Mrs. Fredericks returned on Friday, leaving Foster installed as a clerk in a large hardware store, whereas he, already, has his eye toward the top. Foster, while he is a fairly good penman, will no doubt make his mark some day. Aust Hoover, of Monongahela City, lost his pocketbook, recently, in that city, containing a small sum of money. It must have been found by John D. Rookachap, for Mr. Hoover found it a few days after and it contained two new crisp 5 dollar bills, more than he had in his when he lost it. "Gee," said Aust, "I'll send Charley Kurtz one of these instanters for subscription to the Centre Democrat."

Some of our boys played a cool trick on Joe Gill. They killed a groundhog over in Fisher's field and tied it on top of a stump, then sent Joe over to shoot it. After he fired three shots he went to investigate, and when he saw it was tied with a rope he smelled a good sized rat. Now he is thinking seriously of prosecuting the boys for damaging his reputation as a marksman, seeing he couldn't even kill a dead ground hog. Maggie Flick, the 11 year old daughter of Robert Flick who lives on the Campbell farm up the pike, fell off a load of hay and broke her arm. The fracture was reduced by Dr. Irwin and the girl is getting along as well as can be expected. ### NITTANY MOUNTAINS.

Mrs. Marry Lonesbarger lost a valuable cow recently. The cattle were fussing among themselves and in some way one of the cows broke its neck. People were sorry to hear of Ellis Horner's cow being killed, by lightning. It was a good cow, and is quite a loss to Mr. Horner, who has a family of small children. Wm. and Henry Knoefinger bought a boiler and engine from B. D. Brisbin and moved them to Robinson's stove job. They are putting in a saw mill to manufacture the oak timber into car and other bill stuff.

### CURTIN.

Children's day was observed in the church at Curtin, on Sunday evening, July 14th. The church was crowded to its utmost, standing room being at a premium. The children all did their parts nobly. Many thanks to the young ladies who assisted in training the children.

### A Good Requirement.

In Snyder county the line has been drawn pretty fine on teachers. At a meeting of the West Beaver township school board a resolution was passed requiring all teachers in that district to sign an agreement that they will abstain from the use of intoxicating liquors and tobacco and not loaf in or about hotels during the school term at least. The teachers signed the compact cheerfully, and the members of the board say they are going to enforce the rule rigidly. The penalty is the forfeiture of the right to teach in the district for the remainder of the term.

### For Clean Meals.

State Dairy and Food Commissioner Foust has laid down new rules under the new pure food law, especially relative to fish and meats, offered for sale in summer. All such food must be covered and protected from flies and insects by screens. Any meat or fish kept for sale in any other manner will be held to be a violation of the law. This will be the first time such requirements have been laid down for the sale of such provisions. The commissioner believes that it will do much towards preventing possible illness. A very proper thing surely.

### Building Wrecked.

The school directors of Lamar township, Clinton county, are confronted with the necessity of erecting a new school house as the direct result of the tornado that struck East Nittany valley Monday afternoon, 8. An examination of the brick school house in the east end shows that the building is a complete wreck. The roof is torn off and broken, the side walls crushed and the furniture so badly damaged that a new building and new school house furniture must be provided before the next term. The loss will be considerable to the school district.

Disagreeable people don't always live in the cross streets.

### COOKING HINTS BY EXPERIENCE.

Comparatively few housewives realize how great is the virtue of corn starch as a help in cooking and baking. Alice Cary Waterman and Janet M. Hill, the famous culinary experts, have made a special study of this phase of cookery, with results that are not only interesting but surprising. As it is well known, quality in corn starch is an all-important consideration, and the two cooks found Kingsford's Oswego Corn Starch to be the best for every purpose. For example, the use of this corn starch in bread results in a fine grain and delicious flavor, with a crust unusually tender. The experts found also that it greatly improves the consistency of soups, gravies and sauces, gives jellies a pleasing firmness for moulding, makes pastries more delicate, and so on through many helpful uses. With a view to giving housewives everywhere the full benefit of this investigation, the National Starch Company, successors to the old firm of T. Kingsford & Son, Oswego, N. Y., have embodied the results in book form, which they are now distributing gratuitously among applicants. This book is unique in every respect, containing not only a great many original recipes but a carefully arranged list of helpful cooking hints and suggestions. There is little wonder that the demand for the book is enormous, for every woman interested in good cooking wants a copy.

### Delightful Drama.

Soon to be rendered under the auspices of the Young Men's Christian Association. First night in the opera house; second in Petriklin Hall. The Coming of Ruth, the great dramatic song which the musical people of the town have been preparing for the Y. M. C. A., will be put on the Garman opera house stage next Thursday evening, July 18, and on the Petriklin Hall stage the next night, Friday July 19. This is said to be the finest musical drama that has been attempted in Bellefonte. The three leading ladies' parts are assigned to Miss Sallie Fitzgerald, as Ruth, Miss Mary Brown, as Orpha and Mrs. A. C. Farish as Naomi. The prophets Barak and Deborah will be represented by Clarence Garbick and Miss Lillian Walker, while Elimelech, Mahlon and Chilion will be sung by John Bullock, Arthur Harper and W. F. Dunning. Leah, the Moabitish Princess, and Tiriam, the child that was supposed to have died in the famine, will be played by Miss Margaret McFarland and Miss DeSales Walsh. The character about whom centers probably the most dramatic interest is Tamara, the Seer of Evil, will be sung by Miss Helen Bible, with characteristic fidelity and strength. Tickets for The Coming of Ruth are now on sale and reserved seat tickets for the presentation in the opera house may be obtained July 17th, at Parish's drug store. Those for the presentation in Petriklin Hall may be gotten at Sheffer's grocery store.

### The Vinegar Law.

Under this act the farmer can safely prepare and sell vinegar made from apple juice, always provided that neither water nor other foreign substances, drugs or acids, have been introduced. The law does not require any percentage of acetic acid in vinegar thus made. It does require the vinegar to be made solely from apple juice. If the foreign substances are excluded vinegar made in this way may be safely sold to the trade. This act was intended to protect the farmer in his right to make and sell vinegar. Acting under its provisions he may add considerable to his income in the course of the year. The merchant, too, making his purchases of vinegar from the farmers residing within his own county can be sure, if the barrels are properly labeled, that he is within the law in retailing such vinegar.

### Snyder county man Electrocutted.

Henry Shambach, aged 60 years, father of ten children, was electrocuted in an effort to save from fire the home of his neighbor in Monroe township. Broken insulation allowed the heavy current of the Middle Creek Electric Co. escape of a tree, which sparkled so fiercely that it threatened an adjacent dwelling. Ignorant of his danger, Shambach attempted to break off the limb which touched the cable and was instantly killed. For fifty minutes, until the current was turned off, his lifeless body sizzling and burning, emitted a shower of sparks. In attempting to release his father from the tree, James, the 11 year old son of Shambach, was felled to the ground unconscious.

### Windfall for Poor Watchmaker.

Harry Garman, the watchmaker at 136 Court street, Williamsport, has fallen heir to a tract of land in Tennessee, comprising 5,000 acres of valuable coal and timber land. Just what the actual value of the land is, Mr. Garman is unable to state, but it will reach into the thousands of dollars. For nearly five years attorneys at Sparta, Tenn., have been searching for the descendants of four pioneers, who, in 1823, obtained grants from the State for four tracts of land of 5,000 acres each on the Cummings plateau. The land was practically valueless, but of recent years the discovery of coal has enhanced its worth many times. Harry Garman is a cousin of the Garman boys in Bellefonte.

### A Clever Man.

W. S. Palmer, of Colorado Springs, Col., who was colonel of the Fifteenth Pennsylvania volunteers during the Civil war, has planned a most delightful outing for the survivors of his old regiment. It is his desire to have a reunion at his own home sometime during next August, and as he is a multi-millionaire, he is offering to pay all the traveling expenses of all who will attend. There are seven old soldiers in Centre county who were members of the Fifteenth, one of whom is Michael Musser, of State College, and they all have received personal letters from Col. Palmer urging them to arrange to make the trip and attend the reunion, which will include a sumptuous banquet.

### A Reflection.

After three years' investigation the council on medical education appointed by the American Medical Association has made a startling report. This is in effect, that America has far too many medical colleges, the number exceeding those of all the European powers combined; that the average of medical knowledge among American physicians is far below that of European doctors, and that one-half of the medical colleges of this country are unfit to teach medicine.

## GLOWING TRIBUTE TO "OLD CENTRE"

Continued from first page.

proportion to her population; and among them not a few, who by their heroism and bravery, became chieftains. Some of these worthies are with us to-day as "veterans." There is one, of whom we are all proud, whose name and fame are known to the civilized world, who will live in the memory of our posterity—a typical Centre county product—the patriot and statesman—the great War Governor of Pennsylvania, Andrew Gregg Curtin. I cannot say in detail of the many illustrious men of our native county. Their achievements are our inheritances, and their lives should be our inspiration, and their memories our sacred trust. There rises before me in memory, the Watsons, Irvins, Greggs, Potters, Curtins, Duncons, Wilsons, Barnsides, Rankins, McCallisters, Posters, Thompsons, Valentines, Petrikins, Allison, Houstons, Gillilands, Meyers, etc. The pioneer ministers of the gospel, Roosman, Schenck, Linn, Fisher, Reese, Gibson; the pioneer school teachers and school superintendents: the Toners, Hughes, Halahan, Magee and Wolf. I need not remind you that Centre county is the prolific mother of governors, and of eminent jurists: Hon. Wm. Kelley, late U. S. senator from Oregon, was a native of Centre county. And last, but not least, an artist of national reputation, born and reared in Centre county, Miss Winnie Ream. All these have left their footprints which can be seen and held dear forever. Their lives and deaths belong to the very substance of the county's history.

In this festive group before me, I recognize a few of the worthy sons and daughters of worthy fathers. Our venerable but lately president, Dr. Roland G. Curtin, still stands a strong pillar among us. Our genial friend and brother, Gen. B. Frank Fisher, who, while he may seem to lean heavily upon his friendly staff, is still hale and vigorous, his eye undimmed, his intellect as bright and his tongue as eloquent as ever. Rev. Haskinson still lives to speak the praises of Pottery Mills and Pennsylvania. Let us not retire from this occasion without a grateful sense of what we owe under God, to our dear old county—to her noble men and women, who in their day wrought righteousness, and in their humble way illustrated the gospel of peace and good will to men. Let us be loyal to our trust, noble in our resolves and lofty and clean in our achievements, as worthy sons and daughters of illustrious ancestors.

### Rev. Louis Robb Honored.

Rev. Louis Robb pastor of Trinity Reformed church, Wilkingsburg, was elected to what is considered one of the most important positions in the Reformed church of the United States, that of general superintendent of home missions. The election was made by the board of home missions called in special session to fill the vacancy caused by the death last April of Rev. Thomas M. Yundt. Rev. Dr. Robb will have his headquarters in Philadelphia. The election creates a vacancy in the Wilkingsburg pastorate. Rev. Robb is a native of Centre county, and well known here; the Centre Democrat congratulates him upon the above deserved promotion.

### A Big Contract.

The Baltimore and Ohio Railroad Company, Friday, awarded the contract for the construction of the sub-structure of the new double track bridge, across the Susquehanna river at Havre De Grace, Md., to the Eyre-Shoemaker Company of Philadelphia, and the work was started this week. The junior member of this firm is Thomas A. Shoemaker of Bellefonte, who will have personal supervision of the work. The contract for the superstructure of steel work was awarded about six weeks ago to the American Bridge Company. The bridge will be double tracked throughout, require about 45,000 cubic yards of masonry in the substructure and between 14,000 and 15,000 tons of steel work in the superstructure. It will be 7,900 feet in length—by far the largest bridge on the Baltimore and Ohio system—and will require about three years to build, at a cost of about \$2,000,000.

"Rube" Bressler, of Flemington, Clinton county, left last week for Sioux City, Iowa, where he has received a flattering offer to finish the base ball season at that place.

Children's night-dresses are often bawl gowns.
