Hunters Sour on Deer Law.
Deer hunters all over the state are considerably agitated over a bill recently approved by the governor, which prohibits the shooting of any except a male deer with horns that can plainly be seen. A doe, fawn or spike buck cannot be killed, only those bucks whose horns are developed and which can plainly be seen by the hunter. The object of this is not so much to protect the game as it is to protect the hunter. The statistics show that hundreds of men are killed by careless hunters, who see a bush waving or a movement in the underbrush, and blaze away at it, only to furnish a subject for the coroner. State Game Commissioner Kalfus was instrumental in having the new law passed, and says that there will be very few accidents hereafter, if the hunters obey the law and hold back fire until they are certain the target is a male deer with horns. Still many of the hunters are up in arms concerning the new law.
It's too bad that things should be too good to last.

SHORT TALKS BY L. T. COOPER.

DEBILITY.

L. T. COOPER.

Many people who talk to me say: "I feel half sick all the time. I don't just know what's the matter with me." This is general debility. It's a very common people who get in this shape have my sympathy. They aren't sick enough for bed so they drag around and their families get exasperated with them. There are two causes for this condition; bad habits and a weak stomach. By bad habits I mean eating irregularly and too fast and not chewing the food thoroughly. The stomach gives out and loss of appetite, biliousness, constipation, and general debility result. First get the stomach in shape and then be more careful in the future, and the worn out, despondent, half sick feeling will be a thing of the past. Two bottles of Cooper's New Discovery will put the stomach in shape. Common sense will do the rest. There are fifty thousand people in this country who know this to be true because they've tried it. Here's a letter from one of them: "I was all run down from overwork, lost ambition and energy and could not sleep. It was difficult for me to attend to my work owing to that tired-out feeling. I secured two bottles of the New Discovery medicine and determined to try it. The result delighted me for renewed strength and vigor and energy came with the first few doses. Its effect was different from anything I had ever taken. I finished the two bottles new and feel well and strong again." E. McEachern, 839 Dix Ave., Detroit, Mich.

We hear favorable reports of these famous medicines every day. Ask us about them. Sidney Krumrine, Druggist.

To Pay School Money.
Beginning on Monday, Treasurer Berry will pay the school appropriations to the 2,572 districts of the state entitled to funds. The payment will be made from moneys appropriated by the legislature of 1905, and not on the basis of the last appropriations, which is \$4,000,000 greater than the former.
Even bald-headed men have the nerve to criticize the way others part their hair.

For that Dandruff
There is one thing that will cure it—Ayer's Hair Vigor. It is a regular scalp-medicine. It quickly destroys the germs which cause this disease. The unhealthy scalp becomes healthy. The dandruff disappears, had to disappear. A healthy scalp means a great deal to you—healthy hair, no dandruff, no pimples, no eruptions.
The best kind of a testimonial—"Sold for over sixty years."
