Don't judge a man by his clothes. God made one and the tailor made the other. Don't judge a man by his family. God belongs to a good family. Don't judge a man by his failure in life because he is too honest to get rich. Don't judge a man by the house he lives in, for the lizard and the rat often inhabit the grander structure. When a man dies they who survive him ask what property there is left behind; the angel who bends over the dying man asks what good deed she has sent before him.

Real Revolutionary Daughter.

Bellefonte chapter, Daughters of the American Revolution, has discovered a "real daughter" in the person of Mrs. Mary Ann Allison Rishel of Clintondale, and by special invitation she was duly received as a member of the Bellefonte chapter at a special meeting held at the country club recently and at once pensioned by the organization. There are only six real daughters of the Revolution living in the entire state of Pennsylvania.

Mrs. Rishel is a daughter of Matthew Allison, who was born in Ireland in 1750. Shortly before the breaking out of the Revolution, and 1778 he joined the continental army and fought to the close of the contest in 1783. He was thrice married and Mrs. Rishel is the next to the youngest child by his third wife.

Her half brother served in the war of 1812, and her son fought in the war of the rebellion. She was the mother of but two children, but her descendants include 12 grandchildren and 24 great grandchildren.

Mrs. Rishel, despite her more than 86 years, is still in good health and quite active. She attends church regularly and every Sunday teaches her class in Sunday school. She was born at Cedar Springs, at that time in Centre county, and her entire life since has been lived in Clintondale, within five miles of her birthplace.

Mrs. Rishel Tuesday received from the National society of the D. A. R. a golden spoon, the mark of honor and recognition conferred only on real Daughters of the Revolution.

An Historical Club House.

There are a number of interesting stories and legends connected with the old colonial house in Bald Eagle twp. that is soon to be the home of the Clinton County club. One of the best happened during the time the "mansion" was occupied by Squire David Allen. That was before the formation of Clinton county. It is stated upon good authority that the dividing line between Lycoming and Centre counties ran directly through the centre of the parlor and when the wedding ceremony was performed Squire Allen stood in Lycoming county and his wife stood in Centre county.—Express.

Fined \$1300 For Fishing.

Some weeks ago Fish Warden Riley was detected by the members of the State Constabulary catching fish under the legal size. The fish, it is alleged, were sold to the chief of a local club. Riley was arraigned before Magistrate Pollock, who fined him \$10 each for the 130 fish. The defendant would not pay the fine and was sent to jail for 1300 days. He took an appeal from the Justice's decision. Judge Ferris had the appeal handed down today, in which he affirms the finding of Justice Pollock. Riley will now have to pay the big fine or remain in jail 1365 days.

SHORT TALKS BY L. T. COOPER, THE STOMACH.

My but peoples' stomachs do cause a lot of trouble. I offered to wager some doctors in St. Paul, Minn., that one half of all sickness is caused by the stomach. After I assured them that my medicine did nothing but put the stomach in shape and they had spent a day listening to what people who called on me had to say, they had to agree with me. They heard people come in and tell me that for years they had been near the grave with Bright's disease, or lung trouble, or kidney complaint and all manner of diseases and that the New Discovery had cured them. Of course these people were mistaken, it was nothing but their stombs. As a matter of fact when the stomach gives out most everything else is thrown out of order too.

C. H. POWELL

What a person feels tired and dull and despondent, is losing flesh and don't sleep well, has a poor memory, a bad taste in the mouth, a coated tongue, and other troubles he's liable to believe a lot of things are the matter with him. Nine chances to one it's his stomach. I've seen Cooper's New Discovery bring back health to too many people in just this shape to believe anything else. Here's a letter about it:

"I suffered for a long time without knowing just what was the matter with me. I seldom felt like eating. I lost greatly in weight. My digestion was extremely poor and when I did eat I invariably suffered afterward. I was constipated and frequently suffered from nerve racking, violent headaches. When I heard of what the Cooper remedies were doing for others I resolved to try them."

"Relief came with the first bottle. My appetite and digestion improved rapidly. I am no longer constipated nor do I have those dreadful headaches. I sleep well and am gaining flesh." C. H. Powell, 13 Harrison Addition, Duluth, Minn.
