this stock will furnish sufficient capital to increase its output to 1200 pairs of fine shoes per day. We believe this to be the greatest opportunity ever offered to make money, earn money in a legitimate manufacturing enterprise, which will stand the closest investigation, and with shares at a price which enables every one to purchase at least a few. The offer is for immediate subscription only and is subject to withdrawal without notice at any time. For Further Particulars, Subscription Blanks, etc., Address Dept. A.—41.
