GLENN HARRIS.

Runville Scribe, please take notice the young man that called the young lady at Runville by phone, to tell you to come to the phone, he wanted to see you, don't live at Glenn Harris, he belongs to Yarnell; as soon as we can get the lumber sawed, we will build a tower house and get a spy glass for him, so he can look down and see you.

Put a detective on the trail of the man who gets his hair cut on Saturday night and you will find that he is the same man who takes fifteen minutes to buy a postage stamp; gets on the wrong street car; eats peanuts at the theater; forgets to take his umbrella with him on rainy day; allows his wife to carry up the coal and attend to the furnace, and never attends church. If he ever smiles it is when he sits in a barber chair, having his hair cut, and thinks of the irate citizens who are waiting their turn. Lightning sometimes take a zigzag course, because electricity seeks the earth and strives to get there by the path of least resistance. In some places the air by its density forms a greater obstruction than in others. The lightning flies from side to side to find the easiest path.

SHORT TALKS BY L. T. COOPER.

NERVOUSNESS.

Nervousness makes people miserable, blue, and unhappy. They think something terrible is going to happen. At night they toss and worry and are not rested. They tire easily and haven't much energy. They think many things are the matter with them—Consumption, Kidney trouble, or twenty other diseases. It's just stomach trouble, nothing else in the world. Two bottles of Cooper's New Discovery will put the stomach in shape in three weeks. I know this because I've seen it tried a thousand times. Then all nervousness will disappear. I know this too, because I've seen it happen a thousand times. Here's a letter I got the other day:

MRS. W. J. SCHAUER.

"My system was badly run down and my stomach and nerves in a awful shape. I could not digest my food, was always tired and would often feel faint and dizzy. I had heard so much of your New Discovery medicine that I began taking it. Relief and strength and happiness were found in the very first bottle and the benefit I have received from it has been truly wonderful. I am no longer nervous, my appetite and digestion are good and I eat everything and sleep well." Mrs. W. J. Schauer, 220 Guthrie St., Louisville, Ky.

We sell Cooper's New Discovery. It makes tired, worn out, nervous people happy. Sidney Krumrine, Druggist.

We are sorry to tell the Waddle scribe that he or she is wrong about the score between Fillmore and Waddle. I myself talked to your manager, Howard Hall, and he says that he doesn't know what they mean for putting the score in that way. He surely wouldn't lie about it and you had better cut out your hot air. We know who you are, the biggest bluff on the ran.

If your team has more money than they know what to do with, put up a \$5 bill and bring your same men you played before and you can either lose your money or win it. Will you put up or shut up?

The ball team of this place expect to have a festival in a few weeks. We can tell you next week when it is. The hot air artists from Waddle are hereby extended a special invitation to attend and bring all their sports along.

The Fillmore base ball team crossed bats with the Unionville team, on Saturday, June 8th, at Hunter's Park. The score stood 4 to 6 in favor of Fillmore. This was a nice game.
